

## The International Finance Facility for Immunisation

### Australian and New Zealand Medium-Term Note Programme

On 12 November 2010, International Finance Facility for Immunisation Company ("IFFIm" or the "Issuer") established an Australian and New Zealand Medium-Term Note Programme. This Offering Circular supersedes the previous Offering Circular dated 12 November 2010. Any Notes (as defined below) issued under the Programme (as defined below) on or after the date hereof are issued as described in, and subject to the terms and conditions set out in this Offering Circular. This does not affect any Notes already in issue.

Under the Australian and New Zealand Medium-Term Note Programme described in this Offering Circular (the "Programme"), IFFIm, subject to compliance with all relevant laws, regulations and directives, may from time to time issue debt securities denominated in either Australian dollars or New Zealand dollars (the "Notes"). There is no limit on the total aggregate principal amount of Notes which may be issued or outstanding at any time under the Programme. Notes will be issued on the terms and conditions set out in this Offering Circular, as modified and supplemented by the terms set out in the pricing supplement (each a "Pricing Supplement") in respect of a Series (as defined herein) of Notes published at the time of issue.

This Offering Circular comprises neither a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC (the "Prospectus Directive") nor a document for listing purposes under the EuroMTF market of the Luxembourg Stock Exchange, but does comprise a base prospectus solely for the purposes of the Luxembourg law of 10 July 2005 on prospectuses for securities (the "Luxembourg Prospectus Law") insofar as it applies to exempt issuers under Article 1(2)(b) and/or Article 1(2)(e) of the Prospectus Directive. Application has therefore been made to the Commission de Surveillance du Secteur Financier (the "CSSF") in its capacity as competent authority under the Luxembourg Prospectus Law, to provide a certificate of approval attesting that the simplified prospectus has been drawn up in accordance with Part III of the Luxembourg Prospectus Law for the purposes of offering the Notes issued under the Programme to the public in Luxembourg. The CSSF assumes no responsibility as to the economic and financial soundness of the transactions contemplated by this Offering Circular or the quality or solvency of IFFIm, in accordance with Article 7(7) of the Luxembourg Prospectus Law. Application has also been made to the Luxembourg Stock Exchange for the Notes issued under the Programme during the period of 12 months from the date of this Offering Circular to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the official list of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC). However, unlisted Notes may be issued pursuant to the Programme, and Notes may be listed on stock exchanges other than the Luxembourg Stock Exchange. The relevant Pricing Supplement in respect of the issue of any Notes will specify whether or not such Notes will be listed on the Luxembourg Stock Exchange and admitted to trading on the Luxembourg Stock Exchange's regulated market, will be listed on any other stock exchange or will be unlisted.

The Notes are unsecured senior notes which will rank equally with all other unsubordinated and unsecured indebtedness of the Issuer, including without limitation any such indebtedness issued under IFFIm's Global Debt Issuance Programme (as defined in the Conditions).

The Notes will be issued on a continuing basis to one or more of the Dealers listed below and any additional Dealer appointed under the Programme from time to time (each, a "Dealer" and together, the "Dealers").

Persons claiming interests or participations in a Note must do so in accordance with the rules of any clearing or other system for the holding of such interests or participations, or in accordance with law, and obtain the interests or participations in a Note provided by any such systems or by law. References in this Offering Circular to issues, sales, or transfers, including cognate expressions, of Notes, and related dealings in Notes, include issues, sales or transfers, and cognate expressions of interests or participations in Notes, and related dealings in such interests or participations.

Each tranche of Notes ("Tranche") for any series originally issued on or after the date of this Offering Circular will be represented by a Note in registered form constituted by a Deed Poll dated 12 November 2010 (the "Deed Poll") entered into by the Issuer. The Notes will take the form of entries on the register maintained by the applicable Registrar (as defined below) on behalf of the Issuer.

The Notes issued in Australian dollars will be held by Austraclear Limited ("Austraclear") in the Austraclear system ("Austraclear System"). The Notes issued in New Zealand dollars will be held in the New Zealand securities clearing and settlement system operated by the Reserve Bank of New Zealand ("NZClear System").

**Prospective investors should have regard to the factors described under the section headed "Risk Factors" in this Offering Circular.**

The Notes have not been recommended by the U.S. Securities and Exchange Commission or any other U.S. federal or state securities commission or regulatory authority nor have such authorities confirmed the accuracy or adequacy of this document. Any representation to the contrary is a criminal offence in the United States.

The Notes have not been and will not be registered under the United States Securities Act (the "Securities Act") and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

## THE INTERNATIONAL FINANCE FACILITY FOR IMMUNISATION

### Introduction

IFFIm is a multilateral development institution, established as a charity registered with the Charity Commission for England and Wales (the "UK Charity Commission"). IFFIm's primary purpose is to provide funding for the immunisation programmes and/or programmes of vaccine procurement of the GAVI Alliance (the "GAVI Alliance") in some of the poorest countries in the world by making grants to The GAVI Fund Affiliate ("The GAVI Fund Affiliate"), a charity registered with the UK Charity Commission.

The governments of nine nations — the Republic of France, the Republic of Italy, the Kingdom of Norway, the Republic of South Africa, the Kingdom of Spain, the Kingdom of Sweden, the United Kingdom, the State of the Netherlands and the Commonwealth of Australia — have committed to provide scheduled Grant Payments to The GAVI Fund Affiliate over up to 20 years. The GAVI Fund Affiliate has assigned the right to receive these Grant Payments to IFFIm in consideration for IFFIm's agreement to assess for approval programmes of immunisation and/or vaccine procurement presented to IFFIm by The GAVI Fund Affiliate, and to use its reasonable endeavours to raise funds for such programmes if approved. IFFIm will use the proceeds of the assigned grant payments for the purpose of, *inter alia*, repaying principal and paying interest on the Notes issued by IFFIm under the Programme.

Working with its target eligible countries, the GAVI Alliance will continue to identify and approve programmes of immunisation, related health system strengthening and/or vaccine procurement, some of which may be appropriate for funding by The GAVI Fund Affiliate. The GAVI Fund Affiliate will present such programmes to IFFIm, which, after consideration of such programmes' eligibility for IFFIm funding, including consideration of whether IFFIm has sufficient financial resources and consideration of the funding and liquidity policies of IFFIm, may issue Notes from time to time under the Programme and disburse the proceeds to The GAVI Fund Affiliate. IFFIm is also permitted by the Finance Framework Agreement, defined and described in greater detail below, and the other agreements to which IFFIm is a party, to raise funds pursuant to the issue of other debt instruments under other debt issuance programmes established or to be established by IFFIm from time to time (including IFFIm's Global Debt Issuance Programme) ("Other Debt Instruments") and/or pursuant to loan facilities made available under agreements concluded between it and Lenders from time to time. The Finance Framework Agreement contains certain restrictions on the borrowing of loans or the issue of Other Debt Instruments by IFFIm, including that the terms of any such loan or Other Debt Instruments should be confirmed by IFFIm's Treasury Manager as being in compliance with IFFIm's funding strategy.

The GAVI Fund Affiliate subsequently disburses the funds received by it from IFFIm in accordance with the terms of the Finance Framework Agreement, either directly or via an account administered by the GAVI Alliance, to support GAVI Alliance immunisation, related health system strengthening or vaccine procurement programmes which The GAVI Fund Affiliate has previously approved.

IFFIm is managed by a board of directors. IFFIm has outsourced its principal activities to two organisations: all administrative support functions are provided by the GAVI Alliance; and all treasury functions are provided by the International Bank for Reconstruction and Development, otherwise known as the World Bank, in its capacity as IFFIm's Treasury Manager.

### Background to the International Finance Facility for Immunisation

The Grantors (as described below) are committed to the achievement of the United Nations Millennium Development Goals ("MDGs") agreed at the UN General Assembly in 2000. At the International Conference on Financing for Development in Monterrey in 2002, a number of sovereign grantors committed to increase their Official Development Assistance ("ODA") and to explore mechanisms to raise additional resources for development. The Initial Grantors reaffirmed their commitment to contributing to meeting the Millennium Development Goals at the Millennium Review

Summit held in New York in September 2005 by increasing their ODA and implementing new financing mechanisms.

The fourth Millennium Development Goal (“MDG4”) is the reduction by two thirds of the mortality rate of children under five by 2015. Immunisation and related health system strengthening programmes serving children under five living in poor countries can greatly contribute to the achievement of MDG4. The GAVI Alliance has been working since 2000 to save children’s lives and protect people’s health through the widespread use of vaccines in poor countries. In 2004, the establishment of a new organisation, IFFIm, was proposed to bring forward resources to support and enhance the immunisation and/or vaccine procurement programmes of the GAVI Alliance through the leveraging of long-term sovereign grants. The GAVI Fund Affiliate, registered as a charity with the UK Charity Commission, is intended to be the principal recipient of funds raised in the international capital markets by IFFIm.

The Grantors have each entered into a Grant Agreement, pursuant to which they have committed to make Grant Payments to The GAVI Fund Affiliate according to an agreed schedule. The GAVI Fund Affiliate has, prior to the date of this Offering Circular, assigned all of its rights, title, benefit and interest in, to and under each such Grant Agreement, including the rights to receive each Grant Payment committed to be made thereunder, to IFFIm. Further grantors may enter into grant agreements from time to time.

The goal of IFFIm, based on the current Grant Payments, is to provide up to U.S.\$4 billion for programmes of immunisation and/or vaccine procurement from 2006 to 2015 (inclusive).

The World Health Organization has estimated that IFFIm’s resources for GAVI Alliance programmes could lead to the vaccination of more than 500 million people between 2006 and 2015, with the objective of preventing the deaths of 5 million children and 5 million adults via the usage of new and under-utilised vaccines, targeted immunisation campaigns and the strengthening of health and immunisation services in the GAVI Alliance’s target countries.

56 countries are currently eligible for support through GAVI Alliance programmes, and a further 16 graduating countries have a final opportunity to apply in 2011. IFFIm resources can be used to fund non-country specific programmes (as to which, see further below), and country-specific programmes in GAVI Alliance eligible countries that are also members of, and not in Protracted Arrears (as defined herein) to, the International Monetary Fund (“IMF”). There are two GAVI Alliance eligible countries that are not members of the IMF (Cuba and North Korea) and which will therefore not benefit from IFFIm funds. There are three GAVI Alliance eligible countries currently in Protracted Arrears (Somalia, Sudan and Zimbabwe), and for a discussion of the effects of such Protracted Arrears, see further below under “Grant Payment Conditionality”.

## **IFFIm**

IFFIm was incorporated as a private company limited by guarantee, without share capital, under the Companies Act 1985 (UK) (as amended from time to time, the “Companies Act”), on 26 June 2006 for an indefinite duration under the name of International Finance Facility for Immunisation Company. The GAVI Alliance is the sole member of IFFIm.

IFFIm is registered with the Registrar of Companies for England and Wales under registered number 5857343. IFFIm is also registered with the UK Charity Commission as a charity with registered number 1115413.

IFFIm’s registered office is 2 Lambs Passage, London EC1Y 8BB. IFFIm may be contacted on +41 22 909 6504. See further the section entitled “*IFFIm*” on page 78.

As at the date of this Offering Circular, IFFIm has a six member board of directors (who also constitute the charitable board of trustees). The directors and their principal activities outside IFFIm are:

- Alan R. Gillespie CBE, PhD (Chairman of the IFFIm board): Chairman of the United Kingdom's Economic and Social Research Council, former Chairman, Ulster Bank Group, Northern Ireland, a member of the Royal Bank of Scotland Group;
- Sean Carney: Executive Director, Finance and Operations, The Children's Investment Fund Foundation; and former Chief Operating Officer of HSBC Investment Banking, London;
- Didier Cherpitel: former Managing Director, JP Morgan (London and Paris) and former Secretary General and Chief Executive Officer, International Federation of Red Cross and Red Crescent Societies, Geneva;
- John Cummins: Group Treasurer, The Royal Bank of Scotland Group plc, Edinburgh, formerly Group Treasurer, Standard Life Assurance Company;
- Dayanath Jayasuriya: President's Counsel and Attorney-at-Law, Senior Partner of Legal Consultancy and Drafting Services, a firm specialising in media law and Visiting Professor of Law, University of the Free State, South Africa; and
- Arunma Oteh: Director-General of the Nigerian Securities & Exchange Commission, and former Vice-President, Corporate Management, African Development Bank Group, Tunis.

Pursuant to European Commission Directive 2007/18/EC, because IFFIm has a risk profile equivalent to the multilateral development banks enumerated in Annex VI, Part 1, point 20 of Directive 2006/48/EC, exposures to IFFIm shall be assigned a 0 per cent. risk weight by credit institutions in the European Union. Similarly, the Basel Committee on Banking Supervision has agreed that supervisory regulatory authorities may allow banks to apply a 0 per cent. risk weighting to their exposure to IFFIm as if it were a multilateral development bank. Prospective investors should seek advice in their particular jurisdiction to ascertain the position with respect to such risk weighting prior to making any investment decision.

## **Description of Other Parties**

### *Grantors*

The governments of the Republic of France (acting through its Agence Française de Développement and the Ministry of Economy, Industry and Employment under separate Grant Agreements), the Republic of Italy (acting through its Ministry of Economy and Finance), the Kingdom of Norway (acting through its Ministry of Foreign Affairs), the Republic of South Africa, the Kingdom of Spain (acting through its Ministry of Foreign Affairs), the Kingdom of Sweden, for the United Kingdom, Her Britannic Majesty's Secretary of State (acting through the Department for International Development), the State of the Netherlands (represented by the Minister for Development Cooperation) and the Commonwealth of Australia (represented by the Australian Agency for International Development) have each entered into Grant Agreements with The GAVI Fund Affiliate. Additional grantors may in the future accede to the Finance Framework Agreement and enter into grant agreements that will, once assigned to IFFIm, provide a further source of funds for IFFIm.

Any country which is not a Grantor, provided that it is acceptable to, *inter alios*, the existing Grantors, IFFIm and The GAVI Fund Affiliate, may upon, *inter alia*, (i) entering into a grant agreement on terms approved by the Treasury Manager acting reasonably, (ii) signing a form of accession letter and (iii) providing legal opinions and such documentary conditions precedent as IFFIm may require from it, become an Additional Grantor (acting, if applicable, through an appropriate ministry or government agency), vested with all the authority, rights, powers, duties and obligations under the Finance Framework Agreement as if originally named as an Initial Grantor.

### *The GAVI Alliance*

The GAVI Alliance is responsible for the operational activities related to the immunisation, health system strengthening and/or vaccine procurement programmes for which IFFIm provides funding. The GAVI Alliance was created in 2000 to respond to and combat declining immunisation

rates in developing countries. It was initially created as a non-judicial alliance of public and private sector organisations, institutions and governments, including the Bill & Melinda Gates Foundation, UNICEF, the World Bank, the World Health Organisation (“WHO”), developing country governments, grantor country governments, vaccine manufacturers, civil society organisations and research and technical health institutes. A secretariat based in Geneva, (the “GAVI Secretariat”), coordinates GAVI Alliance activities. During a joint meeting on 29-30 October 2008, the governing bodies of the GAVI Alliance, the GAVI Fund (a non-profit organisation based in the United States) and the GAVI Foundation (a Swiss foundation organised to assist in coordinating activities of the GAVI Alliance) agreed to reorganise the three entities, under the GAVI Alliance brand, using the GAVI Foundation’s legal platform. The GAVI Foundation has now been renamed the GAVI Alliance.

Following the establishment of the GAVI Alliance a novation and amendment of the Finance Framework Agreement (including the Procedures Memorandum) and the Master Definitions Agreement has taken place pursuant to the Deed of Novation. This effected amongst other things, (i) the transfer of the rights and responsibilities of the GAVI Fund thereunder to the GAVI Alliance; and (ii) an amendment to the process for approving IFFIm funded programmes (as described on page 22-23 below) to reflect the replacement in this process of the GAVI Fund by the GAVI Alliance.

The GAVI Alliance’s mission is to save children’s lives and protect people’s health by increasing access to immunisation in poor countries. Since 2000, the GAVI Alliance has committed more than US\$5.7 billion to more than 70 of the world’s poorest countries.

By the end of 2010, GAVI had directly supported the immunisation of a cumulative 288 million children in the world’s poorest countries. Some 267 million children have been immunised against hepatitis B; 91 million children have received Hib vaccine; 933,000 children have been immunised against rotavirus; 706,000 children have been immunised against pneumococcal; and 41.6 million are now protected against yellow fever through routine immunisation. The GAVI Alliance estimates that its work will help to prevent more than 5 million deaths in the future.

Since its creation, the GAVI Alliance has been financed directly by 15 governments: Australia, Canada, Denmark, France, Germany, Ireland, Luxembourg, Japan, the Netherlands, Norway, the Republic of Korea, Spain, Sweden, the United Kingdom and the United States, as well as by the European Commission, the Bill & Melinda Gates Foundation, His Highness Sheikh Mohamed bin Zayed Al Nahyan, La Caixa Foundation and by private corporations and foundations. In addition to direct funding and long-term commitments secured through IFFIm funds, the GAVI Alliance worked with the governments of Canada, Italy, Norway, Russia and the United Kingdom, together with the Bill & Melinda Gates Foundation, who on 12 June 2009 committed funds to an advanced market commitment for pneumococcal vaccine aimed at accelerating access to a new generation of pneumococcal vaccines for the world’s poorest countries.

#### *The GAVI Fund Affiliate*

The GAVI Fund Affiliate was incorporated as a private company limited by guarantee without share capital, under the Companies Act on 26 May 2006 for an indefinite duration. The GAVI Fund Affiliate is registered with the Registrar of Companies for England and Wales under registered number 5830438. The GAVI Fund Affiliate is also registered with the UK Charity Commission as a charity with registered number 1115297, and has its registered office at The Broadgate Tower, Third Floor, 20 Primrose Street, London EC2A 2RS. The sole member of The GAVI Fund Affiliate is the GAVI Alliance.

The GAVI Fund Affiliate has appointed a four member board of directors. The directors and their principal activity outside the company, are:

- Stephen M Zinser, Chief Investment Officer of European Credit Management Limited, London;
- Wayne Berson, Partner and National Director of Not-for-Profit Services at BDO Seidman LLP, Washington D.C. (also appointed to the board of the GAVI Alliance on 29 October 2008);

- Dr. André Prost, formerly Director of Government and Private Sector Relations at the World Health Organisation and having held prior positions at the World Health Organisation and the World Bank, Loisia, France.

#### *Treasury Manager*

The International Bank for Reconstruction and Development has been appointed to act as Treasury Manager of IFFIm. The duties of the Treasury Manager include, among others: assessing IFFIm's ability to finance any proposed immunisation and/or vaccine procurement programme presented for IFFIm's consideration by The GAVI Fund Affiliate; assessing on a periodic basis the funding required by IFFIm to meet its expected obligations in respect of programmes previously approved by it, as well as in respect of outstanding Notes and Other Debt Instruments; providing account administration services; recommending funding, risk management, investment management and liquidity policies for IFFIm and, upon approval of such policies, executing all of IFFIm's financial transactions contemplated thereunder; and advising IFFIm on all aspects of the issuance of Notes under the Programme and the issuance of Other Debt Instruments.

#### **Key Transaction Agreements and Structure Overview**

IFFIm, the Grantors, the GAVI Alliance, The GAVI Fund Affiliate and the Treasury Manager have entered into or become party to the Finance Framework Agreement to regulate their rights and obligations as between one another. The parties to the Finance Framework Agreement have also agreed therein to follow the procedures set out in the Procedures Memorandum when considering for approval GAVI Alliance immunisation and/or vaccine procurement programmes. IFFIm and the Treasury Manager have entered into the Treasury Management Agreement pursuant to which the Treasury Manager agrees to provide certain services to IFFIm. The overview of the structure which is set out in the remaining part of this section is based on, *inter alia*, the key terms of these documents and the Grant Agreements entered into prior to the date of this Offering Circular, which can be viewed in full by a prospective investor as described in "*General Information*" at paragraph 6, on page 106.

#### **The Grant Agreements**

Each Grantor has, prior to the date of this Offering Circular, entered into a Grant Agreement with The GAVI Fund Affiliate. Each Grantor has represented and warranted to IFFIm and the other parties to the Finance Framework Agreement that the Grant Agreement to which it is a party constitutes valid and binding obligations of such Grantor.

Pursuant to each Grant Agreement, the relevant Grantor agrees to make scheduled Grant Payments to The GAVI Fund Affiliate, pursuant to a schedule contained in the relevant Grant Agreement. Each Grant Agreement is substantively identical to the others (save for the quantum and timing of the scheduled Grant Payments and certain other limited exceptions, as summarised herein), and the key terms are summarised below in the section entitled "*Summary of Grant Agreements*" on page 81. Each Grant Agreement is governed by English law, save for the Grant Agreement entered into by the Kingdom of Spain, which is governed by Spanish law, the Grant Agreement entered into by the Republic of Italy, which is governed by Italian law and the Grant Agreement entered into by the State of the Netherlands which is governed by Dutch law.

Pursuant to the Finance Framework Agreement, The GAVI Fund Affiliate has confirmed that it has established a funding policy pursuant to which it will request IFFIm to accept an assignment of all Grant Agreements which have been entered into by The GAVI Fund Affiliate (including, for the avoidance of doubt, any Grant Agreements entered into with future additional Grantors after the date of this Offering Circular). If at any time The GAVI Fund Affiliate considers changing such funding policy, it is required to give as much notice as reasonably possible to IFFIm, the Treasury Manager and the Grantors that such a change is being considered by it and it is required to consult with the other parties to the Finance Framework Agreement in good faith prior to implementing any such change.

In consideration of IFFIm's agreement to assess immunisation and/or vaccine procurement programmes submitted to IFFIm for approval and, to the extent any such programmes are approved by IFFIm, to use all reasonable endeavours to fund such programmes in accordance with the Finance Framework Agreement, The GAVI Fund Affiliate has assigned to IFFIm all of its rights, title, benefit and interest in, to and under each Grant Agreement entered into by each Grantor prior to the date of this Offering Circular, including the right to receive each Grant Payment committed to thereunder, and IFFIm has agreed to perform all of The GAVI Fund Affiliate's obligations under such Grant Agreements. Therefore, each Grantor is obliged to make each such Grant Payment on its due date directly to IFFIm, subject to the Grant Payment Condition (as defined below).

In respect of any Grant Agreement entered into by The GAVI Fund Affiliate after the date of this Offering Circular with a new grantor, or any further Grant Agreement entered into by a Grantor, IFFIm has agreed that it will consider a written request by The GAVI Fund Affiliate to accept an assignment or transfer from The GAVI Fund Affiliate of all of its rights, title, benefit, interest and obligations in, to and under such Grant Agreement, including the rights to receive each Grant Payment thereunder.

IFFIm has selected a single operating currency, being U.S. dollars. IFFIm, on the advice of the Treasury Manager, has entered into appropriate hedging agreements to limit, *inter alia*, the future impact of changes in currency and interest rates on the value of each Grant Agreement and currency and interest rate risks in respect of Other Debt Instruments issued prior to the date of this Offering Circular. IFFIm may also, from time to time and on the advice of the Treasury Manager, enter into further hedging transactions to limit currency, interest rate and other risks, as applicable, in respect of, *inter alia*, Notes issued under the Programme, further issuances of Other Debt Instruments, any other liabilities it incurs or any additional Grant Payments to be received by IFFIm under Grant Agreements assigned to it by The GAVI Fund Affiliate after the date of this Offering Circular.

The Treasury Manager currently serves as IFFIm's sole hedging counterparty. Under the Treasury Management Agreement between IFFIm and the Treasury Manager, IFFIm may request the Treasury Manager to negotiate hedging agreements between IFFIm and hedging counterparties other than the Treasury Manager. Any such additional counterparties must be financial institutions which are approved by the Treasury Manager.

IFFIm also has established liquidity and investment policies based on recommendations made by the Treasury Manager. Under the liquidity policy, it will maintain a prudential minimum level of liquidity equivalent to its contracted debt service payments for the next twelve month period. Under the investment policy, IFFIm's liquidity will be invested in high-grade fixed-income instruments with interest rates matching those of the liabilities funding the portfolio, except where the board of directors of IFFIm permits an interest rate duration mismatch between such liquidity and liabilities.

### Grant Payment Conditionality

IFFIm has established a Reference Portfolio (as set out below) containing all of the GAVI Alliance eligible countries that are also members of the IMF. All countries are accorded a Country

Weighting of 1 per cent. except for Vietnam, which has a Country Weighting of 3 per cent., and Bangladesh, Congo DR, Ethiopia, India, Indonesia, Nigeria and Pakistan, which each have a Country Weighting of 5 per cent. These countries have been accorded a larger Country Weighting in the Reference Portfolio to reflect the expected larger value of programmes funded by IFFIm in those countries. The Country Weighting of each country in the Reference Portfolio may be used from time to time, as described below, to determine a reduction in the amount of Grant Payments due from the Grantors.

Under the terms of the Grant Agreements, a Grant Payment due from each Grantor will be reduced if, on or prior to the date which is 25 IBRD Business Days prior to the due date for such Grant Payment, the IMF has declared that any Specified Country in the Reference Portfolio is in Protracted Arrears in meeting any of its IMF Financial Obligations. In such circumstances, the Grant Payment Amount then due from the Grantors will be reduced by the Reduction Amount determined by the Treasury Manager according to the following formula:

$$A = B \times C$$

Where:

A is the Reduction Amount in respect of the Specified Country;

B is the Grant Payment Amount due and payable on the relevant date (ignoring any applicable Reduction Amount or Reduction Amounts); and

C is the Country Weighting applicable to the Specified Country in the Reference Portfolio set out below:

Specified Country	Country Weighting	Total Share
Afghanistan, Angola, Armenia, Azerbaijan, Benin, Bhutan, Bolivia, Burkina Faso, Burundi, Cambodia, Cameroon, Central African Republic, Chad, Comoros, Congo, Republic of Côte d'Ivoire, Djibouti, Eritrea, The Gambia, Georgia, Ghana, Guinea, Guinea-Bissau, Guyana, Haiti, Honduras, Kenya, Kiribati, Kyrgyzstan, Lao PDR, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Moldova, Mongolia, Mozambique, Myanmar, Nepal, Nicaragua, Niger, Papua New Guinea, Rwanda, São Tomé & Príncipe, Senegal, Sierra Leone, Solomon Islands, Somalia, Sri Lanka, Sudan, Tajikistan, Tanzania, Timor-Leste, Togo, Uganda, Ukraine, Uzbekistan, Yemen Republic, Zambia, Zimbabwe	1%	62%
Vietnam	3%	3%
Bangladesh, Congo DR, Ethiopia, India, Indonesia, Nigeria, Pakistan	5%	35%
Total		<u>100%</u>

The Reference Portfolio will remain static throughout the life of the Programme. However, in the event of any secession from or consolidation of a Specified Country, and provided that any successor states are also members of the IMF, the Reference Portfolio and the Country Weightings will be adjusted accordingly.

If a Specified Country which has been in Protracted Arrears is subsequently no longer in Protracted Arrears, Grant Payments falling due after the date which is 25 IBRD Business Days after the date upon which the Specified Country ceases to be in Protracted Arrears shall not be so reduced by the Reduction Amount with respect to that Specified Country.

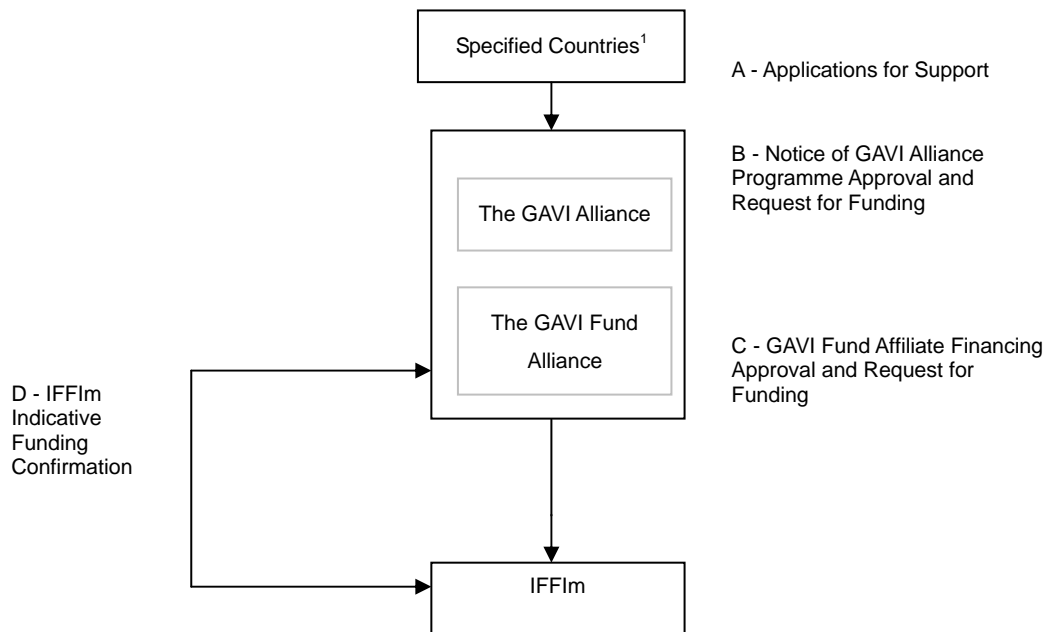

If one or more Specified Countries falls into Protracted Arrears and the Grant Payments are subsequently reduced, the funds available to IFFIm for the purposes of repaying principal and paying interest on the Notes will be reduced. In order to mitigate the impact of one or more Specified Countries falling into Protracted Arrears on IFFIm's ability to meet its obligations under the Notes, IFFIm maintains the IFFIm Gearing Ratio Limit. The Treasury Manager, on behalf of IFFIm, is obliged to monitor compliance with this limit and to ensure that additional programmes are not approved by IFFIm for funding which would, in the determination of the Treasury Manager, lead to it being breached.

Prospective investors should note that, as at the date of this Offering Circular, the following Specified Countries are in Protracted Arrears: Somalia, Sudan and Zimbabwe. Should some or all of them remain in Protracted Arrears as at the Relevant Date for any Grant Payment, then the amount of such Grant Payment will be reduced in the manner described above.

### **The Activities of IFFIm — Part 1. Programme Approval Procedure**

From time to time, IFFIm receives requests from The GAVI Fund Affiliate to approve funding for immunisation and/or vaccine procurement programmes, for the benefit of any of the 70 Specified Countries included in the Reference Portfolio. IFFIm, having considered, *inter alia*, whether such funding would meet its charitable objectives and would not contravene its Memorandum and Articles of Association, and whether such funding would meet certain financial parameters, may approve such programmes. The programmes are originated as follows:

## The Programme Approval Procedure

Note:

(1) The GAVI Alliance may also propose programmes which are non-country specific.

### A Applications for Support

Applications for financial support for immunisation, related health system strengthening and vaccine procurement programmes are made by Specified Countries. Such applications are made using a standard GAVI Alliance proposal form, and are to be accompanied by required supporting documents.

There are also certain programmes considered by the GAVI Alliance which do not relate to a specific country. These may, for example, be programmes to create emergency stockpiles of vaccines or for campaigns against disease outbreaks threatening multiple countries.

### B Notice of GAVI Alliance Programme Approval and Request for Funding

All applications are screened by the GAVI Alliance for basic completeness and eligibility for support, and then reviewed by representatives of the World Health Organization and by an Independent Review Committee ("IRC"), made up of experts in the field of vaccines and immunisation. The IRC may recommend to the GAVI Alliance that a particular application be approved, conditionally or unconditionally, or rejected. The GAVI Alliance then considers each application in the light of the IRC's recommendation and report, and considers whether to issue an approval and request for funding.

Though focused generally on supporting country-specific programmes (including the strengthening of health system services), the GAVI Alliance also provides support on the basis of Non-Country Specific Applications in order to address immunisation objectives and needs which cannot be met through the country-specific support process. Non-country specific programmes may also be able to benefit from funding by IFFIm. Examples include the increase of vaccine security and affordability in multiple countries by means of emergency stockpiles and other collective purchase mechanisms, provision of technical assistance to facilitate rapid scale-up of immunisation services in multiple countries and expanded use of safe and cost-effective vaccines (such as, for example, in relation to mass immunisation campaigns for measles mortality reduction in African countries).

Non-Country Specific Applications may be solicited or commissioned by the GAVI Alliance. In the past such applications have been prepared and submitted to the GAVI Alliance by international, national and regional organisations, non-governmental organisations, research institutions, foundations, and national agencies, as well as by consortiums of such entities.

Non-Country Specific Applications are normally evaluated by an ad-hoc group constituted by the GAVI Alliance, or by an IRC. The GAVI Alliance decides whether to approve each such application on the basis of the report presented by the evaluation group or IRC, and its consideration as to whether the project is substantially likely to advance the objectives of the GAVI Alliance.

The GAVI Alliance then reviews its internal comprehensive resource and cash management plan to determine whether the proposed budgeted amount fits within the GAVI Alliance budgetary constraints, and whether the GAVI Alliance may request funding, via The GAVI Fund Affiliate, from IFFIm Disbursements (considering the relative financial efficiencies of funding from IFFIm Disbursements, as against other sources of funding available to the GAVI Alliance).

Thereafter, if the GAVI Alliance decides to make a request to The GAVI Fund Affiliate for funding through disbursements from IFFIm for the relevant programme, after ensuring that the programme is consistent with the provisions of its statutes and with its status as a non-profit foundation in Switzerland, it issues to The GAVI Fund Affiliate a request for funding (which is in the form of a Notice of GAVI Alliance Programme Approval and Request for Funding, being a standard form document appended to the Procedures Memorandum).

**C GAVI Fund Affiliate Financing Approval and Request for Funding**

The GAVI Fund Affiliate considers each Notice of GAVI Alliance Programme Approval and Request for Funding presented to it in light of, *inter alia*, its charitable status, the provisions of its Memorandum and Articles of Association, and its funding policy. If it decides to approve a Notice of GAVI Alliance Programme Approval and Request for Funding, it issues to IFFIm a request for funding (which is in the form of a GAVI Fund Affiliate Financing Approval and Request for Funding, being a standard form document appended to the Procedures Memorandum).

**D IFFIm Indicative Funding Confirmation**

IFFIm considers each GAVI Fund Affiliate Financing Approval and Request for Funding presented to it in light of, *inter alia*, its charitable status and the provisions of its Memorandum and Articles of Association. It also considers, in consultation with the Treasury Manager, various parameters upon its borrowing, including the maximum cumulative amount of programmes which it may agree to approve for funding in any one financial year, as set out in the Finance Framework Agreement, its funding strategy, its liquidity policy, its risk management policy and the IFFIm Gearing Ratio Limit.

If IFFIm decides to approve a GAVI Fund Affiliate Financing Approval and Request for Funding, it issues an IFFIm Indicative Funding Confirmation (being a standard form document appended to the Procedures Memorandum), and the programme so approved will become, and be known as, an Approved Programme.

IFFIm is subject to a limit on the value of programmes which may become Approved Programmes in any one year under the Finance Framework Agreement. The maximum cumulative value of proposed programmes which, subject to, *inter alia*, the application of the IFFIm Gearing Ratio Limit, IFFIm's funding strategy, liquidity and risk management policies, may be approved such that they become Approved Programmes during any calendar year (being the IFFIm Programme Capacity for the relevant year, or (in the case of 2006-2007) period, from 2006 to 2015 (inclusive)) is as follows:

Calendar year/period	Maximum amount of new Approved Programmes (U.S.\$)	Cumulative maximum amount of Approved Programmes (U.S.\$)
2006-2007	1,050 million	1,050 million

2008	500 million	1,550 million
2009	450 million	2,000 million
2010	425 million	2,425 million

2013	325 million	3,500 million
2014	300 million	3,800 million
2015	200 million	4,000 million

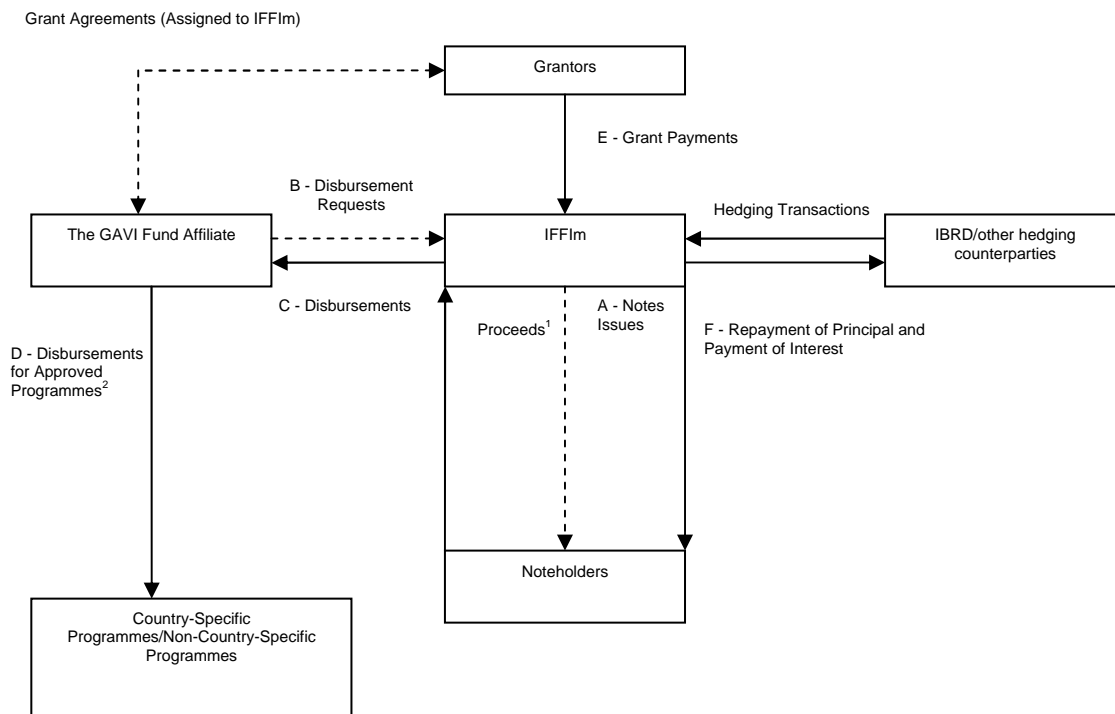

If the cumulative value of Approved Programmes approved in any calendar year, or (in the case of 2006-2007) period, is below the maximum amount, the difference will be added to the capacity for the subsequent calendar year.

A further schedule may be established between, *inter alios*, IFFIm, the Treasury Manager and the Grantors for the years following 2015, by no later than 1 January 2016. If the relevant parties agree, it is intended that the first such schedule will address IFFIm Programme Capacity for the years 2016 to 2025, and a further schedule may be agreed thereafter, if required.

Prospective investors should also note that IFFIm, under the Finance Framework Agreement, is not permitted to approve any programme for funding unless it is rated “AAA” or the equivalent highest rating category by at least two of Fitch Ratings Limited, Moody’s Investors Service, Inc. and Standard & Poor’s Rating Services, a division of The McGraw-Hill Companies, Inc.

The diagram below illustrates, *inter alia*, the cashflow between IFFIm, the Grantors and the other main parties.

### The Activities of IFFIm — Part 2. Programme Funding

Notes:

- (1) Proceeds flow to the IFFIm Account held with, and maintained by, the Treasury Manager.
- (2) In certain cases, funds may be disbursed by The GAVI Fund Affiliate to an account administered by the GAVI Alliance, which will in turn make the distribution to the relevant Approved Programme.

#### A *Issuance of Notes under the Programme*

Prior to the first day of each Relevant Funding Period, the Treasury Manager assesses, on behalf of IFFIm, the aggregate of IFFIm's payment obligations during the forthcoming Relevant Funding Period, being the IFFIm Financial Requirements for such period. These include, *inter alia*, IFFIm's obligations to fund disbursements under Approved Programmes, to make repayments of principal and payments of interest on outstanding Notes under the Programme, to make payments due in respect of or in connection with any Derivatives Transactions entered into by it, and to meet fees and pay applicable expenses.

The Treasury Manager also assesses the aggregate of all funds available to IFFIm prior to the first day of each such Relevant Funding Period, including, *inter alia*, funds held in its bank accounts, any payments due to it in respect of IFFIm's liquid asset investments (if any), and the amounts due to be paid to it by Grantors under the Grant Agreements in the Relevant Funding Period, together being the IFFIm Aggregate Available Funds.

The amount of funding required by IFFIm for each Relevant Funding Period is therefore the amount by which the IFFIm Financial Requirements exceed the IFFIm Aggregate Available Funds, being the IFFIm Required Funding.

In making the assessment of the IFFIm Required Funding for a Relevant Funding Period, the Treasury Manager also calculates whether the raising of funds to meet the IFFIm Required Funding would cause IFFIm to breach the IFFIm Gearing Ratio Limit, or act in a manner inconsistent with the funding and other strategies of IFFIm, in which case it holds over any Disbursement Requests from The GAVI Fund Affiliate until such time as the funding of such Approved Programmes would not lead to a breach of the IFFIm Gearing Ratio Limit or an inconsistency with such strategies.

Following the assessments by the Treasury Manager described above, the Treasury Manager effects the issuance of Notes under the Programme or the issuance of Other Debt Instruments or borrows funds under Loans as necessary to meet the IFFIm Required Funding, or the IFFIm Required Funding as reduced by the amount necessary to account for any Disbursement Requests held over as described above, for such Relevant Funding Period. The proceeds of each issuance are held in the IFFIm Account maintained with IBRD pursuant to the Treasury Management Agreement pending payment pursuant to a Disbursement Request from The GAVI Fund Affiliate (subject to such proceeds being able to be used by IFFIm in the interim, *inter alia*, to meet principal and interest payment obligations under the Notes, any Other Debt Instruments and any Loans, to meet payments due in respect of Derivative Transactions, and to meet expenses and pay applicable fees).

Based on the current Grant Payments, it is expected that IFFIm may raise up to U.S.\$4 billion (net of refinancing of Notes, Other Debt Instruments or Loans) over the period from 2006 until 2015 (inclusive). The annual funding volume, choice of instrument and method of offering will vary depending on the need for funds for Approved Programmes in Specified Countries.

IFFIm and its Treasury Manager intend to seek the best overall value for IFFIm and the Grant Payments on a sustained basis, and to ensure reliable and predictable funding to countries for immunisation and/or vaccine procurement programmes. To achieve this, IFFIm will issue Notes to institutional investors through financial intermediaries, and will carry out a variety of transactions ranging from larger, more liquid issues of Notes with broad placement, to smaller Note issues targeted to specific investor groups.

### *B/C Disbursement Requests and Disbursement to The GAVI Fund Affiliate*

From time to time, when The GAVI Fund Affiliate requires a payment in respect of an Approved Programme (see above), it submits to IFFIm a Disbursement Request, containing details, *inter alia*, of the amount requested for disbursement and the Approved Programme to which it relates.

During any Relevant Funding Period, provided that the Treasury Manager is satisfied that funds held in the IFFIm Account and other financial resources of IFFIm will be sufficient to meet the aggregate anticipated requirements of IFFIm during such Relevant Funding Period, the Treasury Manager (on behalf of IFFIm), subject to the provisions of the Finance Framework Agreement, promptly transfers from the IFFIm Account to the GAVI Fund Affiliate Account amounts necessary to meet (i) any Disbursement Request submitted with respect to any previous Relevant Funding Period that has not previously been satisfied in full and thereafter (ii) any Disbursement Request submitted by The GAVI Fund Affiliate to IFFIm on or before the last business day of the preceding Relevant Funding Period.

### *D Disbursements to Approved Programmes*

The GAVI Fund Affiliate arranges for the Account Bank to make the necessary disbursements for the relevant Approved Programmes in accordance with the terms of the Finance Framework Agreement as soon as reasonably practicable after receipt of relevant funds into the GAVI Fund Affiliate Account. In certain cases, funds may be disbursed by The GAVI Fund Affiliate to an account administered by the GAVI Alliance, which in turn makes the distribution to the relevant Approved Programme.

### *E/F Payment of Principal and Interest on the Notes*

IFFIm applies the proceeds of the Grant Payments received by it from the Grantors under the Grant Agreements assigned to it, *inter alia*, to make repayments of principal and payments of interest on any outstanding Notes issued by it under the Programme.

### *Programme Monitoring*

GAVI Alliance financial support for Approved Programmes is given subject to strict performance monitoring by the GAVI Alliance that is designed to track the progress achieved in the previous year, to declare planned targets for the following year and to verify the sustainability of existing financing sources. IFFIm is under no obligation to monitor Approved Programmes.

## **The Activities of IFFIm — Part 3. Miscellaneous**

### *Restrictions*

Investors should note that the Finance Framework Agreement contains certain covenants of IFFIm, and of The GAVI Fund Affiliate, which restrict their activities. IFFIm and The GAVI Fund Affiliate each agree, *inter alia*, to use all reasonable endeavours to maintain their status as a registered charity, to maintain their residence and management in the United Kingdom, not to engage in other business beyond that contemplated in the Finance Framework Agreement, Procedures Memorandum and related documents, not to incur indebtedness for borrowed money other than as permitted under such agreements, not to have any subsidiaries, not to own or acquire any real property and not to transfer, assign or otherwise dispose of in any manner whatsoever (whether absolutely or by way of security) any of its rights, title, benefit or interest assigned to it under the Deeds of Assignment, or create any mortgage, charge or other security or right of recourse in respect thereof, save to the extent permitted in accordance with the relevant Grant Agreement.

### *Relevant Events and Suspension of Operations*

The Finance Framework Agreement contains provisions permitting the Majority Grantors to oblige IFFIm to suspend, temporarily or permanently, the disbursement of funds to The GAVI Fund Affiliate in certain circumstances, each known as a Relevant Event. These include (but are not limited to) either IFFIm or The GAVI Fund Affiliate ceasing to be a registered charity under the laws of England and Wales, the insolvency of either company, and the GAVI Alliance's strategic goals for the

advancement of immunisation not being met in a materially adverse way, as such goals are set out in the Procedures Memorandum.

During a temporary suspension of operations at the request of the Majority Grantors, no funds may be disbursed by IFFIm to The GAVI Fund Affiliate in respect of any Approved Programmes if the Majority Grantors have notified IFFIm and the Treasury Manager that disbursements to such Approved Programme are to be suspended pending remedy of the applicable Relevant Event. However, during any temporary suspension of operations, IFFIm will continue to make disbursements as necessary to service payments of principal and interest on the Notes, Other Debt Instruments and any Loans, make payments due in respect of Derivatives Transactions, and meet expenses and pay fees. A period of up to 60 days is permitted for the parties to use all reasonable endeavours to remedy a Relevant Event which has resulted in a temporary suspension of operations.

Following the elapse of such a period, and if the Relevant Event cannot be remedied to the satisfaction of the Majority Grantors, then they may decide to permanently suspend IFFIm's operations. In that event, IFFIm shall (save as permitted in the Finance Framework Agreement) suspend permanently its operations in respect of disbursements from its bank account, and forthwith cease all activities, except those incidental to the orderly realisation, conservation, and preservation of its assets and settlement of its obligations. As a result, no new GAVI Alliance programmes will then be approved to become Approved Programmes and IFFIm will cease disbursements to The GAVI Fund Affiliate in respect of Approved Programmes.

A temporary or permanent suspension of operations does not change, reduce, suspend or alter in any way the Grantors' obligations to make the scheduled payments under their Grant Agreements, which must continue until such time as the Treasury Manager has notified the Grantors that all outstanding Notes, and any other debts owed by IFFIm, have been met in full. Following a notice of permanent suspension, IFFIm may not issue any further Notes or Other Debt Instruments or borrow further Loans, except as necessary to refinance Notes or Other Debt Instruments and Loans that mature or are otherwise redeemed.

Once IFFIm and the Treasury Manager are satisfied that all creditors of IFFIm (including holders of Notes) have been fully discharged, any funds remaining to the credit of the IFFIm Account shall be applied, following consultation, towards the charitable purposes of IFFIm in accordance with the provisions of IFFIm's Memorandum and Articles of Association and provisions of applicable law.

Any of the Grantors may notify the other parties to the Finance Framework Agreement that:

- (a) (i) it has become, or (ii) it is likely to become, required to make additional payments in accordance with the terms of a Grant Agreement in order to ensure that Grant Payments are made without deduction or withholding on account of tax in that Grantor's jurisdiction or to meet an indemnity obligation in respect of tax; or
- (b) any unanticipated liability to taxation (i) has arisen, or (ii) is likely to arise, under any applicable jurisdiction in relation to the activities of The GAVI Fund Affiliate or IFFIm; or
- (c) a material adverse change in the national or international accounting or regulatory treatment of such Grantor's commitments under a Grant Agreement (i) has occurred or (ii) is likely to occur.

If any such notification is given, the parties to the Finance Framework Agreement shall enter into negotiations in good faith with a view to agreeing a restructuring of the transactions described in the Transaction Documents and any amendments to the Transaction Documents which are necessary as a result of such restructuring, provided that no such restructuring shall take effect (A) unless and until each of the Applicable Rating Agencies has confirmed in writing that the rating of IFFIm's outstanding Notes, Other Debt Instruments and/or Loans will not be adversely affected by such amendments or (B) if in the reasonable opinion of the Treasury Manager, such restructuring would (i) impair IFFIm's ability to meet its anticipated disbursements and debt service requirements in respect of Notes, Other Debt Instruments and Loans outstanding at the time of that Grantor's request or to meet

its other commitments, expenses, liabilities or other requirements of the type specified in the Finance Framework Agreement; or (ii) materially impair the overall financial efficiency of IFFIm.

If, however, the parties are unable to agree amendments to the Transaction Documents, then the Majority Grantors may determine that a permanent suspension of operations of IFFIm should occur, notwithstanding that no Relevant Event has occurred.

If such notification is a notification referred to in (a)(i), (b)(i) or (c)(i) above then, notwithstanding that no Relevant Event has occurred, the Majority Grantors may temporarily suspend the operations of IFFIm prior to entering into any such negotiations, on the basis that such temporary suspension shall begin on the date of such notification by the Majority Grantors to each of the other parties hereto and shall end on (and include) the date on which either (i) a permanent suspension of operations has occurred or (ii) the restructuring and amendments referred to shall have come into effect.

Unless otherwise specified in the Pricing Supplement, the Australian Notes are transferable in integral multiples of A\$1,000 subject, in respect of offers or invitations received in Australia, to a minimum aggregate amount payable of A\$500,000 (disregarding amounts, if any, lent by the Issuer or other person offering the Notes or its associates (within the meaning of those expressions in Part 6D.2 of the Corporations Act)) unless the offer or invitation is such that by virtue of s708 of the Corporations Act no disclosure is required to be made under Part 6D.2 of that Act.

Unless otherwise specified in the Pricing Supplement, the New Zealand Notes are transferable in integral multiples of NZ\$1,000, subject, in respect of offers in New Zealand, (i) to a minimum amount payable by the relevant purchaser of NZ\$500,000 (disregarding any amount lent by the offeror, the Issuer or any associated person of the offeror or the Issuer) unless (ii) such New Zealand Notes are issued to persons whose principal business is the investment of money or who in the course of and for the purposes of their business, habitually invest money within the meaning of section 3(2)(a)(ii) of the Securities Act 1978 or (iii) to any other persons in circumstances where there is no contravention of the Securities Act 1978 provided that Notes shall not be offered or sold to any "eligible person" (as defined in section 5(2CC) of the Securities Act 1978) unless that person also satisfies the criteria in limbs (i) or (ii) above.

**Payments:**

On the Maturity Date of the Notes, any Interest Payment Date or any other date on which payments are due, payments will be made to the persons whose names are entered in the applicable Register (the "Noteholders").

While the Australian Notes are lodged in the Austraclear System, Austraclear Limited (ACN 002 060 773) will be the Noteholder and will, in turn, make payments and arrange transfer to relevant account holders in accordance with the Regulations.

The New Zealand Notes will be cleared and settled through the NZClear System. The New Zealand Notes will be maintained and will only be available for holding and transfer through the NZClear System unless otherwise stated in the relevant Pricing Supplement. All interests in the New Zealand Notes will be recorded in the New Zealand Register maintained by the New Zealand Registrar and, subject to the next paragraph, payments of interest and principal will be made to the person in whose name the relevant New Zealand Note is registered at the close of business on the Record Date for the relevant payment, whether or not such Record Date is a Business Day.

Principal and interest payments on New Zealand Notes lodged in the NZClear System will be made on behalf of the Issuer to NZClear or its nominee in whose name the New Zealand Notes are registered (which is New Zealand Central Securities Depository Limited (NZCSD) at the date of this Offering Circular). Each of the persons shown in the records of the NZClear System as the beneficial holder of a particular nominal amount of New Zealand Notes so lodged must look solely to NZClear for that person's share of each payment so made by the Issuer to NZClear or its nominee. In the case of interests in New Zealand Notes held in Euroclear or Clearstream via NZClear subcustodians, NZClear will distribute the payment received to the applicable clearing system.

**Redemption:**

The relevant Pricing Supplement will specify the basis for calculating the redemption amounts payable. Unless permitted by then applicable laws and regulations, Notes which have a maturity of less than one year must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

Unless previously redeemed or purchased and cancelled by the Issuer, each Note will be redeemed on its Maturity Date specified in the relevant Pricing Supplement at its Final Redemption Amount (which, unless otherwise specified in the relevant Pricing Supplement, is its nominal amount).

Notes traded on the Austraclear System or the NZClear System will be redeemed at maturity in a manner consistent with the Austraclear Regulations or the NZClear Regulations, as the case may be.

<b>Redemption by Instalments:</b>	The Pricing Supplement issued in respect of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.
<b>Other Notes:</b>	Terms applicable to high interest Notes, low interest Notes, step-up Notes, step-down Notes, reverse dual currency Notes, optional dual currency Notes, partly paid Notes and any other type of Note that IFFIm and any Dealer or Dealers may agree to issue under the Programme will be set out in the relevant Pricing Supplement and, if necessary, IFFIm will publish a replacement Offering Circular for use in connection with such Notes.
<b>Optional Redemption:</b>	The Pricing Supplement issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of IFFIm (either in whole or in part) and/or the holders, and if so the terms applicable to such redemption. See Condition 7.
<b>Status of Notes:</b>	The Notes will constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 4) unsecured obligations of IFFIm all as described in “ <i>Terms and Conditions of the Notes — Status of the Notes</i> ” and will at all times rank at least equally with IFFIm’s payment obligations with respect to all other unsecured and unsubordinated Indebtedness for Borrowed Money of IFFIm (other than amounts mandatorily preferred by law).
<b>Negative Pledge:</b>	The terms of the Notes will contain a negative pledge, as further described in Condition 4.
<b>Default (including Cross Default):</b>	The terms of the Notes will contain a cross-default provision in respect of bonds, notes or similar obligations, including all loan facilities, issued, assumed or guaranteed by IFFIm.  If IFFIm defaults on payments under the Notes and such default continues for 90 days, or under the cross-default provision set out in Condition 11(b), or the IFFIm Gearing Ratio exceeds 100 per cent. for 150 consecutive days, payment on the Notes may be accelerated after notice of such default is delivered to IFFIm if such default is continuing 30 days after delivery of such notice. See “ <i>Terms and Conditions of the Notes — Events of Default</i> ”.
<b>Early Redemption:</b>	Save as described under “Optional Redemption” above, Notes will be redeemable at the option of IFFIm prior to maturity only for tax reasons. See “ <i>Terms and Conditions of the Notes — Redemption, Purchase and Options</i> ”.
<b>UK Withholding Tax:</b>	All payments of principal and interest in respect of the Notes will be made free and clear of withholding taxes of the United Kingdom, subject to certain exceptions, all as described in “ <i>Terms and Conditions of the Notes — Taxation</i> ”.

<b>Australian Withholding Tax:</b>	So long as the Issuer continues to be a non-resident of Australia and the Notes issued by it are not attributable to a permanent establishment of the Issuer in Australia, payments of principal and interest made under the Notes issued by it will not be subject to Australian interest withholding tax. See "Taxation – AUSTRALIAN TAXATION".
<b>New Zealand Withholding Tax:</b>	<p>The New Zealand withholding tax consequences of acquiring and holding New Zealand Notes will depend on whether the holder is a person who is a "New Zealand resident" or a "non-New Zealand resident", and are summarised under "Taxation – NEW ZEALAND TAXATION".</p> <p>To the extent that a beneficial interest in a New Zealand Note is held by a non-New Zealand resident, payments of principal or interest on that Note by the Issuer should not be subject to New Zealand withholding tax provided the interest does not have a New Zealand source. The interest should not have a New Zealand source if the initial subscription proceeds are made available to the Issuer outside New Zealand, all relevant issue documentation is executed outside New Zealand and the Issuer does not use the issue proceeds for the purposes of a business carried on by the Issuer in New Zealand through a fixed establishment (branch) of the Issuer in New Zealand.</p>
<b>Australian Taxes (including Tax File Number or Australian Business Number):</b>	<p>So long as the Issuer continues to be a non-resident of Australia and does not carry on a business at or through a permanent establishment in Australia, the Tax File Number and Australian Business Number quotation requirements should not apply in connection with the Notes.</p> <p>The Australian income tax consequences of acquiring, holding, and disposing of the Notes will depend on whether or not the holder is a resident of Australia, and whether it holds the Notes as part of a business carried on by it through an office located in, or outside of, Australia. The Australian tax consequences for holders of Notes in different circumstances are summarised under "Taxation – AUSTRALIAN TAXATION".</p>
<b>Stamp Duty:</b>	<p>Any stamp duty incurred on the issuance of the Notes will be for the account of the Issuer. Any stamp duty incurred on a transfer of Notes will be for the account of the relevant transferring Noteholder.</p> <p>As at the date of this Offering Circular, no stamp duty is payable under Australian or New Zealand law on the issuance or transfer of Notes.</p>

<b>Approval, Listing and Admission to Trading:</b>	Application has been made to the CSSF to approve this document as a simplified prospectus. Unless the relevant Pricing Supplement indicates otherwise, application has also been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and to be listed on the Official List of the Luxembourg Stock Exchange, and references to listing shall be construed accordingly. As specified in the relevant Pricing Supplement, a Series of Notes may be unlisted.
<b>Ratings:</b>	Tranches of Notes may be rated or unrated. Where a Tranche of Notes is rated, such rating will be specified in the relevant Pricing Supplement. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.
<b>Pricing Supplement:</b>	The specific terms of each Tranche will be set forth in a Pricing Supplement. For the purposes of the Luxembourg Prospectus Law, insofar as it applies to exempt issuers under Article 1(2)(b) and/or Article 1(2)(e) of the Prospectus Directive, all references in this document to "Pricing Supplement" should be read and construed as references to "Final Terms".
<b>Selling Restrictions:</b>	There are restrictions on the offer, sale and transfer of the Notes in Australia, New Zealand, the United Kingdom, the European Economic Area, the United States, Hong Kong, Japan and Singapore, and other restrictions may apply to the offering, sale, and transfer of a particular Tranche of Notes. See "Subscription and Sale" at page 92 below.
<b>Risk Factors:</b>	<p>The Notes are the obligations of IFFIm only, and not of any other person. IFFIm's ability to make payments is dependent primarily upon its receipt of Grant Payments and the performance and observance by any Grantor of its obligations under the relevant Grant Agreement. IFFIm bears no responsibility for such performance. IFFIm is a special purpose vehicle with no revenue-generating operations of its own and is dependent on the Treasury Manager for its financial operations. Recourse against IFFIm for principal and interest due under the Notes is limited.</p> <p>Notes may not be a suitable investment for all investors. Notes may be subject to optional redemption by IFFIm. IFFIm may issue Notes that are index linked, dual currency, partly-paid, variable rate, fixed or floating rate.</p> <p>Investors should see further the section entitled "<i>Risk Factors</i>" below.</p>
<b>Governing Law:</b>	The Deed Poll and the Notes when issued, and the Programme Agreement and the Australian Agency and Registry Agreement will be governed by New South Wales law. The New Zealand Agency and Registry Agreement is governed by New Zealand law.

## RISK FACTORS

*Prospective investors should consider carefully the risks set forth below and the other information contained in this Offering Circular prior to making any investment decision with respect to the Notes. Each of the risks described below could have a material adverse effect on the operations, financial condition or prospects of IFFIm, which, in turn, could have a material adverse effect on the amount of principal and interest which investors will receive in respect of the Notes. In addition, each of the risks described below could adversely affect the trading price of the Notes or the rights of investors under the Notes and, as a result, investors could lose some or all of their investment.*

*Prospective investors should note that the risks described below are not the only risks which IFFIm faces. IFFIm has described only those risks relating to its operations that it considers to be material. There may be additional risks that it currently considers not to be material or of which it is not currently aware, and any of these risks could have the effects stated above.*

*In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.*

### **Risk Factors relating to IFFIm and the Financial Structure**

*The Notes are the obligations of IFFIm only*

The Notes will be direct, unconditional, unsubordinated and (subject to the provisions of Condition 4), unsecured obligations of IFFIm only and will not be guaranteed by, or be the responsibility of, any other person, including the Grantors. Neither The GAVI Fund Affiliate, nor the GAVI Alliance, have any obligation, contingent or otherwise, to pay any amounts under the Notes.

Furthermore, no person other than IFFIm will accept any liability whatsoever to Noteholders in respect of any failure by IFFIm to pay any amount due under the Notes.

*IFFIm's ability to make payments*

The ability of IFFIm to make payments of principal and interest under the Notes will depend primarily on receipt by IFFIm of the Grant Payments under the Grant Agreements. IFFIm will not have any other significant sources of funds available to meet its obligations under the Notes.

It should be noted that all Grant Payments are made subject to the Grant Payment Condition. Therefore, if any one or more Specified Countries forming part of the Reference Portfolio is in Protracted Arrears, then each Grant Payment due for payment will be reduced by an amount equal to the Reduction Amount for each such Specified Country.

If, as a result of such reductions, Grant Payments due from Grantors do not provide IFFIm with sufficient funds to enable it to make required payments on any Notes, the holders of such Notes may receive less interest and/or principal than would otherwise be due and payable to them.

*Recourse against IFFIm for principal and interest due under the Notes is limited*

The liability of IFFIm to pay any amount due under the Notes shall be limited to the net proceeds of the realisation of all the assets of IFFIm and to the extent of the Noteholders' entitlements pursuant to the Deed Poll. If such amount is insufficient to pay all IFFIm's obligations under the Notes and under the Deed Poll (and any other indebtedness ranking *pari passu* equally with the Notes) in full for any reason, IFFIm shall have no obligation to make up the insufficiency. Any insufficiency in respect of the Notes shall be borne by Noteholders *pro rata* and *pari passu*.

IFFIm may issue Other Debt Instruments and may incur other liabilities which rank *pari passu* with IFFIm's payment obligations under the Notes.

*The Notes are corporate obligations only of IFFIm*

No recourse under any obligation, covenant or agreement of IFFIm under the Notes, the Programme Agreements, the IFFIm Financing Documents or the Transaction Documents shall be made against any director or member of IFFIm as such, it being understood that the obligations of

IFFIm under the Notes, the Programme Agreements, the IFFIm Financing Documents and the other Transaction Documents are corporate obligations of IFFIm, and no personal liability shall attach to, or be incurred by, the directors or members of IFFIm as such, under or by reason of any such obligations, covenants and agreements of IFFIm.

*IFFIm has limited assets*

IFFIm's principal assets consist of (i) its rights under the Grant Agreements (including the right to receive Grant Payments thereunder pursuant to the Deeds of Assignment), (ii) its rights under the other Transaction Documents to which it is a party, (iii) the funds standing to the credit from time to time of the IFFIm Account and any investments made on its behalf by the Treasury Manager, and (iv) its rights under Derivatives Transactions.

Upon acceleration of any Notes, sufficient proceeds may not be realised from such assets to permit all repayments of principal and payments of interest on the Notes outstanding at such time to be made.

However, the terms of the Finance Framework Agreement place limitations upon the aggregate value of Approved Programmes, and prevent approvals of further programmes where IFFIm's credit rating has been downgraded below AAA or equivalent by at least two Applicable Rating Agencies, or where to do so would, in the determination of the Treasury Manager, cause IFFIm to be in breach of the IFFIm Gearing Ratio Limit.

*IFFIm bears no responsibility for performance by the Grantors*

IFFIm does not give and has not given (and has not received from The GAVI Fund Affiliate) any representation or warranty in respect of, or shall at any time have any responsibility, liability or obligation in respect of, the performance and observance by any Grantor of its obligations under the relevant Grant Agreement entered into by such Grantor, the recoverability of any sum due or to become due from any Grantor under any Grant Agreement, or any other act, default or omission of any Grantor under or in respect of any Grant Agreement, the Finance Framework Agreement, or any other Transaction Document. IFFIm shall not at any time have any responsibility for, or obligation or liability in respect of, the financial condition, creditworthiness, affairs, status or nature of any Grantor.

*Financial servicing of the Notes is dependent upon performance by the Grantors*

The financial servicing and performance of the terms of the Notes depend primarily upon performance by each Grantor of its obligations under the Grant Agreement to which it is a party, and its covenant to make payments thereunder.

In connection with this risk, prospective investors should note that each Grantor has represented and warranted to IFFIm and the other parties to the Finance Framework Agreement that the Grant Agreement to which it is a party constitutes valid and binding obligations of such Grantor.

Prospective investors should also note that no proprietary or other legal interest in IFFIm's rights under or in respect of any Grant Agreement which has been assigned to it exists for the benefit of the Noteholders. No Noteholder will have any entitlement to enforce any Grant Agreement or have direct recourse to a Grantor.

*Certain payments to be made by a Grantor under a Grant Agreement may require additional or annual parliamentary approval before they can be made*

The obligations of each Grantor to make Grant Payments under its Grant Agreement constitute its valid, binding and enforceable obligations. Each Grantor has obtained the necessary approvals, including parliamentary and ministerial approvals, for the payment of its Grant Payments and its other payment obligations under its Grant Agreement, subject to the following exceptions:

(1) A Grantor may require additional parliamentary or ministerial approval prior to satisfying a payment obligation arising under the gross-up provision, the tax indemnity provision or the general indemnity provision of its Grant Agreement. An approval of this nature may not be obtainable until the amount and nature of the payment is known. Other than in respect of the Republic of Italy (as

to which see further below), a failure to obtain such approval will not affect the valid, binding and enforceable nature of such payment obligations.

With respect to the Republic of Italy, the Italian Parliament authorised participation in the International Finance Facility for Immunisation project, and allocated EUR 504 million for the Ministry of Economy and Finance to make the total aggregate amount of its Grant Payments under its Grant Agreement, under Law No. 266 of 23 December 2005 (the "2006 Budget Law"). Any payment obligation assumed by the Italian Ministry of Economy and Finance under its Grant Agreement which (when aggregated with the total scheduled Grant Payments) exceeds the amount set out in the 2006 Budget Law will require the prior adoption of a further parliamentary law or ministerial provision in respect of such excess amount in order to constitute a legal, valid, binding and enforceable obligation of the Ministry of Economy and Finance on behalf of the Republic of Italy.

(2) In the Kingdom of Spain, the Spanish Council of Ministers must approve its Grant Payments on an annual basis.

(3) In the United Kingdom, the Department for International Development (as Grantor under the United Kingdom's Grant Agreement) relies on the Appropriation Act (UK), passed annually, for its annual budgetary allocation (from which, amongst other things, it will make the Grant Payments due from it in the relevant year).

(4) In the Republic of Italy, an ad hoc order of payment will need to be adopted before each Grant Payment is effected.

(5) In the Commonwealth of Australia, an appropriation must be made by the Commonwealth Parliament in respect of each Grant Payment.

None of the approval mechanisms referred to in (1) to (4) above affects the valid, binding or enforceable nature of the undertakings of the relevant Grantors to make their scheduled Grant Payments.

#### *Intervention by the UK Charity Commission*

IFFIm and The GAVI Fund Affiliate are regulated by the UK Charity Commission. The UK Charity Commission has power under the Charities Act 2006 (UK) (as amended from time to time) to institute inquiries and investigations into charities and, pending the outcome of any such inquiry and investigation, it may, among other things:

- remove or suspend a charity trustee, officer, agent or employee of the charity from his office or employment and, where applicable, from his membership of the charity;
- establish a scheme for the administration of the charity;
- vest the charity's property in the official custodian;
- appoint additional charity trustees;
- order any debtor of the charity not to make any payment to the charity without the approval of the UK Charity Commission;
- order any person holding the charity's property not to part with it without the permission of the UK Charity Commission;
- restrict the transactions that may be entered into or payments made by a charity without the approval of the UK Charity Commission;
- appoint an interim manager, who shall act as receiver and manager in respect of the property and affairs of the charity;
- order the charity trustees, any officer or employee of the charity or the charity itself to take any action which the UK Charity Commission considers to be expedient in the interests of the charity; and/or

- enter premises to take and seize documents or information if such search and seizure is authorised by the Justice of the Peace.

The UK Charity Commission may also (without inquiry or investigation under way), if it is satisfied that a person or persons in possession or control of any property held by or on trust for a charity is or are unwilling to apply it properly for the purposes of the charity and that it is necessary or desirable to make an order for the purpose of securing a proper application of that property for the purposes of the charity, order the person or persons concerned to apply the property in such manner as is specified in the order, subject to certain conditions.

Any such action by the UK Charity Commission may adversely affect the ability of IFFIm to make payments in respect of the Notes.

*The effectiveness of IFFIm's hedging strategy is dependent on performance of hedging counterparties*

IFFIm's ability to effectively hedge currency, interest rate, and other risks, and thus to meet its obligations under the Notes, depends on the performance and creditworthiness of its hedging counterparties from time to time.

Under the hedging agreement between IFFIm and the Treasury Manager, neither party is required to post collateral with the other as long as such party is rated AAA or equivalent by specified credit rating agencies. The Treasury Manager is currently rated AAA, and thus is not currently obliged to post collateral in support of its obligations under the hedging transactions between it and IFFIm.

Accordingly, IFFIm may incur exposure to the Treasury Manager, depending on currency and interest rate movements in respect of outstanding transactions.

Furthermore, under the Treasury Management Agreement, IFFIm acknowledges that the Treasury Manager intends to hedge its exposure resulting from its transactions with IFFIm by entering into offsetting transactions with market counterparties. In the event that the Treasury Manager is unable to enter into such offsetting transactions with counterparties that meet its credit standards or is otherwise unable effectively to hedge its financial risks, the Treasury Manager is not obliged to enter into hedging transactions with IFFIm.

*IFFIm is dependent on the Treasury Manager for its financial operations*

IFFIm has no employees and has undertaken that it will not have any employees in the future. IFFIm's financial operations will be handled by the Treasury Manager. IFFIm and the IBRD have entered into the Treasury Management Agreement, under which IBRD will serve as the Treasury Manager for IFFIm and will provide the services described therein. The Treasury Management Agreement has a term of five years expiring on 29 September 2011 and is renewable upon mutual agreement thereafter for additional terms of five years each. IFFIm has undertaken to use all reasonable endeavours to maintain a treasury manager at all times, which is expected to be a Multilateral Development Bank, but there can be no assurance that, if required, IFFIm would be able to engage a Multilateral Development Bank to provide the services currently provided by the IBRD. IFFIm has the right to terminate its agreement with the Treasury Manager upon 90 days' notice. IFFIm and the Treasury Manager are currently negotiating the renewal of the Treasury Management Agreement for a further term of five years.

Prospective investors should also note that the Treasury Manager has the right to resign from its appointment upon notice to IFFIm, provided that no such resignation shall take effect until the earlier of the appointment of a new Treasury Manager by IFFIm or a period of 12 months having elapsed from the date of such notice of resignation. If IBRD resigns as Treasury Manager, and IFFIm is unable to engage a Multilateral Development Bank or other suitable replacement to provide the Treasury Management Services, there can be no certainty as to how IFFIm's financial operations will be managed, and IFFIm may not be able to meet its obligations under the Notes and the other Transaction Documents.

## **Risk Factors relating to the Notes**

*Notes may not be a suitable investment for all investors*

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Offering Circular or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

A wide range of Notes may be issued under the Programme. Certain Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features.

### *Notes subject to optional redemption by IFFIm*

A right of early redemption of Notes by IFFIm (such as that in Condition 7(d)) is likely to limit their market value. During any period when IFFIm may elect to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

IFFIm may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at the time.

### *Index Linked Notes and Dual Currency Notes*

IFFIm may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "Relevant Factor"). In addition, IFFIm may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;

- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

#### *Partly paid Notes*

IFFIm may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

#### *Variable rate Notes with a multiplier or other leverage factor*

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

#### *Inverse Floating Rate Notes*

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of such Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

#### *Fixed/Floating Rate Notes*

Fixed/Floating Rate Notes may bear interest at a rate that IFFIm may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. IFFIm's ability to convert the interest rate will affect the secondary market for, and the market value of such Notes since IFFIm may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If IFFIm converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable to investors than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If IFFIm converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

#### *Notes issued at a substantial discount or premium*

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

### *Interest rate risks*

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

### *Modification, authorisation and waivers, and substitution*

The Conditions of the Notes and the Deed Poll contain provisions for calling meetings of Noteholders to consider matters affecting their interests. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Each of the Agency and Registry Agreements, the Conditions, the Deed Poll and the relevant Pricing Supplement may be amended upon agreement of IFFIm and the applicable Issuing and Principal Paying Agent, without the consent of any Noteholder for the following purposes: (i) to add to the covenants of IFFIm for the benefit of the Noteholders or to surrender any right or power in these Conditions conferred upon IFFIm; (ii) to cure any ambiguity, or correct or supplement any defective or inconsistent provisions in these Conditions; (iii) to make any other provisions with respect to matters or questions arising under the Notes or any Agency and Registry Agreement, provided such action pursuant to this subclause (iii) shall not adversely affect the interests of the Noteholders; (iv) to permit further issuances of Notes in accordance with the terms of the Programme Agreement; and (v) to make any modification that is of a formal, minor or technical nature or is made to correct a manifest error. Any such modification or amendment shall be binding on the Noteholders and any such modification or amendment shall be notified to the Noteholders in accordance with Condition 15 as soon as practicable thereafter.

### *EC Directive on the Taxation of Savings Income*

Under EU Council Directive 2003/48/EC on the taxation of savings income (the "EU Savings Directive"), each Member State of the European Union is required to provide to the tax authorities of another Member State details of payments of interest (and other similar income) paid by a person within its jurisdiction to, or collected by a person within its jurisdiction for, an individual resident, or certain limited types of entities established, in that other Member State.

However, for a transitional period, certain Member States are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other similar income may request that no tax be withheld (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-European Union countries and territories, including Switzerland, have agreed with the EU to adopt similar measures to the EU Savings Directive (a withholding system in the case of Switzerland).

The European Commission has proposed certain changes to the provisions of the EU Savings Directive which may, if implemented, cause them to apply in a wider range of circumstances.

If a payment were to be made or collected through a Member State (or a non-European Union country or territory which has adopted similar measures) which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. However, save as provided in the Terms and Conditions of the Notes, the Issuer is required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to such measures.

The EU Savings Directive does not preclude Member States from levying other types of withholding tax.

### *Change of law*

The Conditions of the Notes are based on the laws of New South Wales in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to the laws of New South Wales or administrative practice after the date of issue of the relevant Notes.

### *The secondary market generally*

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

### *Exchange rate risks and exchange controls*

IFFIm will pay principal and interest on the Notes in the currency specified in respect thereof in the applicable Pricing Supplement (the "Specified Currency"). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

*Credit ratings may not reflect all risks*

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the assigning rating agency at any time.

*Legal investment considerations may restrict certain investments*

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

## TERMS AND CONDITIONS OF THE NOTES

If in respect of the first day of an Interest Period, fewer than five banks have quoted rates on the Reuters BBSW Page, the rate for that Interest Period shall be calculated as above by taking the rates otherwise quoted by five banks on application by the Calculation Agent for such a bill of the same tenor. "Business Day Convention" in respect of a Note, means the convention specified in the applicable Pricing Supplement for that Note and recorded in the relevant Register for adjusting any relevant date if it would otherwise fall on a day that is not a Business Day. The following terms, when used in conjunction with the term "Business Day Convention" and a date, shall mean that an adjustment will be made if that date would otherwise fall on a day that is not a Business Day so that:

- (a) if "Floating Rate Convention" is specified, that date will be postponed to the next following day which is a Business Day, unless that day falls in the next calendar month, in which event:
  - (i) that date will be brought forward to the immediately preceding day that is a Business Day; and
  - (ii) each subsequent Interest Payment Date (or other relevant date) will be the last Business Day in the month which falls the number of months or other period specified as the Interest Period in the applicable Pricing Supplement after the preceding applicable Interest Payment Date (or other relevant date) occurred;
- (b) if "Following Business Day Convention" is specified, that date will be postponed to the next day that is a Business Day;
- (c) if "Modified Following Business Day Convention" or "Modified Business Day" Convention is specified, that date will be postponed to the next day that is a Business Day unless that day falls in the next calendar month, in which case that date will be brought forward to the immediately preceding Business Day;

Interest will be payable in arrears on the Interest Payment Date or dates in each year specified in the applicable Pricing Supplement and on the Maturity Date, if the Maturity Date does not fall on an Interest Payment Date. The first interest payment on Fixed Rate Notes will be made, subject to redemption and the occurrence and continuation of an Event of Default, on the first Interest Payment Date following the Interest Commencement Date.

If a "Fixed Coupon Amount" is specified in the applicable Pricing Supplement, the amount on each Interest Payment Date for such Fixed Rate Note for the relevant Fixed Interest Period (as defined below) ending on (but excluding) such Interest Payment Date will be that Fixed Coupon Amount, irrespective of any calculation based on the Interest Rate and any applicable Day Count Fraction. (b) Interest on Floating Rate Notes and Index Linked Interest Notes

Each Floating Rate Note and Index Linked Interest Note will bear interest on its Outstanding Principal Amount from, and including, the Interest Commencement Date specified in the applicable Pricing Supplement to, but excluding, the Maturity Date or last Interest Period End Date (as specified in the applicable Pricing Supplement), subject to redemption or the occurrence and continuation of an Event of Default. Interest will be payable in arrears on the Interest Payment Dates in each year specified in the applicable Pricing Supplement.

If any Interest Payment Date for Floating Rate Notes Index Linked Interest Notes falls on a day that is not a Business Day, it will be adjusted in accordance with the Business Day Convention specified in the applicable Pricing Supplement. If, as a result of such adjustment, an Interest Payment Date falls after the last day of the Interest Period to which it relates, no additional interest or other amount shall be payable.

The Interest Rate basis, any formula for determining Interest Amounts, any margin, the manner in which the Interest Rate is to be determined, and any other information relating to interest on Floating Rate Notes or Index Linked Interest Notes will be specified in the applicable Pricing Supplement. Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Interest Rate is to be determined, the Calculation Agent will determine such Interest Rate in accordance with the definitions for BBSW or BKBM, as applicable, in these Conditions. If the Reference Rate specified in the applicable Pricing Supplement is other than BBSW or BKBM, the Interest Rate for the relevant Floating Rate Notes or Index Linked Interest Notes will be determined as provided in such Pricing Supplement.

The Calculation Agent, at or as soon as practicable after each time at which the Interest Rate payable on Floating Rate Notes or Index Linked Interest Notes is to be determined, will determine the Interest Rate (subject to any specified Minimum Interest Rate or Maximum Interest Rate (each as defined herein)) and calculate the Interest Amount payable on the Floating Rate notes for the relevant Interest Period in accordance with Condition 5.7.

## **5.2 Zero Coupon Notes**

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. ## **5.3 Dual Currency Notes**

#### **5.5 Accrual of Interest**

Interest accrues on Notes from the relevant Interest Commencement Date at the applicable Interest Rate. Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.

#### **5.6 Interest Payment**

Interest is payable to Noteholders as set out in Condition 5.1 on the applicable Interest Payment Dates.

#### **5.7 Calculation of Interest Amount**

Unless otherwise specified in the applicable Pricing Supplement, the Interest Amount must be calculated (unless a formula for calculation of the Interest Amount is specified in the applicable Pricing Supplement, in which case the Interest Amount will be calculated in accordance with such formula) by the Calculation Agent by applying the Interest Rate specified in the applicable Pricing Supplement to the Specified Denomination of each applicable Note, multiplying such sum by the applicable Day Count Fraction for the relevant Interest Period and rounding the resultant figure to the nearest cent (half a cent being rounded upwards) subject, in the case of Floating Rate Notes, to any specified Minimum Interest Rate or Maximum Interest Rate as may also be specified in the applicable Pricing Supplement.

The applicable Pricing Supplement for a Floating Rate Note may specify a minimum rate at which the Notes may bear interest (a "Minimum Interest Rate"). If the Interest Rate determined in accordance with the provisions of this Condition 5.7 is less than the specified Minimum Interest Rate, the Interest Rate shall be such Minimum Interest Rate. The applicable Pricing Supplement for a Floating Rate Note may specify a maximum rate at which the Notes may bear interest (the "Maximum Interest Rate"). If the Interest Rate determined in accordance with the provisions of this Condition 5.7 is greater than the Maximum Interest Rate, the Interest Rate shall be such Maximum Interest Rate.

#### **5.8 Notification of Interest Rate and Interest Amount**

The Issuer will procure that the Calculation Agent will, if requested in writing by a Noteholder of any Note, notify that Noteholder of the Interest Rate and the Interest Amount for the requested Interest Period and the relevant Interest Payment Date as soon as reasonably practicable after the relevant determination or calculation is made. In relation to any Note, the Interest Amount and the Interest Payment Date (but in no event, the Interest Rate) so notified may be subsequently amended (or appropriate alternative arrangements made by the Calculation Agent by way of adjustment) without notice if and to the extent that the Interest Period is extended or shortened.

#### **5.9 Notification, etc. to be final**

Except as provided in Condition 5.8, all notifications, opinions, determinations, certificates, calculations, quotations, and decisions given, expressed, made, or obtained for the purposes of this Condition 5 by the Calculation Agent are (in the absence of wilful default, bad faith, or manifest error) binding on IFFIm, the Calculation Agent, the relevant Issuing and Principal

Paying Agent, the relevant Registrar and all Noteholders of Notes, and no liability to those Noteholders attaches to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions.

## **6. Transfers**

### **6.1 Transfer subject to Australian Agency and Registry Agreement**

For so long as any Australian Note is lodged in the Austraclear System:

- (a) the right of a relevant Noteholder to be registered as the holder of that Australian Note, and the transfer of any Australian Note, shall be governed by the Australian Agency and Registry Agreement and the Austraclear Regulations; and
- (b) to the extent any provision of these Conditions in respect of an Australian Note are inconsistent with the Australian Agency and Registry Agreement, the Australian Agency and Registry Agreement shall prevail.

### **6.2 Transfer subject to New Zealand Agency and Registry Agreement**

For so long as any New Zealand Note is lodged in the NZClear System:

- (a) the right of a relevant Noteholder to be registered as the holder of that New Zealand Note, and the transfer of any New Zealand Note, shall be governed by the New Zealand Agency and Registry Agreement and the NZClear Regulations; and
- (b) to the extent that any provisions of these Conditions in respect of a New Zealand Note are inconsistent with the New Zealand Agency and Registry Agreement, the New Zealand Agency and Registry Agreement shall prevail.

### **6.3 Austraclear**

- (a) Unless the applicable Pricing Supplement otherwise provides, the Australian Notes will be lodged, subject to the agreement of Austraclear, into the Austraclear System.
- (b) If the Australian Notes are lodged into the Austraclear System, the Australian Registrar will enter Austraclear in the Australian Register as the Noteholder of those Australian Notes. While those Australian Notes remain in the Austraclear System:
  - (i) all payments and notices required of IFFIm or the Australian Registrar in relation to those Australian Notes will be made or directed to Austraclear in accordance with the relevant Regulations; and
  - (ii) all dealings (including transfers and payments) in relation to those Australian Notes within the Austraclear System will be governed by the relevant Regulations and need not comply with these Conditions to the extent of any inconsistency.
- (c) If Austraclear is entered in the Australian Register in respect of an Australian Note as the holder of that Australian Note, despite any other provision of these Conditions, IFFIm may not, and must procure that the Australian Registrar does not, register any transfer of that Australian Note, and the relevant member of the Austraclear System to whose security account the Note is credited in respect of that Note (the "Relevant Member") has no right to request any registration or any transfer of that Note, except that:
  - (i) for any repurchase, redemption or cancellation (whether on or before the Maturity Date of the Note), a transfer of that Note from Austraclear to IFFIm may be entered in the Australian Register; and

- (ii) if either:
  - (A) Austraclear gives notice to the Australian Registrar stating that the Relevant Member has stated to Austraclear that it needs to be registered in relation to the Note in order to pursue any rights against IFFIm; or
  - (B) Austraclear purports to exercise any power it may have under the Austraclear Regulations from time to time or these Conditions, to require Notes to be transferred on the Australian Register to the Relevant Member,

the Note may be transferred on the Australian Register from Austraclear to the Relevant Member. In any of these cases, the Note will cease to be held in the Austraclear System.

- (d) On admission to the Austraclear System, interests in the Notes may be held through Euroclear or Clearstream. In these circumstances, entitlements in respect of holdings of interests in the Notes in Euroclear are held in the Austraclear System by HSBC Custody Nominees (Australia) Limited as nominee of Euroclear while entitlements in respect of holdings of interests in the Notes in Clearstream, are held in the Austraclear System by ANZ Nominees Limited as nominee of Clearstream (or such other person acting as such nominee from time to time).
- (e) The rights of a holder of interests in Notes held through Euroclear or Clearstream are subject to the respective rules and regulations for accountholders of Euroclear and Clearstream and their respective nominees and the Austraclear Regulations.
- (f) In addition, any transfer of interests in Notes which are held through Euroclear or Clearstream and to the extent such transfer will be recorded in the Austraclear System, will be subject to the Corporations Act and the other requirements set out in the Notes.

#### **6.4 NZClear**

- (a) Unless the relevant Pricing Supplement otherwise provides, and subject to the agreement of NZClear, the New Zealand Notes will be lodged into the NZClear System.
- (b) If the New Zealand Notes are lodged into the NZClear System, the New Zealand Registrar will enter the Custodian in the New Zealand Register as the holder of those Notes. While those Notes remain in the NZClear System:
  - (i) all payments and notices required of IFFIm or the New Zealand Registrar in relation to those Notes will be made or directed to NZClear in accordance with the NZClear Regulations; and
  - (ii) all dealings (including transfers and payments) in relation to those Notes within the NZClear System will be governed by the NZClear Regulations and need not comply with these Conditions to the extent of any inconsistency.
- (c) Where the Custodian is the Noteholder and the New Zealand Notes are lodged in the NZClear System, NZClear may, in its absolute discretion and, to the extent not prohibited by the NZClear Regulations, instruct the New Zealand Registrar to transfer these Notes on the New Zealand Register to the person in whose Security Record that Note is recorded without any consent or action of such transferee and, as a consequence, remove that Note from the NZClear System.
- (d) On admission to the NZClear System, interests in the Notes may be held through Euroclear or Clearstream. In these circumstances, entitlements in respect of holdings

of interests in the Notes in Euroclear are held in the NZClear System by HSBC Nominees Limited (or its successor) as nominee of Euroclear while entitlements in respect of holdings of interests in the Notes in Clearstream are held in the NZClear System by J.P. Morgan Chase Bank N.A. (or its successor) as sub-custodian of Clearstream.

- (e) In addition, any transfer of interests in Notes which are held through Euroclear or Clearstream and to the extent such transfer will be recorded in the NZClear System, will be subject to the Securities Act 1978 and the other requirements set out in the Notes.
- (f) The rights of a holder of interests in Notes held through Euroclear or Clearstream are subject to the respective rules and regulations for accountholders of Euroclear and Clearstream and their respective nominees and the NZClear Regulations.

If Austraclear or the Custodian is recorded in the relevant Register as the Noteholder, each person in whose Security Record a Note is recorded is taken to acknowledge in favour of IFFIm, the relevant Registrar, Austraclear or NZClear, and the relevant Noteholder:

- (1) the Registrar's decision to act as the Registrar of that Note is not a recommendation or endorsement by the Registrar or the relevant Noteholder (or, if the Noteholder is the Custodian, NZClear) in relation to that Note, but only indicates that the Registrar considers that the holding of the Note is compatible with the performance by it of its obligations as Registrar under an Agency and Registry Agreement; and
- (2) the relevant Noteholder does not rely on any fact, matter or circumstance contrary to paragraph (1).

## **6.5 Transfers of Notes**

- (a) Notes may only be transferred in accordance with all applicable laws and regulations of each relevant jurisdiction.
- (b) Notes are transferable without the consent of IFFIm or the relevant Registrar.
- (c) Australian Notes entered into the Austraclear System will be transferable only in accordance with the Austraclear Regulations.
- (d) New Zealand Notes entered into the NZClear System will be transferable only in accordance with the NZClear Regulations.

## **6.6 Transfer amounts**

- (a) Australian Notes which are transferred in respect of offers or invitations received in Australia must be transferred for a consideration of not less than A\$500,000 (disregarding amounts, if any, lent by IFFIm or other person offering the Notes or its associates) unless the offer or invitation is such that by virtue of s708 of the Corporations Act no disclosure is required to be made under Part 6D.2 of that Act.
- (b) New Zealand Notes may only be transferred in respect of offers or invitations received in New Zealand (i) for an aggregate consideration of not less than NZ\$500,000 (but disregarding any part of the aggregate consideration paid or to be paid out of money lent by the person offering the New Zealand Notes, the Issuer or an associate of that offeror or the Issuer), or (ii) to persons whose principal business is the investment of money or who, in the course of and for the purposes of their business, habitually invest money within the meaning of the Securities Act 1978 or (iii) to any other persons in circumstances where there is no contravention of the Securities Act 1978 provided that Notes shall not be offered or sold to any "eligible person" (as defined in

section 5(2CC) of the Securities Act 1978) unless that person also satisfies the criteria in limbs (i) or (ii) above.

#### **6.7 Transfer and Acceptance Forms for Notes**

Subject to Condition 6.3 and Condition 6.4, a Note is transferable in whole (but not in part) by a duly completed and (if applicable) stamped Transfer and Acceptance Form obtainable from the relevant Registrar. Unless a contrary intention is expressed in a Transfer and Acceptance Form, all contracts relating to the transfer of Notes are governed by the laws applicable to the Notes. The Issuer is not obliged to stamp the Transfer and Acceptance Form.

#### **6.8 Registration requirements for transfer**

Every Transfer and Acceptance Form in respect of Notes must be:

- (a) signed by the transferor and the transferee;
- (b) delivered to the office of the relevant Registrar for registration;
- (c) accompanied by such evidence as the relevant Registrar may reasonably require to prove the title of the transferor or the transferor's right to transfer those Notes; and
- (d) duly stamped, if necessary.

#### **6.9 Registration of transfers**

Subject to this Condition 6, the relevant Registrar must register a transfer of Notes. Upon entry of the name, address and all other required details of the transferee in the relevant Register, IFFIm must recognise the transferee as the Noteholder entitled to the Notes that are the subject of the transfer. Entry of such details in the relevant Register constitutes conclusive proof of ownership by that transferee of those Notes. The transferor remains the owner of the relevant Notes until the required details of the transferee are entered in the relevant Register in respect of those Notes. Subject to Condition 6.11, the relevant Registrar must register the transfer of a Note whether or not the Transfer and Acceptance Form to which the transfer relates has been marked by that Registrar.

#### **6.10 No fee**

No fee or other charge is payable to IFFIm or a Registrar in respect of the transfer or registration of any Note.

#### **6.11 Marking of transfer**

Each Registrar may mark any Transfer and Acceptance Form in its customary manner. Such marking prohibits a dealing with the relevant Notes as specified in the marking notation for a period from the date of marking to the earliest of:

- (a) 15 calendar days from the date of marking;
- (b) the date the relevant Registrar cancels the marking notation on the Transfer and Acceptance Form; and
- (c) the date the relevant Registrar receives notification of the execution of the marked Transfer and Acceptance Form by the transferee.

#### **6.12 Destruction**

Any Transfer and Acceptance Form may, with the prior written approval of IFFIm, be destroyed by the relevant Registrar after the entry in the relevant Register of the particulars set out in the form. On receipt of such approval, the relevant Registrar must destroy the Transfer and Acceptance Form as soon as reasonably practicable and promptly notify IFFIm in writing of its destruction.

#### **6.13 Deceased persons/bankrupt persons/unincorporated associations**

- (a) A person becoming entitled to a Note as a consequence of the death or bankruptcy of a Noteholder or of a vesting order or a person administering the estate of a Noteholder may transfer the Note or, if so entitled become registered as the Noteholder of the relevant Note upon producing such evidence as to that entitlement or status as the relevant Registrar considers sufficient.
- (b) The relevant Registrar may decline to give effect to a transfer of any Notes entered in the relevant Register in the name of a deceased person who has two or more personal representatives unless the Transfer and Acceptance Form is executed by all of them.
- (c) A transfer to an unincorporated association is not permitted.

#### **6.14 Aggregate transfers**

Where the transferor executes a transfer of less than all Notes registered in its name, and the specific Notes to be transferred are not identified, the relevant Registrar may (subject to the limit on minimum holdings described in Condition 6.6, or otherwise) register the transfer in respect of such of the Notes registered in the name of the transferor as that Registrar thinks fit, provided the aggregate principal amount of the Notes registered as having been transferred equals the aggregate principal amount of the Notes expressed to be transferred in the transfer.

#### **6.15 Stamp duty**

- (a) The Issuer will bear any stamp duty payable on the issue and subscription of the Notes.
- (b) The Noteholder is responsible for any stamp duties or other similar taxes which are payable in any jurisdiction in connection with any transfer, assignment or any other dealing with the Notes.

### **7. Redemption, Purchase and Options**

#### **(a) Final Redemption**

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 7, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the applicable Pricing Supplement. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (ii) Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Pricing Supplement at its Final Redemption Amount (which, unless

otherwise specified in the relevant Pricing Supplement, is its nominal amount) or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

**(b) Early Redemption**

**(i) Zero Coupon Notes:**

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note prior to the Maturity Date and the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 7(c) or upon it becoming due and payable as provided in Condition 11, shall be the “Amortised Face Amount” (calculated as provided below) of such Note unless otherwise specified in the relevant Pricing Supplement.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is specified in the applicable Pricing Supplement, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 7(c) or upon it becoming due and payable as provided in Condition 11 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5.2.

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified in the applicable Pricing Supplement.

- (ii) **Other Notes:** The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 7(c) or upon it becoming due and payable as provided in Condition 11, shall be the Final Redemption Amount unless otherwise specified in the relevant Pricing Supplement.

**(c) Redemption for Taxation and other Reasons**

The Notes may be redeemed at the option of IFFIm in whole, but not in part, on any Interest Payment Date (if this Note is a Floating Rate Note, an Index Linked Note or a Dual Currency Note) or at any time (if this Note is neither a Floating Rate Note, an Index Linked Note nor a Dual Currency Note), on giving not less than 30 nor more than 60 days' irrevocable notice in accordance with Condition 15, to the relevant Issuing and Paying Agent, the relevant Registrar and the Noteholders at their Early Redemption Amount (as described in Condition 7(b) above) (together with interest

accrued to the date fixed for redemption), if (i) IFFIm has or will become obliged to pay additional amounts as described under Condition 9 or that it has or will be obliged to account to any taxing authority for any amount (other than any tax withheld or deducted from interest payable on the Notes) calculated by reference to any amounts payable in respect of the Notes, as a result of any change in, or amendment to, the laws or regulations of the United Kingdom or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment is announced or becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Series comprising the Notes and (ii) such obligation cannot be avoided by IFFIm taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which IFFIm would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Before the publication of any notice of redemption pursuant to this paragraph, IFFIm shall deliver to the relevant Issuing and Paying Agent and the relevant Registrar a certificate signed by two directors of IFFIm stating that the obligation referred to in (i) above cannot be avoided by IFFIm taking reasonable measures available to it, and an opinion of independent legal advisers of recognised standing to the effect that IFFIm has or will become obliged to pay such additional amounts as a result of such change or amendment, and such certificate and opinion shall be sufficient evidence of the satisfaction of the conditions precedent set out in (i) and (ii) above and shall be conclusive and binding on Noteholders.

In the event of the Notes becoming due for redemption, the Early Redemption Amount may be less than the principal amount of the Notes being redeemed.

**(d) Redemption at the Option of IFFIm**

If "Call Option" is specified as being applicable in the relevant Pricing Supplement, IFFIm may, on giving not less than 15 nor more than 30 days' irrevocable notice, in accordance with Condition 15, to the relevant Issuing and Paying Agent, the relevant Registrar and the Noteholders (or such other notice period as may be specified in the relevant Pricing Supplement) redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the relevant Pricing Supplement (if any) and no greater than the Maximum Redemption Amount to be redeemed specified in the relevant Pricing Supplement (if any).

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the Notes (the "Redeemed Notes") will be redeemed in accordance with the applicable Regulations or, if the applicable Regulations make no relevant provision, then (so far as may be practicable) *pro rata* to their principal amounts, provided that the amount that remains outstanding in respect of each Note shall be equal to its minimum denomination or an integral multiple of its minimum denomination (subject always to the applicable Regulations). The Notes to be redeemed will be selected in accordance with the applicable Regulations not more than 60 calendar days prior (or such other period as is specified in the applicable Pricing Supplement) to the date fixed for redemption.

So long as the Notes are listed on the Luxembourg Stock Exchange or any other stock exchange and the rules of the relevant stock exchange so require, IFFIm shall, once in each year in which there has been a partial redemption of the Notes, cause to be published either on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu))

or in a leading newspaper of general circulation in Luxembourg or as specified by such other stock exchange, a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

**(e) Redemption at the Option of Noteholders**

If "Put Option" is specified as being applicable in the relevant Pricing Supplement, IFFIm shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' irrevocable notice to IFFIm (or such other notice period as may be specified in the applicable Pricing Supplement), redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deliver to the office of the relevant Registrar a duly signed and completed Put Option Notice in the form obtainable from that Registrar in which the holder must specify a bank account (or, if payment is by check, an address) to which payment is to be made under this Condition 7(e).

**(f) Partly Paid Notes**

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified in the applicable Pricing Supplement.

**(g) Purchases**

IFFIm may purchase Notes in the open market or otherwise at any price.

**(h) Cancellation**

All Notes purchased by or on behalf of IFFIm shall, together with all Notes redeemed by IFFIm, be cancelled, and the relevant Registrar will record such cancellations in the relevant Register. Any Notes so cancelled may not be reissued or resold and the obligations of IFFIm in respect of any such Notes shall be discharged.

**8. Payments**

**8.1 Payments to Noteholders**

(a) All payments under an Australian Note must be made by IFFIm or the Australian Issuing and Principal Paying Agent on IFFIm's behalf:

- (i) if the Australian Notes are lodged in the Austraclear System by crediting, on the relevant Interest Payment Date, Maturity Date or other date on which a payment is due, the amount then due to the account of the Noteholder, in accordance with the applicable Regulations; or
- (ii) if the Australian Notes are not lodged in the Austraclear System, to the account notified by the relevant Noteholder to the Australian Registrar or, in the absence of that notification, in the manner (if any) specified in the applicable Pricing Supplement,

and in either case, without set-off or counterclaim or any other deduction unless required by law.

(b) All payments under a New Zealand Note must be made by IFFIm or the New Zealand Issuing and Principal Paying Agent on IFFIm's behalf:

- (i) if the New Zealand Notes are lodged in the NZClear System, by crediting on the relevant Interest Payment Date, Maturity Date or any other date on which

a payment is due, the amount then due to the account of the relevant Noteholder in the country of the currency in which the New Zealand Note is denominated previously notified to IFFIm and the New Zealand Registrar or if requested by the relevant Noteholder, the accounts of the persons in whose Security Record a New Zealand Note is recorded in the country of the currency in which the New Zealand Note is denominated as previously notified by the relevant Noteholder to IFFIm and the New Zealand Registrar in accordance with the NZClear Regulations; or

- (ii) if the New Zealand Notes are not lodged in the NZClear System or held in a clearing system, to the account notified by the relevant Noteholder to the New Zealand Registrar or, in the absence of that notification, in the manner (if any) specified in the applicable Pricing Supplement,

and in either case, without set-off or counterclaim or any other deduction unless required by law.

For the purposes of this Condition 8.1, the Noteholder to whom payment will be made is the Noteholder (or the first named of joint owners) shown as such in the relevant Register as at the relevant Record Date.

## **8.2 Payment of Notes**

- (a) Method of payment for Notes

A payment made by electronic transfer is for all purposes taken to be made when IFFIm or the relevant Issuing and Principal Paying Agent gives an irrevocable instruction for the making of that payment by electronic transfer, being an instruction which would be reasonably expected to result, in the ordinary course of banking business, in the relevant funds reaching the account of the Noteholder on the same day as the day on which the instruction is given.

- (b) Payments

- (i) Payments in Australian dollars will be made by transfer to an Australian dollar account maintained by the payee with, or by a cheque in Australian dollars drawn on, a bank in Sydney; provided however, that a cheque may not be delivered to an address in, and an amount may not be transferred to an account at a bank located in, the United States.

- (ii) Payments in New Zealand dollars will be made by transfer to a New Zealand dollar account maintained by the payee with, or by a cheque in New Zealand dollars drawn on, a bank in Auckland or Wellington; provided however, that a cheque may not be delivered to an address in, and an amount may not be transferred to an account at a bank located in, the United States.

## **8.3 Business Days**

- (a) If a payment is due under a Note on a day which is not a Business Day, the date for payment will be adjusted according to the Business Day Convention applicable to that Note.
- (b) If payment is to be made to an account on a Business Day on which banks are not open for general banking business in the city in which the account is located, the Noteholder is not entitled to payment of such amount until the next Business Day on which banks in such city are open for general banking business and is not entitled to any interest or other payment in respect of any such delay.

#### **8.4 Payments subject to fiscal laws**

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment. No commission or expenses shall be charged to the Noteholders in respect of such payments.

#### **9. Taxation**

All payments of principal and interest by or on behalf of IFFIm in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the United Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, IFFIm shall pay such additional amounts as shall result in receipt by the Noteholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note:

- (a) **Other connection:** to, or to a third party on behalf of, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of his having some connection with the United Kingdom other than the mere holding of the Note or who would be able to avoid such withholding or deduction by making a declaration of non-residence or other similar claim for exemption but fails to do so; or
- (b) **Presentation more than 30 days after due date for payment:** presented for payment on a date more than 30 days after the date on which such payment became due and payable except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day, assuming that day to have been a Business Day; or
- (c) **Payment to individuals:** where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive or any agreement between the European Community and any other jurisdiction providing for equivalent measures; or
- (d) **Presentation in the UK:** presented for payment in the United Kingdom; or
- (e) **Payment by another Paying Agent:** presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note to another Paying Agent in a member state of the European Union.

#### **10. Prescription**

Claims against IFFIm for payment in respect of the Notes shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

#### **11. Events of Default**

If any one or more of the following events (each an “Event of Default”) occurs and a Noteholder gives written notice to IFFIm of such Event of Default, then, upon or at any time after the 30th calendar day following the date of such notice, and provided that such event is then continuing, Noteholders of Notes in a Series holding at least one-fifth in nominal amount of the Notes in that Series then outstanding gives notice to IFFIm and the relevant Registrar

that the Notes are, and they shall immediately become, due and payable at their Early Redemption Amount together with accrued interest:

**(a) Payment Default**

If IFFIm defaults in the payment of any sum due in respect of the Notes, or any of them, and such default continues for 90 calendar days;

**(b) Cross-Default**

**(c) IFFIm Gearing Ratio Default**

If on any day the IFFIm Gearing Ratio exceeds 100 per cent. and remains above 100 per cent. on each of the 150 calendar days following such day. A certificate of any director as to the IFFIm Gearing Ratio at any point in time shall be conclusive and binding on all parties.

The liability of IFFIm to pay any amount due under the Notes shall be limited to the net proceeds of the realisation of all the assets of IFFIm and to the extent of the Noteholders' entitlements pursuant to the Deed Poll. If such amount is insufficient to pay all IFFIm's obligations under the Notes and under the Deed Poll in full for any reason, IFFIm shall have no obligation to make up the insufficiency. Any insufficiency shall be borne by Noteholders *pro rata* and *pari passu*.

If an Event of Default with respect to any of the Notes shall occur and be continuing, IFFIm shall notify the applicable Registrar and the applicable Issuing and Principal Paying Agent in writing of such Event of Default no later than the following Business Day after it becomes aware of such Event of Default, and the applicable Registrar upon receipt of such notice shall promptly notify all of the applicable Noteholders of such Event of Default. Such notification to holders of Notes shall be by registered post to the address of the Noteholder recorded in the relevant Register.

- (b) Computershare Investor Services Limited shall be in the initial New Zealand Issuing and Principal Paying Agent.

**12.2 Variation or termination of Paying Agents**

IFFIm is entitled to vary or terminate the appointment of any Issuing and Principal Paying Agent and any Paying Agent and to appoint a new Issuing and Principal Paying Agent or additional or other Paying Agents and approve any change in the specified office through which any Paying Agent acts, in each case without the consent of any Noteholder, provided that:

- (a) there will at all times be an issuing and principal paying agent in each of Australia and New Zealand; and
- (b) if any Notes are listed on any stock exchange, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange.

### **12.3 Effect and notice of change**

Any variation, termination, appointment, or change described in Condition 12.2 will take effect only (other than in the case of insolvency of an agent, when it will be of immediate effect) after not less than 30 nor more than 45 calendar days' prior notice given to the relevant Noteholders in accordance with Condition 15.

## **13. Meetings of Noteholders and Modification**

### **(a) Meetings of Noteholders**

Meetings of Noteholders may be convened in accordance with the Meeting Provisions. Any such meeting may consider any matters affecting the interests of the relevant Noteholders, including, without limitation, the variation of the terms of the Notes and the granting of approvals, consents and waivers, and the declaration of an Event of Default.

### **(b) Modifications**

Each of the Agency and Registry Agreements, the Conditions, the Deed Poll and the relevant Pricing Supplement may be amended upon agreement of IFFIm and the applicable Issuing and Principal Paying Agent, without the consent of any Noteholder for the following purposes:

- (i) to add to the covenants of IFFIm for the benefit of the Noteholders or to surrender any right or power in these Conditions conferred upon IFFIm;
- (ii) to cure any ambiguity, or correct or supplement any defective or inconsistent provisions in these Conditions;
- (iii) to make any other provisions with respect to matters or questions arising under the Notes or any Agency and Registry Agreement, provided such action pursuant to this subclause (iii) shall not adversely affect the interests of the Noteholders;
- (iv) to permit further issuances of Notes in accordance with the terms of the Programme Agreement; and
- (v) to make any modification that is of a formal, minor or technical nature or is made to correct a manifest error.

Section 19 of the Meeting Provisions sets forth additional provisions relating to the powers of the holders of the relevant Notes to amend the terms of such Notes and the Deed Poll.

Any such modification or amendment shall be binding on the Noteholders and any such modification or amendment shall be notified to the Noteholders in accordance with Condition 15 as soon as practicable thereafter.

## **14. Further Issues**

IFFIm may from time to time without the consent of the Noteholders create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects

except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the Notes. References in these Conditions to "Notes" shall be construed accordingly. The Deed Poll contains provisions for convening a single meeting of the holders of the Notes in certain circumstances.

## 16. Governing Law, Jurisdiction and Service of Process

### 16.1 Governing law

The Notes are governed by the law in force in New South Wales or any other jurisdiction as specified in the relevant Pricing Supplement. The New Zealand Agency and Registry Agreement is governed by New Zealand law.

### 16.2 Jurisdiction

The Issuer irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New South Wales and courts of appeal from them. The Issuer waives any right it has to object to an action being brought in those courts, to claim that such action has been brought in an inconvenient forum, or to claim those courts do not have jurisdiction.

### 16.3 Agent for Service of Process

The Issuer irrevocably appoints The World Bank (Sydney Office, Level 19, 14 Martin Place (CML Building) Sydney NSW 2000, Australia) to receive, for it and on its behalf, service of process in any proceedings in the courts of New South Wales. If for any reason the relevant agent shall cease to be an agent for service of process, IFFIm shall immediately appoint a new agent for service of process in New South Wales and deliver notice of such appointment to the Noteholders in accordance with the procedures set out in Condition 15 within 30 calendar days. Nothing shall affect the right to service process in any other manner permitted by law.

## **SETTLEMENT AND TRANSFER**

### **Australian Notes**

Upon issuance of an Australian Note, the Issuer will (unless otherwise agreed with the Noteholder) procure that the Australian Note is entered into the Austraclear System. Upon entry, Austraclear Limited (ACN 002 060 773) ("Austraclear") (in its capacity as the operator of the Austraclear System), will become the sole registered holder and legal owner of the Australian Note. The members of the Austraclear System ("Accountholders") acquire rights against Austraclear in relation to those Australian Notes as beneficial owners and Austraclear is required to deal with those Australian Notes in accordance with the directions and instructions of the Accountholders. Any potential investors who are not Accountholders may hold their interest in the relevant Australian Notes through a nominee who is an Accountholder. All payments by the Issuer in respect of Australian Notes entered in the Austraclear System will be made directly to an account of Austraclear or as it directs in accordance with the Austraclear Regulations (as defined in the Conditions).

Accountholders may, upon request to the Australian Registrar, receive written confirmation that they are noted in the Australian Register in respect of a specified number of Australian Notes.

#### **Holding of Australian Notes through Euroclear and Clearstream**

On admission to the Austraclear System, interests in the Australian Notes may be held through Euroclear or Clearstream. In these circumstances, entitlements in respect of holdings of interests in the Australian Notes in Euroclear would be held in the Austraclear System by HSBC Custody Nominees (Australia) Limited, as nominee of Euroclear, while entitlements in respect of holdings of interests in the Australian Notes in Clearstream would be held in the Austraclear System by ANZ Nominees Limited, as nominee of Clearstream (or such other person acting as such nominee from time to time).

The rights of a holder of interests in Australian Notes held through Euroclear or Clearstream are subject to the respective rules and regulations for accountholders of Euroclear and Clearstream and their respective nominees and the Austraclear Regulations.

In addition, any transfer of interests in Australian Notes which are held through Euroclear or Clearstream, and to the extent such transfer is in respect of offers in, or received in Australia, will be subject to the Corporations Act and the other requirements set out in the Australian Notes.

#### **Secondary Market Sales**

Secondary market sales of Australian Notes admitted to the Austraclear System will be conducted in accordance with the Austraclear Regulations.

#### **Relationship of Accountholders with Austraclear**

Australian Notes are lodged with a validly marked and executed transfer and acceptance form (which must be consistent with the Accountholders lodgement report) being delivered or faxed to Austraclear with the lodging Accountholder as transferor and Austraclear as transferee. The Australian Notes are entered into the Accountholder's Security Record (as defined in the Austraclear Regulations) but, in accordance with the lodged transfer and acceptance form, are transferred to Austraclear.

The Austraclear System facilitates settlement at the point of issue of an Australian Note by matching payments made by an investor to that investor's account with Austraclear against instructions from the Issuer to issue that Note. The opposite is true of redemption. Therefore, Austraclear will not be liable for any amounts owing to the Issuer, upon issue, or to investors, upon either payment of interest or amounts due on redemption, which have not been paid to it.

Where Austraclear is registered as the holder of Australian Notes that are lodged in the Austraclear System, Austraclear may, in certain specified circumstances as set out in the Austraclear Regulations, instruct the Australian Registrar to transfer or "uplift" the Australian Notes to the person in

whose Security Record (as defined in the Austraclear Regulations) those Australian Notes are recorded without any consent or action of such transferee and, as a consequence, remove those Australian Notes from the Austraclear System.

### **New Zealand Notes**

The New Zealand Notes will be cleared and settled through the NZClear System, and will only, unless otherwise stated in the relevant Pricing Supplement, be available for holding and transfer through the NZClear System and capable of cross-market trading as described below. The Reserve Bank of New Zealand (RBNZ) operates the NZClear System. The nominee of NZClear (currently New Zealand Central Securities Depository Limited (NZCSD)) is the sole registered and legal owner of New Zealand Notes that remain lodged in the NZClear System.

Subject to the next sentence, the New Zealand Registrar or any other applicable paying agent will make payments to the person in whose name the relevant New Zealand Note is registered at the close of business on the relevant Record Date (as defined in the Conditions). All payments on New Zealand Notes lodged in the NZClear System will be made on behalf of the Issuer to NZClear or its nominee, and NZClear will distribute the payment received in accordance with NZClear Regulations.

All holdings of legal title to New Zealand Notes will be recorded in the New Zealand Register maintained by the New Zealand Registrar. Interests in any New Zealand Note which is lodged in the NZClear System will be transferable only in accordance with the NZClear Regulations. New Zealand Notes which are not held through the NZClear System are transferable by a transfer in any usual or common form signed by the transferor and the transferee and produced to the New Zealand Registrar for registration.

#### **Cross-Market Trading - NZClear System**

The NZClear System enables New Zealand Notes initially lodged within the NZClear System to be traded to Euroclear and Clearstream accounts through their respective New Zealand subcustodians (HSBC Nominees Limited for Euroclear, and J.P. Morgan Chase Bank N.A. for Clearstream (or such other person acting as such nominee from time to time)). The RBNZ is not a participant in Euroclear or Clearstream. If a New Zealand Note is traded from the NZClear System into Euroclear or Clearstream, the New Zealand Note is transferred from the account of the relevant member of the NZClear System into the pool account of Euroclear or Clearstream, as applicable, within the NZClear System. Legal ownership of the New Zealand Note remains with NZCSD and only the beneficial entitlements to the New Zealand Note changes. That is, the New Zealand Note always remains lodged within the NZClear System and is not “uplifted” into Euroclear or Clearstream. The relevant participant in Euroclear or Clearstream acquires an equitable interest in the rights which Euroclear or Clearstream acquires to the relevant New Zealand Note.

Cross-market transfers between the NZClear System and Euroclear or Clearstream participants require delivery of instructions to the relevant clearing system by the counterparty in such system in accordance with its rules and procedures. The relevant clearing system will, if the transaction meets its settlement requirements, deliver instructions to NZClear directly or through its New Zealand subcustodian to deliver or receive New Zealand Notes in the NZClear System, and make or receive payment in accordance with normal NZClear procedures. Euroclear and Clearstream participants may not deliver instructions directly to NZClear or the New Zealand subcustodians.

Because of time-zone differences, credits of New Zealand Notes received in Euroclear or Clearstream as a result of a transaction with a participant of the NZClear System will be made during subsequent securities settlement processing and dated the business day (in Auckland and Wellington) following the NZClear settlement date. Such credits or any transactions in such New Zealand Notes settled during such processing will be reported to the relevant Euroclear participants or Clearstream participants on such business day. Cash received in Euroclear or Clearstream as a result of sales of New Zealand Notes by or through a participant of Euroclear or Clearstream to a participant of the NZClear System will be received with value on the NZClear settlement date but will be available in the

relevant Euroclear or Clearstream cash account only as of the business day (in Auckland and Wellington) following settlement in the NZClear System.

### **USE OF PROCEEDS**

The net proceeds from the issue of each Tranche of Notes will be used by IFFIm to fund its general operations and will primarily, and subject to the provisions of, *inter alia*, the Finance Framework Agreement, be transferred by IFFIm from time to time to The GAVI Fund Affiliate following receipt by IFFIm of a duly completed Disbursement Request. Funds transferred to The GAVI Fund Affiliate will be applied to fund Approved Programmes.

During the calendar year 2010, IFFIm Indicative Funding Confirmations were issued approving aggregate disbursements to The GAVI Fund Affiliate of approximately U.S.\$400 million and approximately U.S.\$320 million was actually disbursed.

As at the date of this Offering Circular, the total amount of IFFIm Indicative Funding Confirmations which have been issued to The GAVI Fund Affiliate approving aggregate disbursements is approximately U.S.\$2,400 million of which approximately U.S.\$1,876 million has actually been disbursed. The following sections provide summaries of the immunisation and vaccine procurement programmes approved by IFFIm.

#### *Country Specific Programmes:*

Governments of eligible developing countries apply for immunisation, related health system strengthening and vaccine procurement programmes by submitting applications to the GAVI Alliance. During the calendar year 2010, IFFIm funds supported the following GAVI Alliance country specific programmes:

**New and Underused Vaccine Support (“NVS”):** NVS provides vaccines and associated injection equipment to countries that meet certain immunisation coverage criteria, as well as the specific conditions for the type of vaccine requested. These conditions relate to the use of a specific antigen in relation to the disease burden it is designed to prevent. As at the date of this Offering Circular, IFFIm funds have supported vaccines against the diseases described below. Information in this section is extracted without material adjustment from <http://www.who.int/mediacentre/factsheets>.

*Hepatitis B:* A viral infection that attacks the liver and can cause both acute and chronic disease. About 2 billion people worldwide have been infected with the virus and about 350 million live with chronic infection. An estimated 600,000 people die each year due to the acute or chronic consequences of hepatitis B. About 25 per cent. of adults who become chronically infected during childhood later die from liver cancer or cirrhosis (scarring of the liver) caused by the chronic infection.

*Haemophilus influenzae type b or Hib:* A bacterium estimated to be responsible for some three million serious illnesses and an estimated 386,000 deaths per year, mainly through meningitis and pneumonia. Almost all victims are children under the age of five, with those between four and 18 months of age especially vulnerable. In developing countries, where the vast majority of Hib deaths occur, pneumonia accounts for a larger number of deaths than meningitis. However, Hib meningitis is also a serious problem in such countries with mortality rates several times higher than seen in developed countries; it leaves 15 to 35 per cent. of survivors with permanent disabilities such as mental retardation or deafness.

*Yellow Fever:* A viral disease that has caused large epidemics in Africa and the Americas. Infection causes a wide spectrum of disease, from mild symptoms to severe illness and death. Although an effective vaccine has been available for 60 years, the number of people infected over the last two decades has increased and yellow fever is now a serious public health issue again.

*Pneumococcal Disease.* This is a bacterial infection. Each year, pneumococcal disease takes the lives of up to one million children under five years of age, making it the leading vaccine-preventable cause of death among young children. The most effective way to prevent these deaths is to ensure access to effective, safe and affordable vaccines. Approximately 800 thousand children under five years of age die each year from this disease.

*Diphtheria:* This is a bacterial infection transmitted from person to person through close physical and respiratory contact. The disease can be fatal. Between 5% and 10% of diphtheria patients die, even if properly treated. If left untreated, the disease claims even more lives.

*Tetanus:* Also known as lockjaw, tetanus is a bacterial infection. Tetanus affects newborn babies and their mothers, usually as a result of unsafe delivery in unhygienic conditions, often without skilled birth attendants. WHO estimated that tetanus caused 59,000 deaths in 2008.

*Pertussis:* Also known as whooping cough, pertussis is a disease of the respiratory tract caused by bacteria that live in the mouth, nose and throat. Many children who contract pertussis have coughing spells that last four to eight weeks. The disease is most dangerous in infants. WHO estimated that pertussis caused 195,000 deaths in 2008.

Injection Safety Support ("INS"): GAVI Alliance contributes to the provision of auto-disable syringes, reconstitution syringes and safety boxes. These syringes and safety boxes facilitated the administering of vaccines in developing countries. Further details may be found at: <http://www.gavialliance.org/support/what/ins/index.php>.

Immunisation Services Support ("ISS"): GAVI Alliance provides developing countries with flexible reward payments for strengthening their immunisation systems. These payments are subject to strict performance requirements and GAVI Alliance works with governments and inter-agency coordinating committees to set goals and monitor progress. Further details may be found at: <http://www.gavialliance.org/support/what/iss/index.php>.

Health System Strengthening (“HSS”): The objective of HSS support is to achieve and sustain increased immunisation coverage, through strengthening the capacity of the health system to provide immunisation and other health services. Countries are encouraged to use HSS funding to target the “bottlenecks” or barriers in the health system that make it difficult to improve the provision of, and demand for, immunisation and other child and maternal health services. Further details may be found at: <http://www.gavialliance.org/support/what/hss/index.php>.

Vaccine Introduction Grant: Recognising that introduction of a new vaccine can imply additional costs for a country's health system, GAVI provides additional support to bridge this resource gap. This support takes the form of an upfront cash grant and is used by implementing countries to pay for costs such as training, social mobilisation, programme management surveillance and monitoring.

### *Investment Cases*

From time to time, IFFIm funds one-time tactical investments in disease prevention and control. These investments are made through GAVI partners such as the United Nations Children’s Fund (“UNICEF”) and WHO. Each investment targets a disease that constrains progress towards the United Nations Millennium Development Goals for improved child and maternal health. To date, IFFIm has helped to fund the following investment cases:

*Yellow Fever Stockpiles:* GAVI supported the creation and maintenance of yellow fever vaccine stockpiles to ensure that vaccines are ready for deployment as soon as an outbreak is identified. The stockpiles also help to secure supply for routine programmes. IFFIm funds were used for both outbreak response and preventative campaigns.

*Polio Eradication:* GAVI supported intensified eradication activities that were implemented to interrupt wild and vaccine-derived poliovirus transmission. These activities included sustaining polio surveillance and laboratory activities, improving social mobilisation and enhancing technical assistance.

*Measles Mortality Reduction:* GAVI supported efforts to reduce the level of mortality from measles. Each year, measles kills nearly 200,000 people globally, including many children under the age of five. The measles mortality reduction campaign is a partnership among several global health and development agencies to address this major childhood disease. Measles vaccination campaigns have become a channel for the delivery of other life-saving interventions, such as bed nets, de-worming medicine and vitamin supplements.

*Maternal and Neonatal Tetanus:* GAVI supported a campaign to eliminate maternal and neonatal tetanus. Maternal and neonatal tetanus continues to burden the most poorly served populations in the poorest countries in the world. The campaign was implemented to build on existing efforts to improve clean delivery practices and immunisation services in these populations.

*Pentavalent Payment Guarantee:* GAVI provided funds for the purchase of pentavalent vaccine. A single shot of pentavalent vaccine immunises against five infectious diseases: diphtheria, tetanus, pertussis, Hib and hepatitis B. The easy-to-administer liquid formulation pentavalent vaccine has played a significant part in the increase in uptake of the Hib and hepatitis B vaccines. Availability of IFFIm funding secures and stabilises GAVI's capacity to supply pentavalent vaccine. As a result, new manufacturers are incentivised to enter the market and further reduce the price of the vaccine.

*Yellow Fever Continuation:* In March 2009, GAVI, IFFIm and GFA boards approved funding for an extension and expansion of GAVI's original yellow fever investment case described above. The additional funds allowed for increased and extended yellow fever vaccine coverage and also helped offset higher than expected vaccine prices.

*Meningitis Eradication:* GAVI supported efforts to eliminate meningococcal A meningitis epidemics in 25 African countries that were estimated to be home to approximately 95% of the world's meningococcal meningitis burden. Meningococcal meningitis is a bacterial disease that mainly affects children and can result in death or permanent disability. From its inception to 31 December 2010, IFFIm disbursed the following amounts to help fund GAVI's investment cases:

Investment Cases	USD (Millions)
Yellow fever stockpile and eradication	101
Polio eradication	191
Measles mortality reduction	139
Maternal and neonatal tetanus	62
Pentavalent payment guarantee	181

## SUMMARY OF GRANT AGREEMENTS

*The following is a summary of the terms of the Grant Agreements entered into as of the date of this Offering Circular between the Grantors and The GAVI Fund Affiliate, and which have been assigned to IFFIm pursuant to the Deeds of Assignment. This summary is qualified in its entirety by the specific terms of each Grant Agreement, which are available as described in the section entitled "General Information" on page 106, and should be read and construed in accordance therewith.*

### Parties

- (1) The relevant Grantor; and
- (2) The GAVI Fund Affiliate.

### Grant Payments

Subject to the Grant Payment Condition, the relevant Grantor irrevocably and unconditionally undertakes to pay to the Beneficiary (being The GAVI Fund Affiliate or, following an assignment to IFFIm pursuant to a Deed of Assignment, IFFIm) the Grant Payments, in the amounts and on the dates set out in a schedule to the relevant Grant Agreement.

If a Grantor does not make a Grant Payment on a due date, then the Beneficiary shall be entitled to pursue all rights available to it.

### Grant Payment Condition

Each Grant Payment is subject to the condition that if, based on publicly available information released by the IMF as of the Relevant Date for that Grant Payment, any one or more Specified Countries forming part of the Reference Portfolio is in Protracted Arrears in meeting any of its IMF Financial Obligations, the Grant Payment will automatically be reduced by an amount equal to the aggregate of the Reduction Amounts, as determined by the Treasury Manager, for each such Specified Country.

No Reduction Amount will apply to any Grant Payment to be paid by a Grantor on any Grant Payment Date in respect of any Specified Country forming part of the Reference Portfolio unless the Specified Country is in Protracted Arrears in meeting any of its IMF Financial Obligations based on publicly available information released by the IMF as of the Relevant Date for that Grant Payment (notwithstanding the fact that any such Specified Country may previously have been in Protracted Arrears).

### Termination of Obligations

In the event that (1) The GAVI Fund Affiliate fully transfers, by way of absolute assignment or transfer, all of its rights, title, benefit, interest and obligations under a Grant Agreement to IFFIm, and (2) the relevant Grantor receives notification under the Finance Framework Agreement from the Treasury Manager that all of IFFIm's obligations to its creditors (including all Noteholders) have been fully discharged or provided for, then that Grantor's payment obligations under the relevant Grant Agreement shall be terminated.

### Assignment

The GAVI Fund Affiliate may transfer to IFFIm, by way of absolute assignment or transfer, all of its rights, title, benefit, interest and obligations under the relevant Grant Agreement, including with respect to the relevant Grant Payments. The GAVI Fund Affiliate shall give notice, in or substantially in the form set out in the Grant Agreement, to the Grantor of such assignment or transfer. The Grantor shall acknowledge in writing, addressed to The GAVI Fund Affiliate and IFFIm, its receipt of notice of any such assignment or transfer. Upon such assignment or transfer to IFFIm, all references to the Beneficiary in the Grant Agreement shall be deemed to mean IFFIm, and the rights, title, benefit, interest and obligations thereunder (including with respect to the Grant Payments thereunder) assigned or transferred to IFFIm shall not be capable of being further assigned, transferred or

otherwise disposed of in any manner whatsoever (whether absolutely or by way of security) without the prior written consent of the Grantor.

The Grantor may transfer any of its rights, title, interest and obligations to any appropriate ministry or government agency of the relevant Grantor of the same or higher credit standing provided that such transfer is notified to the Beneficiary.

### **Tax Gross-up**

Each Grant Agreement contains gross-up provisions providing that, should any tax be deductible from any Grant Payment due to a change in applicable law of the jurisdiction of the Grantor following the date of the relevant Grant Agreement, then the relevant Grantor is required to pay such additional amounts as may be required to ensure that the Grant Payment is made in full.

An indemnity is also provided on terms that a Grantor shall (within 40 days of demand) pay an amount equal to the loss, liability or cost which the Beneficiary will or has (directly or indirectly) suffered for or on account of tax due to a change in applicable law in respect of the relevant Grant Agreement, subject to certain exceptions.

### **Indemnity**

Each Grant Agreement also provides for the relevant Grantor to indemnify the Beneficiary against any reasonable cost, loss or liability incurred by the Beneficiary as a result of failure, or delay, to pay any sum due from that Grantor pursuant to the relevant Grant Agreement.

### **Undertakings**

The relevant Grantor undertakes to obtain and maintain all authorisations required to enable it to perform its obligations under the relevant Grant Agreement or to ensure the legality, validity, enforceability or admissibility in evidence of the relevant Grant Agreement in the relevant jurisdiction of the Grantor, and to notify the Beneficiary of any breach of its representations and warranties under the Finance Framework Agreement.

### **Governing Law**

Each Grant Agreement is governed by English law (save for the Grant Agreements entered into by the Republic of Italy, the Kingdom of Spain and the State of the Netherlands, which are governed by Italian law, Spanish law and Dutch law, respectively).

Each Grantor which enjoys immunity from jurisdiction or service of process has given a waiver of such immunity. However, each Grantor enjoys a form of immunity from execution, attachment or similar enforcement proceedings against its assets, and none of the Grantors has waived any such immunity.

## TAXATION

### United Kingdom Taxation

*The comments below are of a general nature and are based on current United Kingdom law and HM Revenue & Customs ("HMRC") practice relating only to United Kingdom withholding tax treatment of payments of interest in respect of Notes and are not intended to be exhaustive. They apply only to persons who are absolute beneficial owners of Notes, and do not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders may be subject to tax in a jurisdiction other than the United Kingdom. If you are in any doubt as to your own tax position you should consult an independent professional adviser immediately.*

### Interest on the Notes

The Notes issued will constitute "quoted Eurobonds" within the meaning of section 987 of the Income Tax Act 2007 (UK) (the "ITA") provided they are and continue to be listed on a recognised stock exchange, within the meaning of section 1005 of the ITA. On the basis of HMRC's published interpretation of the relevant legislation, securities which are officially listed by a competent authority in a country which is a Member State for the time being of the European Union or which is part of the European Economic Area and which are admitted to trading on a recognised stock exchange in that country will satisfy this requirement.

In Luxembourg, the Commission de Surveillance du Secteur Financier is a competent authority and the Luxembourg Stock Exchange is a recognised stock exchange. So long as this remains the case, securities will be treated as listed on the Luxembourg Stock Exchange, and will therefore constitute quoted Eurobonds, so long as they are both listed by the Commission de Surveillance du Secteur Financier and admitted to trading on the regulated market of the Luxembourg Stock Exchange.

Whilst the Notes are and continue to be quoted Eurobonds, payments of interest on the Notes may be made without withholding or deduction for or on account of United Kingdom tax.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom tax where interest on the Notes is paid by a company and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that either: (i) the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest, or (ii) the payment falls within the provisions of sections 935, 936 or 937 of the ITA; provided in both cases that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

In other cases, an amount must generally be withheld from payments of interest on the Notes on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Where Notes are issued at an issue price of less than 100 per cent. of their principal amount (i.e. at a discount), any payments in respect of the accrued discount element on any such Notes will not generally be made subject to any withholding or deduction for or on account of United Kingdom income tax as long as they do not constitute payments in respect of interest, but may be subject to the reporting requirements outlined below.

Noteholders may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in

the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Noteholder. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Notes which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005 to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2012. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Noteholder is resident for tax purposes.

### **EC Directive on the Taxation of Savings Income**

Under the EU Savings Directive on the taxation of savings income, each Member State of the European Union is required to provide to the tax authorities of another Member State details of payments of interest (and other similar income) paid by a person within its jurisdiction to, or collected by a person within its jurisdiction for, an individual resident, or certain limited types of entities established, in that other Member State. However, for a transitional period, certain Member States are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other similar income may request that no tax be withheld (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-European Union countries and territories, including Switzerland, have agreed with the EU to adopt similar measures to the EU Savings Directive (a withholding system in the case of Switzerland).

The European Commission has proposed certain changes to the provisions of the EU Savings Directive which may, if implemented, cause them to apply in a wider range of circumstances.

The EU Savings Directive does not preclude Member States from levying other types of withholding tax.

### **Australian Taxation**

Except as otherwise provided in the applicable Pricing Supplement, the following is a summary of certain Australian income tax considerations applicable to an investment in the Notes. It does not cover Dual Currency Notes or Index Linked Notes. In the event such Notes are issued, the Australian income tax considerations applicable to an investment in those Notes will be discussed in the applicable Pricing Supplement.

### **Notes held by Australian residents, or by non-residents carrying on business in Australia at or through a permanent establishment situated therein (*Australian holders*)**

Payments of interest (including original issue discount) made on the Notes will be included in an Australian holder's taxable income.

Provided that the Issuer continues to be a non-resident of Australia and does not carry on a business in Australia at or through a permanent establishment situated therein, then:

- (a) the Tax File Number and Australian Business Number quotation requirements should not apply to the Issuer in respect of the Notes; and
- (b) the interest on the Notes will not be subject to Australian interest withholding tax.

Consequently, the Issuer should not be required to withhold any amounts on account of Australian taxes from payments of interest, or repayments of principal, in respect of the Notes. Instead, Australian holders will be required to include the interest on the Notes held by them in their Australian taxable income.

Where Notes are issued at a discount to their face value, Australian resident noteholders may be required to include the amount of the discount in their taxable income on an accruals basis over the term of the Notes. This will be the case notwithstanding that they will only receive the amount of the discount upon redemption of the Notes by the Issuer.

Where an Australian holder disposes of Notes for an amount greater than the amount paid to acquire them, the resulting gain will be included in the taxable income of that Noteholder. Where the disposal is for an amount less than the amount paid to acquire the Notes, the resulting loss will in certain circumstances be an allowable deduction.

Australian holders that hold New Zealand Notes (which for Australian tax purposes will be financial assets denominated in a foreign currency) may be required to include any foreign currency gains realised by them upon the redemption or disposal of the New Zealand Notes in their Australian taxable income. Alternatively any foreign currency loss realised by Australian holders upon the redemption or disposal of New Zealand Notes may be an allowable deduction from their Australian taxable income.

### **Notes held by non-residents (other than those carrying on business at or through a permanent establishment in Australia)**

Where Notes are held by non-residents of Australia, payments of interest (including original issue discount) made on the Notes would be subject to Australian withholding tax only if the interest was paid by the Issuer in carrying on business in Australia at or through a permanent establishment. Interest on the Notes will not be paid by the Issuer in carrying on business in Australia at or through a permanent establishment.

Where Notes are acquired by non-residents of Australia, payments of interest (including original issue discount) made on the Notes would only be subject to Australian income tax if that interest was regarded as having an Australian source. Where interest is paid by the Issuer to a non-resident Noteholder who acquired the Notes outside Australia, the interest should generally not be regarded as having an Australian source. However, where the interest is derived by a non-resident Noteholder as part of a business carried on by it at or through a permanent establishment in Australia, that interest may be regarded as having an Australian source, in which case it would be subject to Australian income tax.

No Australian income tax is payable on any profit on sale of Notes that are held by non-residents except if the Notes are purchased with the intention of deriving that profit by resale, or the Notes are trading stock of the vendor or if an ordinary incident of the vendor's business is the sale of securities for a profit and, in any case, the profit from the sale has a source in Australia. The profit will generally only have a source in Australia if the business is conducted in Australia, if the Notes are sold in Australia or the Notes are physically held in Australia. Notwithstanding that a profit from a sale of Notes may be prima facie assessable in Australia in the circumstances referred to above, if the vendor is a resident of a country with which Australia has a double tax treaty, then depending on the circumstances of the case and the terms of the relevant treaty, relief from Australian tax may nevertheless be available under the treaty.

### **Other**

Under Australian law as currently in effect, no Australian State or Federal estate duty or other inheritance taxes will be payable in respect of the Notes held at the date of death regardless of the holder's domicile at date of death.

### **New Zealand Taxation**

The following is a summary of the New Zealand withholding tax treatment at the date of this Offering Circular of payments of principal and interest on New Zealand Notes. It does not address all

New Zealand tax issues (including income tax issues) which may be relevant to holders of New Zealand Notes.

Prospective holders of New Zealand Notes (including prospective holders of a beneficial interest in a New Zealand Note) should seek independent advice on the New Zealand tax implications applicable to them.

To the extent that a beneficial interest in a New Zealand Note is held by a New Zealand resident, payments of principal or interest on that New Zealand Note by the Issuer should not be subject to New Zealand resident withholding tax, provided that:

- (a) the Issuer (and any other related entity through which the payments of principal or interest are made) continues to be a non-New Zealand resident, and is not carrying on a taxable activity in New Zealand through a fixed establishment in New Zealand; and
- (b) if Computershare Investor Services Limited (or any other third party) receives principal or interest payments as agent or otherwise on behalf of the holder of that beneficial interest, the holder has provided Computershare Investor Services Limited (or the other third party) with a copy of the holder's valid certificate of exemption from New Zealand resident withholding tax prior to the payment being made, and that certificate of exemption remains valid at the time the payment is made.

To the extent that a beneficial interest in a New Zealand Note is held by a non-New Zealand resident, payments of principal or interest on that Note by the Issuer should not be subject to New Zealand withholding tax provided the interest does not have a New Zealand source. The interest should not have a New Zealand source if the initial subscription proceeds are made available to the Issuer outside New Zealand, all relevant issue documentation is executed outside New Zealand and the Issuer does not use the issue proceeds for the purposes of a business carried on by the Issuer in New Zealand through a fixed establishment (branch) of the Issuer in New Zealand.

Different New Zealand withholding tax considerations may arise where a beneficial interest in a New Zealand Note is jointly held by a New Zealand resident and a non-New Zealand resident. Such persons should seek independent New Zealand tax advice before acquiring a beneficial interest in the New Zealand Notes.

For the purposes of these New Zealand withholding tax considerations, a "New Zealand resident" is a person who is resident in New Zealand for New Zealand income tax purposes or carrying on a business in New Zealand through a fixed establishment in New Zealand, and a "non-New Zealand resident" is a person who is neither resident in New Zealand for New Zealand income tax purposes nor carrying on a business in New Zealand through a fixed establishment in New Zealand.

If, at any time, the Issuer, Computershare Investor Services Limited or any other third party receiving principal or interest as agent or otherwise on behalf of the holder of a beneficial interest in a New Zealand Note is compelled by law to deduct or withhold an amount in respect of any New Zealand withholding taxes, the Issuer or that other third party shall make such deductions and there will be no grossing-up of the payment.

## SUBSCRIPTION AND SALE

### Summary of Programme Agreement

Subject to the terms and on the conditions contained in an Australian and New Zealand MTN Programme Agreement dated 12 November 2010 (as amended or supplemented from time to time) (the "Programme Agreement") between, *inter alios*, IFFIm and the Arranger, the Notes will be offered from time to time to one or more Dealers appointed by IFFIm for that purpose. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by IFFIm through the Dealers, acting as agents of IFFIm. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

IFFIm will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. IFFIm has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the establishment of, and any continuing responsibilities relating to, the Programme.

The Programme Agreement provides that IFFIm will indemnify the Dealers and the Arranger against certain liabilities in connection with the offer and sale of the Notes. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to IFFIm.

### Selling Restrictions

#### 1. United States

The Notes have not been and will not be registered under the Securities Act, and may not be offered, sold, or delivered, directly or indirectly, within the United States of America (including the 50 states and the District of Columbia), its territories, its possessions, and other areas subject to its jurisdiction (the "United States") or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act. Each Dealer has represented and agreed, and each further dealer or distributor will be required to agree, that it has offered and sold any Notes, and will offer and sell any Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after the later of the commencement of the offering of Notes of the same Tranche to persons other than distributors and the date of issue thereof (the "Restricted Period"), only in accordance with Rule 903 of Regulation S under the Securities Act. Accordingly, each Dealer has further represented and agreed, and each further dealer or distributor will be required to further agree, that it, its affiliates, or any persons acting on its or their behalf have not engaged and will not engage in any directed selling efforts with respect to any Note, and it and they have complied and will comply with the offering restrictions requirements of Regulation S. Each Dealer also agrees that, at or prior to confirmation of sale of Notes, it will have sent to each distributor, dealer, person receiving a selling concession, fee or other remuneration, or purchaser that purchases Notes from it during the 40 day period described above a confirmation or notice to substantially the following effect:

"The Securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering of Notes of the same Tranche to persons other than distributors and the date of issue thereof, except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S."

Terms used in the paragraph above have the meanings given to them by Regulation S.

## **2. Australia**

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that in connection with the distribution of the Notes, it:

- (i) must not make any offer or invitation in Australia or which is received in Australia in relation to the issue, sale or purchase of any Notes unless the offeree or invitee is required to pay at least A\$500,000 for the Notes (disregarding amounts, if any, lent by the Issuer or other person offering the Notes or its associates (within the meaning of those expressions in Part 6D.2 of the Corporations Act)), or it is otherwise an offer or invitation in respect of which by virtue of s708 of the Corporations Act no disclosure is required to be made under Part 6D.2 of that Act; and
- (ii) has not circulated or issued and will not circulate or issue a disclosure document relating to the Notes in Australia or which is received in Australia which requires lodging under Division 5 of Part 6D.2 of the Corporations Act.

## **3. New Zealand**

The Issuer does not intend that Notes be offered for sale or subscription to the public in New Zealand in terms of the Securities Act 1978. Accordingly, no prospectus has been or will be registered, and no investment statement will be prepared, under the Securities Act 1978.

The Notes shall not be directly or indirectly offered for sale or transferred to any member of the public in New Zealand in breach of the Securities Act 1978 or the Securities Regulations 2009 of New Zealand. In particular, but without limitation, Notes may only be offered or transferred either:

- (i) to persons whose principal business is the investment of money or to persons who, in the course of and for the purposes of their business, habitually invest money within the meaning of section 3(2)(a)(ii) of the Securities Act 1978; or
- (ii) to persons who are each required to pay a minimum subscription price of at least NZ\$500,000 for the Notes (disregarding any amount lent by the offeror, the Issuer or any associated person of the offeror or Issuer) before the allotment of those Notes and who have a minimum holding of the Notes of at least NZ\$500,000; or
- (iii) to any other persons in circumstances where there is no contravention of the Securities Act 1978, provided that Notes shall not be offered or sold to any "eligible person" (as defined in section 5(2CC) of the Securities Act 1978) unless that person also satisfies the criteria in paragraphs (i) or (ii) above.

In addition, each Dealer is deemed to represent and agree that it will not distribute the Offering Circular or any other advertisement (as defined in the Securities Act 1978) in relation to any offer of the Notes in New Zealand other than to any such persons as referred to in paragraphs (i) to (iii) above.

## **4. United Kingdom**

Each Dealer has represented, warranted and agreed that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the "FSMA") by IFFIm;

- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to IFFIm; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

## **5. Japan**

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law Act of Japan (Act No. 25 of 1948, as amended) and, accordingly, each Dealer has represented, warranted and agreed that it will not offer or sell any Notes, directly or indirectly, in Japan or to or for the benefit of, any Japanese Person or to others for reoffering or resale, directly or indirectly, in Japan or to or for the benefit of, any Japanese Person except under circumstances which will result in compliance with all applicable laws, regulations and guidelines promulgated by the relevant Japanese governmental and regulatory authorities and in effect at the relevant time. For the purposes of this paragraph, "Japanese Person" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

## **6. Hong Kong**

Each Dealer has represented, warranted, and agreed that, and each further Dealer appointed under the Programme will be required to represent, warrant, and agree, that:

- (i) it has not offered or sold and will not offer or sell in the Hong Kong Special Administrative Region of the People's Republic of China ("Hong Kong"), by means of any document, any Notes other than (i) to "professional investors" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the "SFO") and any rules made under the SFO, or (ii) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies Ordinance (Cap. 32) of Hong Kong ("CO") or which do not constitute an offer to the public within the meaning of the CO; and
