

The International Finance Facility for Immunisation Global Debt Issuance Programme

On 3 November 2006, International Finance Facility for Immunisation Company ("IFFIm" or the "Issuer") established a Global Debt Issuance Programme. Any Notes (as defined below) issued under the Programme (as defined below) on or after the date hereof are issued as described in, and subject to the terms and conditions set out in this Prospectus. This does not affect any Notes already in issue.

Under the Global Debt Issuance Programme described in this Prospectus (the "Programme"), IFFIm, subject to compliance with all relevant laws, regulations and directives, may from time to time issue debt securities (the "Notes"). There is no limit on the total aggregate principal amount of Notes which may be issued or outstanding at any time under the Programme. Notes will be issued on the terms and conditions set out in this document, as modified and supplemented by the terms set out in the pricing supplement (each a "Pricing Supplement") in respect of a Series (as defined herein) of Notes published at the time of issue.

This Prospectus comprises neither a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) (the "Prospectus Directive") nor a document for listing purposes under the EuroMTF market of the Luxembourg Stock Exchange, but does comprise a base prospectus solely for the purposes of the Luxembourg law of 10 July 2005 on prospectuses for securities (the "Luxembourg Prospectus Law") insofar as it applies to exempt issuers under Article 1(2)(b) and/or Article 1(2)(e) of the Prospectus Directive. Application has therefore been made to the Commission de Surveillance du Secteur Financier (the "CSSF") in its capacity as competent authority under the Luxembourg Prospectus Law (as amended), to provide a certificate of approval attesting that the simplified prospectus has been drawn up in accordance with Part III of the Luxembourg Prospectus Law for the purposes of offering the Notes issued under the Programme to the public in Luxembourg. By approving this Prospectus, the CSSF assumes no responsibility as to the economic and financial soundness of the transactions contemplated by this Prospectus or the quality or solvency of IFFIm, in accordance with Article 31(6) of the Luxembourg Prospectus Law (as amended). Application has also been made to the Luxembourg Stock Exchange for the Notes issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the official list of the Luxembourg Stock Exchange. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, "MiFID II"). However, unlisted Notes may be issued pursuant to the Programme, and Notes may be listed on stock exchanges other than the Luxembourg Stock Exchange. The relevant Pricing Supplement in respect of the issue of any Notes will specify whether or not such Notes will be listed on the Luxembourg Stock Exchange and admitted to trading on the Luxembourg Stock Exchange's regulated market, will be listed on any other stock exchange or will be unlisted.

Each Series (as defined in "Overview of the Programme" below) of Notes in bearer form ("Bearer Notes") will be represented on issue by a temporary global note in bearer form (each a "Temporary Regulation S Global Note") or a permanent global note in bearer form (each a "Permanent Regulation S Global Note" and, together with the Temporary Regulation S Global Notes, the "Global Notes"). If the Global Notes are stated in the applicable Pricing Supplement to be issued in new global note ("NGN") form, they will be delivered on or prior to the original issue date of the Tranche (as defined in "Overview of the Programme" below) to which they relate to a common safekeeper (the "Common Safekeeper") for Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream, Luxembourg"). Global Notes which are not issued in NGN form ("Classic Global Notes" or "CGNs") will be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg (the "Common Depository"), or with an alternative clearing and settlement system as disclosed in the relevant Pricing Supplement.

Each Series of Notes in registered form ("Registered Notes") and which are sold in an "offshore transaction" within the meaning of Regulation S ("Regulation S Registered Notes") under the U.S. Securities Act of 1933, as amended (the "Securities Act"), will initially be represented by a permanent registered global certificate (each a "Regulation S Global Certificate") which may (or in the case of Notes listed on the Luxembourg Stock Exchange are expected to) be deposited on the issue date with, and registered in the name of a nominee for, the Common Depository. Registered Notes which are sold in the United States to "qualified institutional buyers" within the meaning of Rule 144A under the Securities Act ("Rule 144A Registered Notes") will initially be represented by a registered global certificate (each a "Rule 144A Global Certificate" and, together with the Regulation S Global Certificate, the "Global Certificates"), which may be deposited on the issue date either with (a) the Common Depository and registered in the name of a nominee for such Common Depository, or (b) a custodian for, and registered in the name of Cede & Co. as nominee for, The Depository Trust Company ("DTC"). In the case of Notes listed on the official list of the Luxembourg Stock Exchange, such Rule 144A Global Certificates are expected to be deposited on the issue date with the Common Depository on behalf of Euroclear and Clearstream, Luxembourg.

The Notes are unsecured senior notes, which will rank equally with all other unsubordinated and unsecured indebtedness of the Issuer. The provisions governing the exchange of interests in Global Notes and Global Certificates for other Global Notes and other Global Certificates and Notes in definitive form are described in "Summary of Provisions Relating to the Notes while in Global Form".

Prospective investors should have regard to the factors described under the section headed "Risk Factors" in this Prospectus.

The Notes have not been recommended by the U.S. Securities and Exchange Commission or any other U.S. federal or state securities commission or regulatory authority nor have such authorities confirmed the accuracy or adequacy of this document. Any representation to the contrary is a criminal offence in the United States. The Notes have not been and will not be registered under the Securities Act, or with any securities regulatory authority of any state or other jurisdiction of the United States, and the Notes may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in compliance with applicable state securities laws. Bearer Notes are subject to U.S. tax law restrictions.

Amounts payable under the Floating Rate Notes may be calculated by reference to one of LIBOR or EURIBOR as specified in the applicable Pricing Supplement (or such other benchmark as may be specified in the applicable Pricing Supplement). As at the date of this Prospectus, the European Money Markets Institute (the administrator of EURIBOR) does not appear on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("ESMA") pursuant to Article 36 of Regulation (EU) No. 2016/1011 (the "Benchmark Regulation"), nor do any administrators of LIBID and LIMEAN. ICE Benchmark Administration Limited (the administrator of LIBOR) does appear on ESMA's register.

As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmark Regulation apply, such that the administrator of EURIBOR is not currently required to obtain authorisation or registration (or, if located outside the European Union (the "EU"), recognition, endorsement or equivalence).

So far as IFFIm is aware and is able to ascertain from such published information, no facts have been omitted which could render such information misleading. Neither Gavi nor any Grantor makes any representation, express or implied, or accepts any responsibility with respect to the accuracy or completeness of any of the information contained in this Prospectus, or in any information incorporated herein by reference.

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by IFFIm or any of the Dealers, the Arranger or the Trustee (each as defined herein). Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of IFFIm since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of IFFIm since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

This Prospectus does not constitute an offer of, or an invitation by or on behalf of, IFFIm, the Arranger, the Dealers or the Trustee to subscribe for, or purchase, any Notes.

The Arranger, the Dealers and the Trustee have not separately verified the information contained in this Prospectus. None of the Arranger, the Dealers or the Trustee makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information contained or incorporated in this Prospectus. Neither this Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of IFFIm, the Arranger, the Dealers or the Trustee that any recipient of this Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Arranger, the Dealers or the Trustee undertakes to review the financial condition or affairs of IFFIm during the life of the arrangements contemplated by this Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Arranger, the Dealers or the Trustee.

Certain Notes are complex financial instruments and may not be suitable for all investors. Investors should have sufficient knowledge and experience in financial and business matters to evaluate the information contained in the Prospectus and in the applicable Pricing Supplement, and the merits and risks of investing in a particular issue of such Notes in the context of their financial position and particular circumstances. In particular, investors should have access to, and knowledge of, appropriate analytical resources to evaluate the sensitivity of such Notes to changes in economic conditions, interest rates, exchange rates or other indices, the calculation formulae and redemption, options and other rights associated with such Notes and other factors which may have a bearing on the merits and risks of an investment in any issue of such Notes. Investors should have the financial capacity to bear the risks associated with any investment in the Notes.

The distribution of this Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by IFFIm, the Dealers and the Arranger to inform themselves about and to observe any such restrictions. The Notes have not been and will not be registered under the Securities Act, or with any securities regulatory authority of any state or other jurisdiction of the United States, and may include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or, in the case of Bearer

Notes, delivered within the United States or to or for the account or benefit of U.S. persons (as defined in Regulation S under the Securities Act (“Regulation S”) and for U.S. federal income tax purposes).

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Pricing Supplement in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

THIS PROSPECTUS HAS BEEN PREPARED BY IFFIM FOR USE IN CONNECTION WITH THE OFFER AND SALE OF THE NOTES OUTSIDE THE UNITED STATES TO NON-U.S. PERSONS IN RELIANCE ON REGULATION S AND WITHIN THE UNITED STATES TO “QUALIFIED INSTITUTIONAL BUYERS” AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT (“RULE 144A”) IN RELIANCE ON RULE 144A AND FOR LISTING OF THE NOTES ON THE OFFICIAL LIST OF THE LUXEMBOURG STOCK EXCHANGE AND/OR ANY OTHER STOCK EXCHANGE. PROSPECTIVE PURCHASERS ARE HEREBY NOTIFIED THAT SELLERS OF THE NOTES MAY BE RELYING ON THE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF SECTION 5 OF THE SECURITIES ACT PROVIDED BY RULE 144A. FOR A DESCRIPTION OF THESE AND CERTAIN FURTHER RESTRICTIONS ON OFFERS, SALES AND TRANSFERS OF NOTES AND DISTRIBUTION OF THIS PROSPECTUS, SEE “SUBSCRIPTION AND SALE” AND “TRANSFER RESTRICTIONS”.

THE NOTES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION, ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER U.S. REGULATORY AUTHORITY, NOR HAVE ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OF NOTES OR THE ACCURACY OR THE ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

In connection with the issue of any Tranche, the Dealer or Dealers (if any) named as the stabilising manager(s) (the “Stabilising Manager(s)”) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Pricing Supplement may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may cease at any time, but must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

AVAILABILITY OF INFORMATION

To permit compliance with Rule 144A in connection with any resales or other transfers of Notes that are “restricted securities” within the meaning of Rule 144(a)(3) under the Securities Act, IFFIm has undertaken in the Dealer Agreement (as defined herein) to furnish, upon the request of a holder of such Notes or any beneficial interest therein, to such holder or to a prospective purchaser designated by such holder, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, IFFIm is neither a reporting company under Section 13 or 15(d) of the U.S. Securities Exchange Act of 1934, as amended (the “Exchange Act”), nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

Notwithstanding anything herein to the contrary, investors (and each employee, representative or other agent of the investors) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of the offering of Notes and all materials of any kind (including opinions or other tax analyses) that are provided to the investors relating to such tax treatment and tax structure (as such terms are defined in U.S. Treasury Regulation Section 1.6011-4). This authorisation of tax disclosure is retroactively effective to the commencement of discussions between IFFIm, the Arranger and the Dealers or their respective representatives and a prospective investor regarding the transactions contemplated herein.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

IFFIm is a company incorporated under the laws of England and Wales. With the exception of one director, none of the directors of IFFIm is a resident of the United States, and all or a substantial portion of the assets of IFFIm (save for funds standing from time to time to the credit of the IFFIm Account, which may be held within the United States by the Treasury Manager, and any investment assets of IFFIm invested on its behalf by the Treasury Manager in the United States, which, from time to time, may represent a substantial portion of IFFIm’s assets) and such persons are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon IFFIm or such persons or to enforce against any of them in the United States courts judgments obtained in United States courts, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any state or territory within the United States. There is doubt as to the enforceability in England and Wales, in original actions or in actions for the enforcement of judgments of U.S. courts, of civil liabilities predicated solely upon the federal securities laws of the United States.

SUPPLEMENTS TO THE PROSPECTUS

If at any time IFFIm is required to prepare a supplement to this prospectus pursuant to Article 39 of the Luxembourg Prospectus Law, IFFIm will prepare and make available an appropriate supplement to this Prospectus or a further prospectus which, in respect of any subsequent issue of Notes to be listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Luxembourg Stock Exchange’s regulated market, shall constitute a prospectus supplement as required by Article 39 of the Luxembourg Prospectus Law.

IFFIm has given an undertaking to the Dealers that (unless IFFIm has notified the Arranger in writing that it does not intend to issue Notes under the Programme), if at any time during the duration of the Programme there is a significant new factor, material mistake or inaccuracy relating to information contained in this Prospectus which is capable of affecting an assessment by investors of the assets and liabilities, financial position, profits and losses and prospects of IFFIm and/or the rights attaching to the Notes or if the Prospectus shall otherwise come to contain an untrue statement of a material fact or omit to state a fact necessary to make the statements contained herein not misleading in any material respect, IFFIm shall prepare a supplement to this Prospectus or publish a replacement Prospectus for use in connection with any subsequent offering of the Notes.

Interest Periods and Interest Rates:	The length of the interest periods for Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Pricing Supplement.
Redemption:	The relevant Pricing Supplement will specify the basis for calculating the redemption amounts payable. Unless permitted by then applicable laws and regulations, Notes which have a maturity of less than one year must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).
Redemption by Instalments:	The Pricing Supplement issued in respect of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.

Other Notes:	Terms applicable to high interest Notes, low interest Notes, step-up Notes, step-down Notes, reverse dual currency Notes, optional dual currency Notes, partly paid Notes and any other type of Note that IFFIm, the Trustee and any Dealer or Dealers may agree to issue under the Programme will be set out in the relevant Pricing Supplement and, if necessary, IFFIm will publish a replacement prospectus for use in connection with such Notes.
Optional Redemption:	The Pricing Supplement issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of IFFIm (either in whole or in part) and/or the holders, and if so the terms applicable to such redemption.
Status of Notes:	The Notes will constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 4) unsecured obligations of IFFIm all as described in “ <i>Terms and Conditions of the Notes — Status of the Notes</i> ”. The Notes will rank <i>pari passu</i> among themselves and at least equally with IFFIm’s payment obligations in respect of all other unsecured and unsubordinated Indebtedness for Borrowed Money of IFFIm.
Negative Pledge:	The terms of the Notes will contain a negative pledge, as further described in “ <i>Terms and Conditions of the Notes — Negative Pledge</i> ”.
Default (including Cross Default):	<p>The terms of the Notes will contain a cross-default provision in respect of bonds, notes or similar obligations, including all loan facilities, issued, assumed or guaranteed by IFFIm.</p> <p>If IFFIm defaults on payments under the Notes and such default continues for 90 days, or under the cross-default provision set out in Condition 10(b), or the IFFIm Gearing Ratio exceeds 100 per cent. for 150 consecutive days, payment on the Notes may be accelerated after notice of such default is delivered to IFFIm if such default is continuing 30 days after delivery of such notice. See “<i>Terms and Conditions of the Notes — Events of Default</i>”.</p>
Early Redemption:	Save as described under “Optional Redemption” above, Notes will be redeemable at the option of IFFIm prior to maturity only for tax reasons. See “ <i>Terms and Conditions of the Notes — Redemption, Purchase and Options</i> ”.

In that event, IFFIm will pay, subject to certain exceptions, additional amounts, all as described in “ <i>Terms and Conditions of the Notes — Taxation</i> ”. Under certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as “FATCA”, or non-U.S. laws implementing an intergovernmental approach to FATCA, certain financial institutions may be required from 1 January 2019 to withhold U.S. tax from certain payments made to certain holders of notes issued by such financial institutions after a prescribed grandfathering date. IFFIm does not expect these provisions to apply to payments it makes on the Notes. However, were any FATCA withholding to be required, no additional amounts would be payable by IFFIm in respect of such withholding. See “ <i>Terms and Conditions of the Notes — FATCA Withholding</i> ”.

Approval, Listing and Admission to Trading:	Application has been made to the CSSF to approve this document as a simplified prospectus. Unless the relevant Pricing Supplement indicates otherwise, application has also been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and to be listed on the Official List of the Luxembourg Stock Exchange, and references to listing shall be construed accordingly. As specified in the relevant Pricing Supplement, a Series of Notes may be unlisted.
Ratings:	Tranches of Notes may be rated or unrated. Where a Tranche of Notes is rated, such rating will be specified in the relevant Pricing Supplement. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.
Redenomination, Renominalisation and/or Consolidation:	Notes denominated in a currency of a country that subsequently participates in the third stage of European Economic and Monetary Union may be subject to redenomination, renominalisation and/or consolidation with other Notes then denominated in euro. The provisions applicable to any such redenomination, renominalisation and/or consolidation will be as specified in the relevant Pricing Supplement.
Pricing Supplement:	The specific terms of each Tranche will be set forth in a Pricing Supplement which, where applicable, will be annexed to the relevant Global Note or Global Certificate. For the purposes of the Luxembourg Prospectus Law, insofar as it applies to exempt issuers under Article 1(2)(b) and/or Article 1(2)(e) of the Prospectus Directive, all references in this document to “Pricing Supplement” should be read and construed as references to “Final Terms”.
Selling Restrictions:	<p>United States, the United Kingdom and Japan. See “<i>Subscription and Sale</i>” below.</p> <p>Notes issued by IFFIm are treated as Category 2 for the purposes of Regulation S.</p> <p>Bearer Notes will be issued in compliance with rules in substantially the same form as U.S. Treasury Regulation §1.163-5(c)(2)(i)(D) for the purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) (the “D Rules”) unless (i) the relevant Pricing Supplement states that Notes are issued in compliance with rules in substantially the same form as U.S. Treasury Regulation §1.163-5(c)(2)(i)(C) for the purposes of Section 4701 of the Code (the “C Rules”) or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“TEFRA”), which circumstances will be referred to in the relevant Pricing Supplement as a transaction to which TEFRA is not applicable.</p>

Risk Factors:

The Notes are the obligations of IFFIm only, and not of any other person. IFFIm's ability to make payments is dependent primarily upon its receipt of Grant Payments and the performance and observance by any Grantor of its obligations under the relevant Grant Agreement. IFFIm bears no responsibility for such performance. IFFIm is a special purpose vehicle with no revenue-generating operations of its own and is dependent on the Treasury Manager for its financial operations. Recourse against IFFIm for principal and interest due under the Notes is limited.

Notes may not be a suitable investment for all investors. Notes may be subject to optional redemption by IFFIm. IFFIm may issue Notes that are index linked, dual currency, partly-paid, variable rate, fixed or floating rate.

Investors should see further the section entitled "Risk Factors" below.

Governing Law:

English law, save as otherwise disclosed in the Pricing Supplement in respect of any particular Notes.

RISK FACTORS

Prospective investors should consider carefully the risks set forth below and the other information contained in this Prospectus prior to making any investment decision with respect to the Notes. Each of the risks described below could have a material adverse effect on the operations, financial condition or prospects of IFFIm, which, in turn, could have a material adverse effect on the amount of principal and interest which investors will receive in respect of the Notes. In addition, each of the risks described below could adversely affect the trading price of the Notes or the rights of investors under the Notes and, as a result, investors could lose some or all of their investment.

Prospective investors should note that the risks described below are not the only risks which IFFIm faces. IFFIm has described only those risks relating to its operations that it considers to be material. There may be additional risks that it currently considers not to be material or of which it is not currently aware, and any of these risks could have the effects stated above.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Risk Factors relating to IFFIm and the Financial Structure

The Notes are the obligations of IFFIm only

The Notes will be direct, unconditional, unsubordinated and (subject to the provisions of Condition 4), unsecured obligations of IFFIm only and will not be guaranteed by, or be the responsibility of, any other person, including the Grantors. Gavi has no obligation, contingent or otherwise, to pay any amounts under the Notes.

Furthermore, no person other than IFFIm will accept any liability whatsoever to Noteholders in respect of any failure by IFFIm to pay any amount due under the Notes.

IFFIm's ability to make payments

The ability of IFFIm to make payments of principal and interest under the Notes will depend primarily on receipt by IFFIm of the Grant Payments under the Grant Agreements. IFFIm will not have any other significant sources of funds available to meet its obligations under the Notes.

It should be noted that all Grant Payments are made subject to the Grant Payment Condition. Therefore, if any one or more Specified Countries forming part of the Reference Portfolio is in Protracted Arrears, then each Grant Payment due for payment will be reduced by an amount equal to the Reduction Amount for each such Specified Country.

If, as a result of such reductions, Grant Payments due from Grantors do not provide IFFIm with sufficient funds to enable it to make required payments on any Notes, the holders of such Notes may receive less interest and/or principal than would otherwise be due and payable to them.

Recourse against IFFIm for principal and interest due under the Notes is limited

The liability of IFFIm to pay any amount due under the Notes, Coupons and Receipts shall be limited to the net proceeds of the realisation of all the assets of IFFIm and to the extent of the Noteholders', Couponholders' and Receiptholders' entitlements pursuant to the Note Trust Deed. If such amount is insufficient to pay all IFFIm's obligations under the Notes, Coupons and Receipts and under the Note Trust Deed and any other Indebtedness for Borrowed Money ranking *pari passu* with the Notes in full for any reason, IFFIm shall have no obligation to make up the insufficiency. Any insufficiency in respect of the Notes shall be borne by Noteholders, Couponholders and Receiptholders *pro rata* and *pari passu*.

IFFIm may issue Other Debt Instruments and may incur other liabilities which rank *pari passu* with IFFIm's payment obligations under the Notes.

The Notes are corporate obligations only of IFFIm

No recourse under any obligation, covenant or agreement of IFFIm under the Notes, the IFFIm Financing Documents or the Transaction Documents shall be made against any director or member of IFFIm as such, it being understood that the obligations of IFFIm under the Notes, the IFFIm Financing Documents and the other Transaction Documents are corporate obligations of IFFIm, and no personal

liability shall attach to, or be incurred by, the directors or members of IFFIm as such, under or by reason of any such obligations, covenants and agreements of IFFIm.

IFFIm has limited assets

IFFIm's principal assets consist of (i) its rights under the Grant Agreements (including the right to receive Grant Payments thereunder pursuant to the Deeds of Assignment), (ii) its rights under the other Transaction Documents to which it is a party, (iii) the funds standing to the credit from time to time of the IFFIm Account and any investments made on its behalf by the Treasury Manager, and (iv) its rights under Derivatives Transactions.

Upon acceleration of any Notes, sufficient proceeds may not be realised from such assets to permit all repayments of principal and payments of interest on the Notes outstanding at such time to be made.

However, the terms of the Finance Framework Agreement place limitations upon the aggregate value of Approved Programmes, and prevent approvals of further programmes where IFFIm's credit rating has been downgraded below AA or equivalent (or such other credit rating as may be proposed to the Grantors by IFFIm in consultation with the Treasury Manager and which credit rating has been consented to by each of the Grantors in writing) by at least two Applicable Rating Agencies, or where to do so would, in the determination of the Treasury Manager, cause IFFIm to be in breach of the IFFIm Gearing Ratio Limit. For further information regarding recent developments relating to IFFIm's credit rating, see the section entitled "IFFIm – Rating" on page 76.

IFFIm bears no responsibility for performance by the Grantors

Neither IFFIm, the Treasury Manager nor the Trustee gives or has given (or has received from The GAVI Fund Affiliate or Gavi) any representation or warranty in respect of, or shall at any time have any responsibility, liability or obligation in respect of, the performance and observance by any Grantor of its obligations under the relevant Grant Agreement entered into by such Grantor, the recoverability of any sum due or to become due from any Grantor under any Grant Agreement, or any other act, default or omission of any Grantor under or in respect of any Grant Agreement, the Finance Framework Agreement, or any other Transaction Document. Neither IFFIm, the Treasury Manager nor the Trustee shall at any time have any responsibility for, or obligation or liability in respect of, the financial condition, creditworthiness, affairs, status or nature of any Grantor.

Financial servicing of the Notes is dependent upon performance by the Grantors

The financial servicing and performance of the terms of the Notes depend primarily upon performance by each Grantor of its obligations under the Grant Agreement to which it is a party, and its covenant to make payments thereunder.

In connection with this risk, prospective investors should note that each Grantor has represented and warranted to IFFIm and the other parties to the Finance Framework Agreement that the Grant Agreement to which it is a party constitutes valid and binding obligations of such Grantor.

IFFIm has experienced occasional payment delays by some Grantors which have not been material and have not adversely affected IFFIm's credit ratings nor IFFIm's financial condition. Delays in the future, if material, could adversely affect IFFIm's credit ratings and the value of the Notes.

Prospective investors should also note that no proprietary or other legal interest in IFFIm's rights under or in respect of any Grant Agreement which has been assigned to it exists for the benefit of the Noteholders. No Noteholder will have any entitlement to enforce any Grant Agreement or have direct recourse to a Grantor.

Certain payments to be made by a Grantor under a Grant Agreement may require additional or annual parliamentary or ministerial approval before they can be made

The obligations of each Grantor to make Grant Payments under its Grant Agreement constitute its valid, binding and enforceable obligations. Each Grantor has obtained the necessary approvals, including parliamentary and ministerial approvals, for the payment of its Grant Payments and its other payment obligations under its Grant Agreement, subject to the following exceptions:

(1) A Grantor may require additional parliamentary or ministerial approval prior to satisfying a payment obligation arising under the gross-up provision, the tax indemnity provision or the

general indemnity provision of its Grant Agreement. An approval of this nature may not be obtainable until the amount and nature of the payment is known. Other than in respect of the Republic of Italy (as to which see further below), a failure to obtain such approval will not affect the valid, binding and enforceable nature of such payment obligations.

With respect to the Republic of Italy, the Italian Parliament authorised participation in the International Finance Facility for Immunisation project, and allocated EUR 504 million for the Ministry of Economy and Finance to make the total aggregate amount of its Grant Payments under its initial Grant Agreement, under Law No. 266 of 23 December 2005 (the “2006 Budget Law”) and allocated EUR 534 million for the support of co-operation to development policies, including IFFIm, under Law No. 220 of 13 December 2010 (the “2011 Budget Law”). Any payment obligation assumed by the Italian Ministry of Economy and Finance under its Grant Agreements which (when aggregated with the total scheduled Grant Payments) exceeds the amount set out in the 2006 Budget Law and the 2011 Budget Law will require the prior adoption of a further parliamentary law or ministerial provision in respect of such excess amount in order to constitute a legal, valid, binding and enforceable obligation of the Ministry of Economy and Finance on behalf of the Republic of Italy.

(2) In the Kingdom of Spain, the Spanish Council of Ministers must approve its Grant Payments on an annual basis.

(3) In the United Kingdom, the Department for International Development (as Grantor under the United Kingdom’s Grant Agreement) relies on the Appropriation Act, passed annually, for its annual budgetary allocation (from which, among other things, it will make the Grant Payments due from it in the relevant year).

(4) In the Republic of Italy, an ad hoc order of payment will need to be adopted before each Grant Payment is effected.

(5) In the Commonwealth of Australia, an appropriation must be made by the Commonwealth Parliament in respect of each Grant Payment.

None of the approval mechanisms referred to in (1) to (5) above affects the valid, binding or enforceable nature of the undertakings of the relevant Grantors to make their scheduled Grant Payments.

Intervention by the UK Charity Commission

IFFIm is regulated by the UK Charity Commission. The UK Charity Commission has power under the Charities Act 2006 (as amended from time to time) to institute inquiries and investigations into charities and, pending the outcome of any such inquiry and investigation, it may, among other things:

- remove or suspend a charity trustee, officer, agent or employee of the charity from his office or employment and, where applicable, from his membership of the charity;
- establish a scheme for the administration of the charity;
- vest the charity’s property in the official custodian;
- appoint additional charity trustees;
- order any debtor of the charity not to make any payment to the charity without the approval of the UK Charity Commission;
- order any person holding the charity’s property not to part with it without the permission of the UK Charity Commission;
- restrict the transactions that may be entered into or payments made by a charity without the approval of the UK Charity Commission;
- appoint an interim manager, who shall act as receiver and manager in respect of the property and affairs of the charity;
- order the charity trustees, any officer or employee of the charity or the charity itself to take any action which the UK Charity Commission considers to be expedient in the interests of the charity; and/or

- enter premises to take and seize documents or information if such search and seizure is authorised by the Justice of the Peace.

The UK Charity Commission may also (without inquiry or investigation under way), if it is satisfied that a person or persons in possession or control of any property held by or on trust for a charity is or are unwilling to apply it properly for the purposes of the charity and that it is necessary or desirable to make an order for the purpose of securing a proper application of that property for the purposes of the charity, order the person or persons concerned to apply the property in such manner as is specified in the order, subject to certain conditions.

Any such action by the UK Charity Commission may adversely affect the ability of IFFIm to make payments in respect of the Notes.

The size of the Treasury Manager's hedging exposure to IFFIm may affect IFFIm's funding strategy and the effectiveness of IFFIm's hedging strategy is dependent on the performance and availability of hedging counterparties

IFFIm has selected a single operating currency, being U.S. dollars. IFFIm, on the advice of the Treasury Manager, has entered into and will continue to enter into appropriate hedging transactions to limit, inter alia, the future impact of changes in currency and interest rates on the value of each Grant Agreement and currency and interest rate risks in respect of Notes issued under the Programme.

IFFIm's ability to effectively hedge currency, interest rate, and other risks, and thus to meet its obligations under the Notes, the Transaction Documents and any other Indebtedness for Borrowed Money, depends on the performance and creditworthiness of its hedging counterparties from time to time.

Under the hedging agreement between IFFIm and IBRD, neither party is required to post collateral with the other as long as such party is rated AAA or equivalent by specified credit rating agencies. IBRD is currently rated AAA, and thus is not currently obliged to post collateral to IFFIm in support of its obligations under the hedging transactions between it and IFFIm. IFFIm was rated AAA, Aaa and AAA by S&P, Moody's and Fitch respectively, at inception. However, IFFIm's credit rating has subsequently been downgraded in response to downgrades to the credit ratings of certain of IFFIm's Grantors. IFFIm is currently rated AA (negative outlook), Aa1 (stable outlook) and AA (negative outlook) by S&P, Moody's and Fitch respectively.

As a result of these downgrades IBRD has the right to require IFFIm to post collateral under the hedging agreement between IFFIm and IBRD. Although IBRD has not exercised that right, agreement has been reached between IBRD and IFFIm to apply a percentage that will be deducted from the IFFIm Gearing Ratio Limit from time to time to manage the exposure of IBRD under the derivative transactions entered into between IFFIm and IBRD (the "Risk Management Buffer"). This Risk Management Buffer may be adjusted by the Treasury Manager in its sole discretion.

Accordingly, IFFIm may incur exposure to IBRD, depending on currency and interest rate movements in respect of outstanding transactions.

Furthermore, under the Treasury Management Agreement, IFFIm acknowledges that the Treasury Manager intends to hedge its exposure resulting from its transactions with IFFIm by entering into offsetting transactions with market counterparties. In the event that the Treasury Manager is unable to enter into such offsetting transactions with counterparties that meet its credit standards or is otherwise unable effectively to hedge its financial risks, the Treasury Manager is not obliged to enter into hedging transactions with IFFIm.

IFFIm is dependent on the Treasury Manager for its financial operations

IFFIm has no employees and has undertaken that it will not have any employees in the future. IFFIm's financial operations will be handled by the Treasury Manager. IFFIm and the IBRD have entered into the Treasury Management Agreement, under which IBRD will serve as the Treasury Manager for IFFIm and will provide the services described therein. The Treasury Management Agreement had an initial term of five years expiring on 29 September 2011. On 28 September 2011, IFFIm and IBRD agreed to extend the Treasury Management Agreement on its existing terms for an interim period until 5 October 2011. IFFIm and IBRD renewed the Treasury Management Agreement on 5 October 2011 on substantially the same terms as the original agreement. IBRD's term as Treasury Manager was thereafter renewed for a further five years up to 5 October 2016, and then

again for a further 5 years until 5 October 2021. IFFIm has undertaken to use all reasonable endeavours to maintain a treasury manager at all times, which is expected to be a Multilateral Development Bank, but there can be no assurance that, if required, IFFIm would be able to engage a Multilateral Development Bank to provide the services currently provided by the IBRD. IFFIm has the right to terminate its agreement with the Treasury Manager upon 90 days' notice. On 8 February 2013 and 11 June 2013, IFFIm and IBRD agreed to make certain consequential amendments to the Treasury Management Agreement as a result of their entry into the Second Deed of Novation and the introduction of the Risk Management Buffer, respectively. The term of the Treasury Manager's appointment under the Treasury Management Agreement is unaffected by these consequential amendments and no substantive amendments have been made to the terms of IBRD's appointment.

Prospective investors should also note that the Treasury Manager has the right to resign from its appointment upon notice to IFFIm, provided that no such resignation shall take effect until the earlier of the appointment of a new Treasury Manager by IFFIm or a period of 12 months having elapsed from the date of such notice of resignation. If IBRD resigns as Treasury Manager, and IFFIm is unable to engage a Multilateral Development Bank or other suitable replacement to provide the Treasury Management Services, there can be no certainty as to how IFFIm's financial operations will be managed, and IFFIm may not be able to meet its obligations under the Notes and the other Transaction Documents.

Risk Factors relating to the Notes

Notes may not be a suitable investment for all investors

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

A wide range of Notes may be issued under the Programme. Certain Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features.

Notes subject to optional redemption by IFFIm

A right of early redemption of Notes by IFFIm (such as that in Condition 6(d)) is likely to limit their market value. During any period when IFFIm may elect to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

IFFIm may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at the time.

Index Linked Notes and Dual Currency Notes

IFFIm may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a “Relevant Factor”). In addition, IFFIm may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Regulation and Reform of LIBOR, EURIBOR or other “benchmarks” could adversely affect any Notes linked to such “benchmarks”

LIBOR, EURIBOR and other rates and indices which are deemed to be “benchmarks” are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to such a “benchmark”.

The Benchmark Regulation was published in the Official Journal of the EU on 29 June 2016 and entered into force on 1 January 2018. The Benchmark Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU.

The Benchmark Regulation could have a material impact on any Notes linked to LIBOR, EURIBOR or another “benchmark” rate or index, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the terms of the Benchmark Regulation, and such changes could (amongst other things) have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level of the benchmark. In addition, the Benchmark Regulation stipulates that each administrator of a “benchmark” regulated thereunder must be authorised or registered by the competent authority of the Member State where such administrator is located (or, if non-EU-based, subject to an equivalent regime or otherwise recognised or endorsed). There is a risk that administrators of certain “benchmarks” will fail to obtain a necessary licence, preventing them from continuing to provide such “benchmarks”. Other administrators may cease to administer certain “benchmarks” because of the additional costs of compliance with the Benchmark Regulation and other applicable regulations, and the risks associated therewith.

More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or

requirements. Such factors may (i) discourage market participants from continuing to administer or contribute to certain “benchmarks”, (ii) trigger changes in the rules or methodologies used in certain “benchmarks”, or (iii) lead to the disappearance of certain “benchmarks”.

Any of the above changes or any other consequential changes as a result of international, national or other proposals for reform or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to a “benchmark”.

Uncertainty about the future of LIBOR or EURIBOR may adversely affect the value of and return on the relevant Notes which are linked to LIBOR or EURIBOR

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority announced that it does not intend to continue to persuade or compel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021 (the “FCA Announcement”). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

At this time, no consensus exists as to what rate or rates may become accepted alternatives to LIBOR. Investors should be aware that, if LIBOR were discontinued or otherwise unavailable, the rate of interest on any Floating Rate Notes which are linked to LIBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes. Depending on the manner in which the LIBOR rate is to be determined under the Terms and Conditions of the Notes, this may (i) if ISDA Determination applies, be reliant upon the provision by reference banks of offered quotations for the LIBOR rate which, depending on market circumstances, may not be available at the relevant time; or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate to the Floating Rate Notes, based on the rate which applied in the previous period when LIBOR was available. Due to the uncertainty surrounding the availability of successor rates as alternatives to LIBOR, any fall-back provisions applicable to Floating Rate Notes may not operate as intended at the relevant time.

Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference LIBOR.

The above-mentioned risks with respect to LIBOR may also impact EURIBOR in the future. Investors in Floating Rate Notes which reference EURIBOR should be mindful of the interest rate fall-back provisions applicable to such Notes and the adverse effect this may have on the value or liquidity of, and return on, any Floating Rate Notes which are linked to EURIBOR.

Partly paid Notes

IFFIm may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of such Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market of such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert

from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable to investors than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Modification, authorisation and waivers, and substitution

The Conditions of the Notes and the Note Trust Deed contain provisions for calling meetings of Noteholders to consider matters affecting their interests. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions of the Notes provide that the Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Note Trust Deed or the Conditions, that is in its opinion of a formal, minor or technical nature or is made to correct a manifest error or an error which, in the opinion of the Trustee, is proven, and (ii) any other modification to the Note Trust Deed or the Conditions, or any waiver, authorisation or determination in respect of any such provision that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders (except as mentioned in the Note Trust Deed), and (iii) the substitution of another person as principal debtor under any Notes in place of IFFIm, in the circumstances described in Condition 12(c) of the Notes subject, *inter alia*, to the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced thereby.

Change of law

The Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

IFFIm will pay principal and interest on the Notes in the currency specified in respect thereof in the applicable Pricing Supplement (the "Specified Currency"). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the

Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the assigning rating agency at any time. For further information regarding recent developments relating to IFFIm's credit rating, see the section entitled "IFFIm – Rating" on page 76.

The credit ratings of the Grantors may affect IFFIm's credit ratings

IFFIm's credit ratings are closely tied to the credit ratings of Grantors. Changes in the outlook for, or a downgrade of, the credit rating of one of the major Grantors has in the past caused, and may in the future cause, one or more of the credit rating agencies to review its outlook or credit rating for IFFIm and to amend such outlooks or credit ratings accordingly. A change in the credit rating of IFFIm may affect the market value of the Notes. For further information regarding recent developments relating to IFFIm's credit ratings, see the section entitled "IFFIm – Rating" on page 76.

THE INTERNATIONAL FINANCE FACILITY FOR IMMUNISATION

Introduction

IFFIm is a multilateral development institution, established as a charity registered with the Charity Commission for England and Wales (the “UK Charity Commission”). IFFIm’s primary purpose is to provide funding for the immunisation programmes and/or programmes of vaccine procurement of Gavi in some of the poorest countries in the world by making grants to Gavi, a non-profit foundation incorporated in Switzerland.

The governments of nine nations — the Republic of France, the Republic of Italy, the Kingdom of Norway, the Republic of South Africa, the Kingdom of Spain, the Kingdom of Sweden, the United Kingdom, the State of the Netherlands and the Commonwealth of Australia — originally committed to provide scheduled Grant Payments to The GAVI Fund Affiliate, a charity registered with the UK Charity Commission, over up to 20 years. The GAVI Fund Affiliate immediately assigned the right to receive these Grant Payments to IFFIm in consideration for IFFIm’s agreement to assess for approval programmes of immunisation and/or vaccine procurement presented to IFFIm by The GAVI Fund Affiliate, and to use its reasonable endeavours to raise funds for such programmes if approved. IFFIm will use the proceeds of the assigned grant payments for the purpose of, *inter alia*, repaying principal and paying interest on the Notes issued by IFFIm under the Programme. Pursuant to a Deed of Novation, Amendment and Restatement entered into between, *inter alios*, the Grantors, IFFIm, Gavi, The GAVI Fund Affiliate and the Treasury Manager on 8 February 2013 (the “Second Deed of Novation”), The GAVI Fund Affiliate transferred by novation all of its duties, liabilities, covenants, undertakings and obligations under each Grant Agreement to Gavi and thereby ceased for all purposes to be involved with IFFIm in the arrangements described above. After 8 February 2013, any further Grantors or Grantors making additional grants will enter into Grant Agreements from time to time directly with Gavi, which will then assign to IFFIm the right to receive Grant Payments under those Grant Agreements.

Working with its target Eligible Countries, Gavi will continue to identify and approve programmes of immunisation, related health system strengthening and/or vaccine procurement, some of which may be appropriate for funding by IFFIm. Gavi will present such programmes to IFFIm, which, after consideration of such programmes’ eligibility for IFFIm funding, including consideration of whether IFFIm has sufficient financial resources and consideration of the funding and liquidity policies of IFFIm, may issue Notes from time to time under the Programme and disburse the proceeds to Gavi. IFFIm is also permitted by the Finance Framework Agreement, defined and described in greater detail below, and the other agreements to which IFFIm is a party, to raise funds pursuant to the issue of other debt instruments under other debt issuance programmes established or to be established by IFFIm (“Other Debt Instruments”) and/or pursuant to loan facilities made available under loan agreements concluded between it and Lenders from time to time. The Finance Framework Agreement contains certain restrictions on the borrowing of loans or the issue of Other Debt Instruments by IFFIm, including that the terms of any such loan or Other Debt Instruments should be confirmed by IFFIm’s Treasury Manager as being in compliance with IFFIm’s funding strategy.

Gavi subsequently disburses the funds received by it from IFFIm in accordance with the terms of the Finance Framework Agreement to support immunisation, related health system strengthening or vaccine procurement programmes which it and (in respect of programmes approved before 8 February 2013) The GAVI Fund Affiliate have previously approved.

IFFIm is managed by a board of directors. IFFIm has outsourced its principal activities to two organisations: all administrative support functions are provided by Gavi; and all treasury functions are provided by the International Bank for Reconstruction and Development, otherwise known as the World Bank, in its capacity as IFFIm’s Treasury Manager.

Background to the International Finance Facility for Immunisation

The Grantors (as described below) are committed to the achievement of the United Nations Millennium Development Goals agreed at the UN General Assembly in 2000. At the International Conference on Financing for Development in Monterrey in 2002, a number of sovereign grantors committed to increase their Official Development Assistance (“ODA”) and to explore mechanisms to raise additional resources for development. The Initial Grantors reaffirmed their commitment to

contributing to meeting the Millennium Development Goals at the Millennium Review Summit held in New York in September 2005 by increasing their ODA and implementing new financing mechanisms.

The fourth Millennium Development Goal (“MDG4”) was the reduction by two thirds of the mortality rate of children under five by 2015. The Millennium Development Goals were succeeded by the Sustainable Development Goals, which were adopted at the UN Sustainable Development Summit held in New York in September 2015. The third Sustainable Development Goal (“SDG3”) is to ensure healthy lives and promote well-being for all at all ages. Immunisation and related health system strengthening programmes serving children under five living in poor countries can greatly contribute to the achievement of SDG3. Gavi has been working since 2000 to save children’s lives and protect people’s health through the widespread use of vaccines in poor countries. In 2004, the establishment of a new organisation, IFFIm, was proposed to bring forward resources to support and enhance the immunisation and/or vaccine procurement programmes of Gavi through the leveraging of long-term sovereign grants. Gavi is intended to be the principal recipient of funds raised in the international capital markets by IFFIm.

The Grantors each entered into a Grant Agreement, pursuant to which they committed to make Grant Payments to The GAVI Fund Affiliate according to an agreed schedule. The GAVI Fund Affiliate assigned all of its rights, title, benefit and interest in, to and under each such Grant Agreement, including the rights to receive each Grant Payment committed to be made thereunder, to IFFIm. Pursuant to the Second Deed of Novation, on 8 February 2013 The GAVI Fund Affiliate transferred by novation all of its duties, liabilities, covenants, undertakings and obligations under each Grant Agreement to Gavi and thereby ceased for all purposes to be involved with IFFIm in the arrangements described above. After 8 February 2013, any further Grantors or Grantors making additional grants will enter into Grant Agreements from time to time directly with Gavi, which will then assign to IFFIm the right to receive Grant Payments under those Grant Agreements.

A 2011 independent evaluation by healthcare consulting firm HLSP, using figures derived from the World Health Organisation (“WHO”) model, estimated that IFFIm funding helped to save approximately 2.1 million lives between 2006 and 2011.

56 countries are eligible to apply in 2018 for support through Gavi Alliance programmes, of which nine countries are in accelerated transition phase and are still eligible to apply following the 2018 revision of the Eligibility and Transition Policy. IFFIm resources can be used to fund non-country specific programmes (as to which, see further below), and country-specific programmes in Gavi Alliance Eligible Countries that are also members of, and not in Protracted Arrears (as defined herein) to, the International Monetary Fund (the “IMF”). There is one Gavi Alliance Eligible Country and one country graduated from Gavi support that are not members of the IMF (Cuba and North Korea) and which will therefore not benefit from IFFIm funds. There are two Gavi Alliance Eligible Countries currently in Protracted Arrears (Somalia and Sudan), and for a discussion of the effects of such Protracted Arrears, see further below under “Grant Payment Conditionality”.

Description of Other Parties

Grantors

The governments of the Republic of France (acting through its Agence Française de Développement and the Ministry of Economy, Industry and Employment under separate Grant Agreements), the Republic of Italy (acting through its Ministry of Economy and Finance), the Kingdom of Norway (acting through its Ministry of Foreign Affairs), the Republic of South Africa, the Kingdom of Spain (acting through its Ministry of Foreign Affairs), the Kingdom of Sweden, for the United Kingdom, Her Britannic Majesty’s Secretary of State (acting through the Department for International Development), the State of the Netherlands (represented by the Minister for Development Cooperation) and the Commonwealth of Australia (represented by the Department of Foreign Affairs and Trade and the Australian Agency for International Development) each initially entered into Grant Agreements with The GAVI Fund Affiliate. On 8 February 2013, The GAVI Fund Affiliate transferred by novation all of its duties, liabilities, covenants, undertakings and obligations under each Grant Agreement to Gavi. Since 8 February 2013, those existing Grantors who have made additional grants to IFFIm have entered into Grant Agreements with Gavi, which has then assigned such grants to

IFFIm. Additional Grantors may in the future accede to the Finance Framework Agreement and enter into Grant Agreements with Gavi that will, once assigned to IFFIm, provide a further source of funds for IFFIm.

Provided that it is acceptable to each of the parties to the Finance Framework Agreement, any country which is not a Grantor may, upon *inter alia* (i) entering into a Grant Agreement on terms approved by the Treasury Manager acting reasonably, (ii) signing a form of accession letter and (iii) providing legal opinions and such documentary conditions precedent as IFFIm may require from it, become an Additional Grantor (acting, if applicable, through an appropriate ministry or government agency), vested with all the authority, rights, powers, duties and obligations under the Finance Framework Agreement as if originally named as an Initial Grantor.

Gavi

Gavi is responsible for the operational activities related to the immunisation, health system strengthening and/or vaccine procurement programmes for which IFFIm provides funding. Gavi was created in 2000 to respond to and combat declining immunisation rates in developing countries.

Gavi's mission is to save children's lives and protect people's health by increasing access to immunisation in poor countries. In the period from 2000 to 30 June 2018, Gavi has committed more than U.S.\$15.1 billion to more than 70 of the world's poorest countries.

Since its launch in 2000, Gavi support has contributed to the immunisation of close to 690 million children in the world's poorest countries, preventing approximately 10 million deaths. According to WHO estimates, more than 404 million children have been immunised with the pentavalent five-in-one vaccine, which offers protection against diphtheria-tetanus-pertussis, hepatitis B, and *Haemophilus influenzae* type b. Over 76 million children have been immunised against rotavirus diarrhoea; more than 75 million children have been immunised with the inactivated polio vaccine (IPV); close to 1 million children have been vaccinated against Japanese encephalitis; close to 4 million children have been immunised against meningitis A; over 107 million children have been immunised against yellow fever; greater than 52 million children have been vaccinated with the measles second dose; and more than 15 million children have received a combined measles-rubella vaccine. It is estimated that more than 143 million children have been immunised against pneumococcal disease; and more than 2 million girls have been immunised against the Human papillomavirus infection (HPV). Looking ahead, Gavi's vision is to reach an additional 300 million children between 2016 and 2020 and prevent a further 5-6 million deaths in the process.

Since its creation, Gavi has been supported through direct pledges by 23 governments: Australia, Canada, China, Denmark, France, Germany, India, Ireland, Italy, Japan, the Kingdom of Saudi Arabia, Luxembourg, the Netherlands, Norway, the Principality of Monaco, the Republic of Korea, Spain, the State of Qatar, the Sultanate of Oman, Sweden, Switzerland, the United Kingdom and the United States of America, as well as by the European Commission, the Bill & Melinda Gates Foundation, His Highness Sheikh Mohammed bin Zayed Al Nahyan, Alwaleed Philanthropies, "la Caixa" Foundation, the Children's Investment Fund Foundation, Comic Relief, LDS Charities, the Lions Club International Foundation, the International Federation of Pharmaceutical Wholesalers, the OPEC Fund for International Development and by other private corporations and foundations. In addition to direct funding and long-term commitments secured through IFFIm funds, Gavi worked with the governments of Canada, Italy, Norway, Russia and the United Kingdom, together with the Bill & Melinda Gates Foundation, who on 12 June 2009 committed U.S.\$1.5 billion to an advanced market commitment for pneumococcal vaccine aimed at accelerating access to a new generation of pneumococcal vaccines for the world's poorest countries. Gavi has also established the Gavi Matching Fund, whereby every donation made to Gavi through the Gavi Matching Fund by a private sector partner, its customers, employees and business partners is matched either by the government of the United Kingdom, the government of the Netherlands or the Bill & Melinda Gates Foundation. As of 30 June 2018, these three donors have pledged up to a total of U.S.\$198 million to the Gavi Matching Fund through the end of 2020, contingent upon the receipt of matching private sector donations.

The GAVI Fund Affiliate

The GAVI Fund Affiliate was incorporated as a private company limited by guarantee without share capital, under the Companies Act on 26 May 2006 for an indefinite duration. The GAVI Fund

Affiliate was registered with the Registrar of Companies for England and Wales under registered number 5830438. The GAVI Fund Affiliate was also registered with the UK Charity Commission as a charity with registered number 1115297, and had its registered office at The Broadgate Tower, Third Floor, 20 Primrose Street, London EC2A 2RS. The sole member of The GAVI Fund Affiliate was Gavi. Pursuant to the Second Deed of Novation, on 8 February 2013 The GAVI Fund Affiliate transferred by novation all of its duties, liabilities, covenants, undertakings and obligations under each Grant Agreement to Gavi and thereby ceased for all purposes to be involved with IFFIm in the arrangements described above. On 31 October 2013 The GAVI Fund Affiliate board recommended that The GAVI Fund Affiliate be placed into member's voluntary liquidation. Gavi, as sole member of The GAVI Fund Affiliate, resolved that The GAVI Fund Affiliate be wound up voluntarily and appointed KPMG LLP as liquidators for the purpose of such winding up. The GAVI Fund Affiliate's liquidation was concluded at a final member's meeting in December 2013.

Treasury Manager

The International Bank for Reconstruction and Development has been appointed to act as Treasury Manager of IFFIm. The duties of the Treasury Manager include, among others: assessing IFFIm's ability to finance any proposed immunisation and/or vaccine procurement programme presented for IFFIm's consideration by Gavi; assessing on a periodic basis the funding required by IFFIm to meet its expected obligations in respect of programmes previously approved by it, as well as in respect of outstanding Notes and Other Debt Instruments and other obligations; providing account administration services; recommending funding, risk management, investment management and liquidity policies for IFFIm and, upon approval of such policies, executing all of IFFIm's financial transactions contemplated thereunder; and advising IFFIm on all aspects of the issuance of Notes under the Programme and the issuance of Other Debt Instruments.

Key Transaction Agreements and Structure Overview

IFFIm, the Grantors, Gavi and the Treasury Manager have entered into or become party to the Finance Framework Agreement to regulate their rights and obligations as between one another. The parties to the Finance Framework Agreement have also agreed therein to follow the procedures set out in the Procedures Memorandum when considering for approval Gavi immunisation and/or vaccine procurement programmes. IFFIm and the Treasury Manager have entered into the Treasury Management Agreement pursuant to which the Treasury Manager agrees to provide certain services to IFFIm. The overview of the structure which is set out in the remaining part of this section is based on, *inter alia*, the key terms of these documents and the Grant Agreements entered into prior to the date of this Prospectus, which can be viewed in full by a prospective investor as described in "General Information" at pages 115-116.

The Grant Agreements

Each Grantor has, prior to the date of this Prospectus, entered into a Grant Agreement with The GAVI Fund Affiliate. Each Grantor has represented and warranted to IFFIm and the other parties to the Finance Framework Agreement that the Grant Agreement to which it is a party constitutes valid and binding obligations of such Grantor.

Pursuant to each Grant Agreement, the relevant Grantor agreed to make scheduled Grant Payments to The GAVI Fund Affiliate, pursuant to a schedule contained in the relevant Grant Agreement. Each Grant Agreement is substantively identical to the others (save for the quantum and timing of the scheduled Grant Payments and certain other limited exceptions, as summarised herein), and the key terms are summarised below in the section entitled "Summary of Grant Agreements" on pages 85-86. Each Grant Agreement is governed by English law, save for the Grant Agreement entered into by the Kingdom of Spain, which is governed by Spanish law, the Grant Agreements entered into by the Republic of Italy, which are governed by Italian law, and the Grant Agreements entered into by the State of the Netherlands which are governed by Dutch law.

In consideration of IFFIm's agreement to assess immunisation and/or vaccine procurement programmes submitted to IFFIm for approval and, to the extent any such programmes are approved by IFFIm, to use all reasonable endeavours to fund such programmes in accordance with the Finance Framework Agreement, The GAVI Fund Affiliate immediately assigned to IFFIm all of its rights, title, benefit and interest in, to and under each Grant Agreement entered into by each Grantor, including the right to receive each Grant Payment committed to thereunder, and IFFIm agreed to perform all of The

GAVI Fund Affiliate's obligations under such Grant Agreements. Therefore, each Grantor is obliged to make each such Grant Payment on its due date directly to IFFIm, subject to the Grant Payment Condition (as defined below). Pursuant to the Second Deed of Novation, on 8 February 2013 The GAVI Fund Affiliate transferred by novation all of its duties, liabilities, covenants, undertakings and obligations under each Grant Agreement to Gavi and thereby ceased for all purposes to be involved with IFFIm in the arrangements described above. After 8 February 2013, any further Grantors or any Grantors making additional grants will enter into Grant Agreements from time to time directly with Gavi, which will then immediately assign to IFFIm all of its rights, title, benefit and interest in, to and under each of those Grant Agreements.

In respect of any Grant Agreement entered into by Gavi after the date of this Prospectus with a new Grantor, or any further Grant Agreement entered into by a Grantor, IFFIm has agreed that it will consider a written request by Gavi to accept an assignment or transfer from Gavi of all of its rights, title, benefit, interest and obligations in, to and under such Grant Agreement, including the rights to receive each Grant Payment thereunder.

IFFIm has selected a single operating currency, being U.S. dollars. IFFIm continues to maintain a risk management policy which includes entering into appropriate hedging agreements to manage, *inter alia*, the future impact of changes in currency and interest rates on the value of each Grant Agreement and currency and interest rate risks in respect of Notes issued under the Programme prior to the date of this Prospectus. IFFIm's risk management policy is updated annually on the recommendation of the Treasury Manager.

IFFIm was rated AAA, Aaa and AAA by S&P, Moody's and Fitch respectively, at inception. However, IFFIm's credit rating has subsequently been downgraded in response to downgrades to the credit ratings of certain of IFFIm's Grantors. IFFIm is currently rated AA (negative outlook), Aa1 (stable outlook) and AA (negative outlook) by S&P, Moody's and Fitch respectively.

As a result of these downgrades IBRD has the right to require IFFIm to post collateral under the hedging agreement between IFFIm and IBRD. Although IBRD has not exercised that right, agreement has been reached between IBRD and IFFIm to apply a percentage that will be deducted from the IFFIm Gearing Ratio Limit from time to time to manage the exposure of IBRD under the derivative transactions entered into between IFFIm and IBRD (the "Risk Management Buffer"). This Risk Management Buffer may be adjusted by the Treasury Manager in its sole discretion.

The Treasury Manager currently serves as IFFIm’s sole hedging counterparty. Under the Treasury Management Agreement between IFFIm and the Treasury Manager, the Treasury Manager may recommend to IFFIm, or IFFIm may request the Treasury Manager to negotiate on IFFIm’s behalf, hedging agreements between IFFIm and hedging counterparties other than the Treasury Manager. Any such additional counterparties must be financial institutions which are approved by the Treasury Manager. IFFIm also has established liquidity and investment policies based on recommendations made by the Treasury Manager for equivalent transactions where the World Bank enters into similar arrangements for its own account. Under the liquidity policy, it will maintain a prudential minimum level of liquidity equivalent to meet its contracted debt service payments for the next twelve month period. Under the investment policy, IFFIm’s liquidity will be invested in high-grade fixed-income instruments with interest rates matching those of the liabilities funding the portfolio, except where the board of directors of IFFIm permits an interest rate duration mismatch between such liquidity and liabilities.

Grant Payment Conditionality

IFFIm has established a Reference Portfolio (as set out below) containing all of Gavi Eligible Countries that are also members of the IMF. All countries are accorded a Country Weighting of 1 per cent. except for South Sudan and Sudan, which each have a Country Weighting of 0.5 per cent., Vietnam, which has a Country Weighting of 3 per cent., and Bangladesh, Congo DR, Ethiopia, India, Indonesia, Nigeria and Pakistan, which each have a Country Weighting of 5 per cent. These countries have been accorded a larger Country Weighting in the Reference Portfolio to reflect the expected larger value of programmes funded by IFFIm in those countries. The Country Weighting of each country in the Reference Portfolio may be used from time to time, as described below, to determine a reduction in the amount of Grant Payments due from the Grantors.

Under the terms of the Grant Agreements, a Grant Payment due from each Grantor will be reduced if, on or prior to the date which is 25 IBRD Business Days prior to the due date for such Grant Payment, the IMF has declared that any Specified Country in the Reference Portfolio is in Protracted Arrears in meeting any of its IMF Financial Obligations. In such circumstances, the Grant Payment Amount then due from the Grantors will be reduced by the Reduction Amount determined by the Treasury Manager according to the following formula:

$A = B \times C$

Where:

A is the Reduction Amount in respect of the Specified Country;

B is the Grant Payment Amount due and payable on the relevant date (ignoring any applicable Reduction Amount or Reduction Amounts); and

C is the Country Weighting applicable to the Specified Country in the Reference Portfolio set out below:

Specified Country	Country Weighting	Total Share
South Sudan, Sudan	0.5 per cent.	1 per cent.

Specified Country	Country Weighting	Total Share
Afghanistan, Angola, Armenia, Azerbaijan, Benin, Bhutan, Bolivia, Burkina Faso, Burundi, Cambodia, Cameroon, Central African Republic, Chad, Comoros, Congo, Republic of Côte d'Ivoire, Djibouti, Eritrea, The Gambia, Georgia, Ghana, Guinea, Guinea-Bissau, Guyana, Haiti, Honduras, Kenya, Kiribati, Kyrgyzstan, Lao PDR, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Moldova, Mongolia, Mozambique, Myanmar, Nepal, Nicaragua, Niger, Papua New Guinea, Rwanda, São Tomé & Príncipe, Senegal, Sierra Leone, Solomon Islands, Somalia, Sri Lanka, Tajikistan, Tanzania, Timor-Leste, Togo, Uganda, Ukraine, Uzbekistan, Yemen Republic, Zambia, Zimbabwe	1 per cent.	61 per cent.
Vietnam	3 per cent.	3 per cent.
Bangladesh, Congo DR, Ethiopia, India, Indonesia, Nigeria, Pakistan	5 per cent.	35 per cent.
Total		<u>100 per cent.</u>

The Reference Portfolio will remain static throughout the life of the Programme. However, in the event of any secession from or consolidation of a Specified Country, and provided that any successor states are also members of the IMF, the Reference Portfolio and the Country Weightings will be adjusted accordingly.

If a Specified Country which has been in Protracted Arrears is subsequently no longer in Protracted Arrears, Grant Payments falling due after the date which is 25 IBRD Business Days after the date upon which the Specified Country ceases to be in Protracted Arrears shall not be so reduced by the Reduction Amount with respect to that Specified Country.

If one or more Specified Countries falls into Protracted Arrears and the Grant Payments are subsequently reduced, the funds available to IFFIm for the purposes of repaying principal and paying interest on the Notes will be reduced. In order to mitigate the impact of one or more Specified Countries falling into Protracted Arrears on IFFIm's ability to meet its obligations under the Notes, IFFIm maintains the IFFIm Gearing Ratio Limit. The Treasury Manager, on behalf of IFFIm, is obliged to monitor compliance with this limit and to ensure that additional programmes are not approved by IFFIm for funding which would, in the determination of the Treasury Manager, lead to it being breached.

Prospective investors should note that, as at the date of this Prospectus, the following Specified Countries are in Protracted Arrears: Somalia and Sudan. Should some or all of them remain in Protracted Arrears as at the Relevant Date for any Grant Payment, then the amount of such Grant Payment will be reduced in the manner described above.

The Activities of IFFIm — Part 1. Programme Approval Procedure

From time to time, IFFIm receives requests from Gavi to approve funding for immunisation and/or vaccine procurement programmes, for the benefit of any of the 71 Specified Countries included in the Reference Portfolio. IFFIm, having considered, *inter alia*, whether such funding would meet its charitable objectives and would not contravene its Memorandum and Articles of Association, and whether such funding would meet certain financial parameters, may approve such programmes. The programmes are originated as follows:

The Programme Approval Procedure

Note:

(1) Gavi may also propose programmes which are non-country specific.

A Applications for Support

Applications for financial support for immunisation, related health system strengthening and vaccine procurement programmes are made by Eligible Countries. Such applications are made using a standard Gavi Alliance application form, and are to be accompanied by specific supporting documents satisfactory to Gavi.

There are also certain programmes considered by Gavi which do not relate to a specific country. These may, for example, be programmes to create emergency stockpiles of vaccines or for campaigns against disease outbreaks threatening multiple countries.

B Notice of Gavi Alliance Programme Approval and Request for Funding

All applications received from Eligible Countries are initially screened by Gavi for completeness and compliance with Gavi's mandatory requirements and to confirm that such application is from an Eligible Country. Thereafter, each application from an Eligible Country undergoes a pre-assessment to examine consistency of information in such application, validity of data provided and other relevant factors to produce a written pre-assessment report. Each application is then reviewed by an Independent Review Committee ("IRC"), made up of independent, technical experts in a wide range of areas such as public health, epidemiology, development, finance and economics. The IRC may recommend to Gavi that a particular application be approved, conditionally or unconditionally, or rejected. Gavi then considers each application in the light of the IRC's recommendation and report, and considers whether to issue an approval and request for funding.

Though focused generally on supporting programmes arising under applications from Eligible Countries (including the strengthening of health system services), Gavi also provides support on the basis of Non-Country Specific Applications in order to address immunisation objectives and needs which cannot be met through the country-specific support process. Non-country specific programmes may also be able to benefit from funding by IFFIm. Examples include the increase of vaccine security and affordability in multiple countries by means of emergency stockpiles and other collective purchase mechanisms, provision of technical assistance to facilitate rapid scale-up of immunisation services in multiple countries and expanded use of safe and cost-effective vaccines.

Non-Country Specific Applications may be solicited or commissioned by Gavi. In the past such applications have been prepared and submitted to Gavi by international, national and regional

organisations, non-governmental organisations, research institutions, foundations, and national agencies, as well as by consortiums of such entities.

Non-Country Specific Applications are normally evaluated by an ad-hoc group constituted by Gavi, or by an IRC. Gavi decides whether to approve each such application on the basis of the report presented by the evaluation group or IRC, and its consideration as to whether the project is consistent with the strategic goals of Gavi.

Gavi updates its long-term financial projections for expenditures, incomes and cashflow plans on a regular basis, and specifically when new programme budgets are being assessed for funding approval. As part of these projections, Gavi will ascertain the level of funding required from IFFIm Disbursements. In making this determination, Gavi will consider the relative financial efficiencies as between IFFIm Disbursements and all other sources of funding available to it.

After ensuring that the programme is consistent with the provisions of its statutes and with its status as a non-profit foundation in Switzerland, Gavi issues a request for funding through disbursements from IFFIm for all or part of the applicable budget required to fund the relevant programme (which is in the form of a Notice of Gavi Alliance Programme Approval and Request for Funding, being a standard form document appended to the Procedures Memorandum).

C IFFIm Indicative Funding Confirmation

IFFIm considers each Gavi Alliance Programme Approval and Request for Funding presented to it in light of, *inter alia*, its charitable status and the provisions of its Memorandum and Articles of Association. It also considers, in consultation with the Treasury Manager, various parameters upon its borrowing, including the maximum cumulative amount of programmes which it may agree to approve for funding in any one financial year, as set out in the Finance Framework Agreement, its funding strategy, its liquidity policy, its risk management policy and the IFFIm Gearing Ratio Limit.

If IFFIm decides to approve a Gavi Alliance Programme Approval and Request for Funding, it issues an IFFIm Indicative Funding Confirmation (being a standard form document appended to the Procedures Memorandum), and the programme so approved will become, and be known as, an Approved Programme.

IFFIm is subject to a limit on the value of programmes which may become Approved Programmes in any one year under the Finance Framework Agreement. The maximum cumulative value of proposed programmes which, subject to, *inter alia*, the application of the IFFIm Gearing Ratio Limit, IFFIm's funding strategy, liquidity and risk management policies, were permitted to be approved such that they become Approved Programmes during any calendar year (being the IFFIm Programme Capacity for the relevant year, or (in the case of 2006-2007) period, from 2006 to 2015 (inclusive)) was as follows:

Calendar year/period	Maximum amount of new Approved Programmes (U.S.\$)	Cumulative maximum amount of Approved Programmes (U.S.\$)
2006-2007	1,050 million	1,050 million
2008	500 million	1,550 million
2009	450 million	2,000 million
2010	425 million	2,425 million
2011	400 million	2,825 million
2012	350 million	3,175 million
2013	325 million	3,500 million
2014	300 million	3,800 million
2015	200 million	4,000 million

If the cumulative value of Approved Programmes approved in any calendar year, or (in the case of 2006-2007) period, was below the maximum amount, the difference would be added to the capacity for the subsequent calendar year.

In the meantime, IFFIm may notify the Treasury Manager and the Grantors of any incremental programme capacity for additional proposed programmes, which shall be subject to the approval procedures which apply to proposed programmes generally.

Prospective investors should also note that IFFIm, under the Finance Framework Agreement, is not permitted to approve any programme for funding unless it is rated “AA” or equivalent (or such other credit rating as may be proposed to the Grantors by IFFIm in consultation with the Treasury Manager and which credit rating has been consented to by each of the Grantors in writing) by at least two of Fitch Ratings Limited, Moody’s Investors Service, Inc. and Standard & Poor’s Rating Services, a division of S&P Global, Inc. For further information regarding recent developments relating to IFFIm’s credit rating, see the section entitled “IFFIm – Rating” on page 76.

The diagram below illustrates, *inter alia*, the cashflow between IFFIm, the Grantors and the other main parties.

The Activities of IFFIm — Part 2. Programme Funding

Notes:

- (1) Proceeds flow to the IFFIm Account held with, and maintained by, the Treasury Manager.
- (2) Funds are disbursed by Gavi to the relevant Approved Programme.

A Issuance of Notes under the Programme

Prior to the first day of each Relevant Funding Period, the Treasury Manager assesses, on behalf of IFFIm, the aggregate of IFFIm’s payment obligations during the forthcoming Relevant Funding Period, being the IFFIm Financial Requirements for such period. These include, *inter alia*, IFFIm’s obligations to fund disbursements under Approved Programmes, to make repayments of principal and payments of interest on outstanding Notes under the Programme, to make payments due in respect of or in connection with any Derivatives Transactions entered into by it, and to meet fees and pay applicable expenses.

The Treasury Manager also assesses the aggregate of all funds available to IFFIm prior to the first day of each such Relevant Funding Period, including, *inter alia*, funds held in its bank accounts, any payments due to it in respect of IFFIm’s liquid asset investments (if any), and the amounts due to

be paid to it by Grantors under the Grant Agreements in the Relevant Funding Period, together being the IFFIm Aggregate Available Funds.

The amount of funding required by IFFIm for each Relevant Funding Period is therefore the amount by which the IFFIm Financial Requirements exceed the IFFIm Aggregate Available Funds, being the IFFIm Required Funding.

In making the assessment of the IFFIm Required Funding for a Relevant Funding Period, the Treasury Manager also calculates whether the raising of funds to meet the IFFIm Required Funding would cause IFFIm to breach the IFFIm Gearing Ratio Limit, or act in a manner inconsistent with the funding and other strategies of IFFIm, in which case it holds over any Disbursement Requests from Gavi until such time as the funding of such Approved Programmes would not lead to a breach of the IFFIm Gearing Ratio Limit or an inconsistency with such strategies.

Following the assessments by the Treasury Manager described above, the Treasury Manager effects the issuance of Notes under the Programme, or the Issuance of Other Debt Instruments or borrows funds under Loans as necessary to meet the IFFIm Required Funding, or the IFFIm Required Funding as reduced by the amount necessary to account for any Disbursement Requests held over as described above, for such Relevant Funding Period. The proceeds of each issuance are held in the IFFIm Account maintained with IBRD pursuant to the Treasury Management Agreement pending payment pursuant to a Disbursement Request from Gavi (subject to such proceeds being able to be used by IFFIm in the interim, *inter alia*, to meet principal and interest payment obligations under the Notes, any Other Debt Instruments and any Loans, to meet payments due in respect of Derivative Transactions, and to meet expenses and pay applicable fees).

It was expected at its inception in 2006 that IFFIm could raise up to U.S.\$4 billion (net of refinancing of Notes, Other Debt Instruments or Loans) over the period from 2006 until 2015 (inclusive). IFFIm raised U.S.\$6.0 billion over the period from 2006 until 2017 (inclusive). The annual funding volume, choice of instrument and method of offering will vary depending on the need for funds for Approved Programmes in Specified Countries.

IFFIm and its Treasury Manager intend to seek the best overall value for IFFIm and the Grant Payments on a sustained basis, and to ensure reliable and predictable funding to countries for immunisation and/or vaccine procurement programmes. To achieve this, IFFIm will issue Notes to institutional and/or retail investors through financial intermediaries, and will carry out a variety of transactions ranging from larger, more liquid issues of Notes with broad placement, to smaller Note issues targeted to specific investor groups.

B/C Disbursement Requests and Disbursement to Gavi

From time to time, when Gavi requires a payment in respect of an Approved Programme (see above), it submits to IFFIm a Disbursement Request, containing details, *inter alia*, of the amount requested for disbursement and the Approved Programme to which it relates.

During any Relevant Funding Period, provided that the Treasury Manager is satisfied that funds held in the IFFIm Account and other financial resources of IFFIm will be sufficient to meet the IFFIm Financial Requirements during such Relevant Funding Period, the Treasury Manager (on behalf of IFFIm), subject to the provisions of the Finance Framework Agreement, promptly transfers from the IFFIm Account to Gavi amounts necessary to meet (i) any Disbursement Request submitted with respect to any previous Relevant Funding Period that has not previously been satisfied in full and thereafter (ii) any Disbursement Request submitted by Gavi to IFFIm on or before the last business day of the preceding Relevant Funding Period.

D Disbursements to Approved Programmes

Gavi makes the necessary disbursements for the relevant Approved Programmes in accordance with the terms of the Finance Framework Agreement as soon as reasonably practicable after receipt of relevant funds.

E/F Payment of Principal and Interest on the Notes

IFFIm applies the proceeds of the Grant Payments received by it from the Grantors under the Grant Agreements assigned to it, *inter alia*, to make repayments of principal and payments of interest on any outstanding Notes issued by it under the Programme.

Programme Monitoring

Gavi financial support for Approved Programmes is given subject to strict performance monitoring by Gavi that is designed to track the progress achieved in the previous year, to declare planned targets for the following year and to verify the sustainability of existing financing sources. IFFIm is under no obligation to monitor Approved Programmes.

The Activities of IFFIm — Part 3. Miscellaneous

Restrictions

Investors should note that the Finance Framework Agreement contains certain covenants of IFFIm which restrict its activities. IFFIm agrees, *inter alia*, to use all reasonable endeavours to maintain its status as a registered charity, to maintain its residence and management in the United Kingdom, not to engage in any other business beyond that contemplated in the Finance Framework Agreement, Procedures Memorandum and related documents, not to incur indebtedness for borrowed money other than as permitted under such agreements, not to have any subsidiaries, not to own or acquire any real property and not to transfer, assign or otherwise dispose of in any manner whatsoever (whether absolutely or by way of security) any of its rights, title, benefit or interest assigned to it under the Deeds of Assignment, or create any mortgage, charge or other security or right of recourse in respect thereof, save to the extent permitted in accordance with the relevant Grant Agreement.

Relevant Events and Suspension of Operations

The Finance Framework Agreement contains provisions permitting the Majority Grantors to oblige IFFIm to suspend, temporarily or permanently, the disbursement of funds to Gavi in certain circumstances, each known as a Relevant Event. These include (but are not limited to) IFFIm ceasing to be a registered charity under the laws of England and Wales, the insolvency of IFFIm, and Gavi's strategic goals for the advancement of immunisation not being met in a materially adverse way, as such goals are set out in the Procedures Memorandum.

During a temporary suspension of operations at the request of the Majority Grantors, no funds may be disbursed by IFFIm to Gavi in respect of any Approved Programmes if the Majority Grantors have notified IFFIm and the Treasury Manager that disbursements to such Approved Programme are to be suspended pending remedy of the applicable Relevant Event. However, during any temporary suspension of operations, IFFIm will continue to make disbursements as necessary to service payments of principal and interest on the Notes, Other Debt Instruments and any Loans, make payments due in respect of Derivatives Transactions, and meet expenses and pay fees. A period of up to 60 days is permitted for the parties to use all reasonable endeavours to remedy a Relevant Event which has resulted in a temporary suspension of operations.

Following the elapse of such a period, and if the Relevant Event cannot be remedied to the satisfaction of the Majority Grantors, then they may decide to permanently suspend IFFIm's operations. In that event, IFFIm shall (save as permitted in the Finance Framework Agreement) suspend permanently its operations in respect of disbursements from its bank account, and forthwith cease all activities, except those incidental to the orderly realisation, conservation, and preservation of its assets and settlement of its obligations. As a result, no new Gavi Alliance programmes will then be approved to become Approved Programmes and IFFIm will cease disbursements to Gavi in respect of Approved Programmes.

A temporary or permanent suspension of operations does not change, reduce, suspend or alter in any way the Grantors' obligations to make the scheduled payments under their Grant Agreements, which must continue until such time as the Treasury Manager has notified the Grantors that all outstanding Notes and any other debts owed by IFFIm, have been met in full. Following a notice of permanent suspension, IFFIm may not issue any further Notes or Other Debt Instruments or borrow further Loans, except as necessary to refinance Notes or Other Debt Instruments and Loans that mature or are otherwise redeemed.

Once IFFIm and the Treasury Manager are satisfied that all creditors of IFFIm (including holders of Notes) have been fully discharged, any funds remaining to the credit of the IFFIm Account shall be applied, following consultation, towards the charitable purposes of IFFIm in accordance with the provisions of IFFIm's Memorandum and Articles of Association and provisions of applicable law.

Any of the Grantors may notify the other parties to the Finance Framework Agreement that:

- (a) (i) it has become, or (ii) it is likely to become, required to make additional payments in accordance with the terms of a Grant Agreement in order to ensure that Grant Payments are made without deduction or withholding on account of tax in that Grantor's jurisdiction or to meet an indemnity obligation in respect of tax; or
- (b) any unanticipated liability to taxation (i) has arisen, or (ii) is likely to arise, under any applicable jurisdiction in relation to the activities of Gavi or IFFIm; or
- (c) a material adverse change in the national or international accounting or regulatory treatment of such Grantor's commitments under a Grant Agreement (i) has occurred or (ii) is likely to occur.

If any such notification is given, the parties to the Finance Framework Agreement shall enter into negotiations in good faith with a view to agreeing a restructuring of the transactions described in the Transaction Documents and any amendments to the Transaction Documents which are necessary as a result of such restructuring, provided that no such restructuring shall take effect (A) unless and until each of the Applicable Rating Agencies has confirmed in writing that the rating of IFFIm's outstanding Notes, Other Debt Instruments and/or Loans will not be adversely affected by such amendments or (B) if in the reasonable opinion of the Treasury Manager, such restructuring would (i) impair IFFIm's ability to meet its anticipated disbursements and debt service requirements in respect of Notes, Other Debt Instruments and Loans outstanding at the time of that Grantor's request or to meet its other commitments, expenses, liabilities or other requirements of the type specified in the Finance Framework Agreement; or (ii) materially impair the overall financial efficiency of IFFIm.

If, however, the parties are unable to agree amendments to the Transaction Documents, then the Majority Grantors may determine that a permanent suspension of operations of IFFIm should occur, notwithstanding that no Relevant Event has occurred.

If such notification is a notification referred to in (a)(i), (b)(i) or (c)(i) above then, notwithstanding that no Relevant Event has occurred, the Majority Grantors may temporarily suspend the operations of IFFIm prior to entering into any such negotiations, on the basis that such temporary suspension shall begin on the date of such notification by the Majority Grantors to each of the other parties hereto and shall end on (and include) the date on which either (i) a permanent suspension of operations has occurred or (ii) the restructuring and amendments referred to shall have come into effect.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the Conditions that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Pricing Supplement, shall be applicable to the Notes in definitive form (if any). Either (i) the full text of these Conditions together with the relevant provisions of the Pricing Supplement or (ii) these Conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall also be endorsed on such Bearer Notes or on the Certificates relating to Registered Notes. The following Conditions, subject to completion and amendment, and as supplemented or varied as aforesaid, shall also apply to the Notes in global form, save that, in respect of Notes in global form, the Conditions shall be further amended by the provisions of the relevant Global Note or Global Certificate, as further described below under "Summary of Provisions Relating to the Notes while in Global Form".

All capitalised terms that are not defined in these Conditions will have the meanings given to them in the Note Trust Deed. Those definitions will be endorsed on the Definitive Notes. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are constituted by a trust deed dated 3 November 2006 (as supplemented by the First Supplemental Note Trust Deed dated 17 December 2007, the Second Supplemental Note Trust Deed dated 4 August 2008, the Third Supplemental Trust Deed dated 28 August 2012 and the Fourth Supplemental Trust Deed dated 17 August 2017 and as further amended or supplemented as at the Issue Date, the "Note Trust Deed") and made between IFFIm and Citicorp Trustee Company Limited (the "Trustee", which expression shall include all persons for the time being the trustee or trustees thereunder) as trustee for the holders of the Notes. These Conditions include summaries of, and are subject to, the detailed provisions of the Note Trust Deed, which includes the form of the Bearer Notes, Certificates, Receipts, Coupons and Talons referred to below. An Agency Agreement dated 3 November 2006 (as supplemented by the First Supplemental Agency Agreement dated 17 December 2007 and the Second Supplemental Agency Agreement dated 19 August 2015) has been entered into in relation to the Notes between IFFIm, the Trustee, Citibank, N.A., London Branch as initial principal paying and transfer agent and the other agents named in it. The principal paying and transfer agent, the paying and transfer agents, the registrar, the exchange agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the "Principal Paying and Transfer Agent", the "Paying and Transfer Agents" (which expression shall, where the context so requires, include the Principal Paying and Transfer Agent), the "Registrar", the "Exchange Agent" and the "Calculation Agent(s)" and collectively as the "Agents". Copies of, *inter alia*, the Note Trust Deed and the Agency Agreement are available for inspection during usual business hours at the registered office of the Trustee (presently at Citigroup Centre, Canada Square, London E14 5LB) and at the specified offices of the Principal Paying and Transfer Agent.

The Noteholders (as defined below), the Couponholders and the Receiptholders (as defined in the Note Trust Deed) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Note Trust Deed and are deemed to have notice of those provisions of the Agency Agreement applicable to them.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in the Note Trust Deed, the absence of any such meaning indicating that such term is not applicable to the Notes. References in these Conditions to (i) "principal" shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) "interest" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) "principal" and/or "interest" shall be deemed to include any additional amounts that may be payable under Condition 8 or any undertaking given in addition to or in substitution for it under the Note Trust Deed.

1. Form, Specified Denomination and Title

The Notes are issued in bearer form (being Bearer Notes, which expression includes Notes that are specified to be Exchangeable Bearer Notes), in registered form (being Registered Notes) or in bearer form exchangeable for Registered Notes (being Exchangeable Bearer Notes) in each case in the Specified Denomination(s) specified hereon.

All Registered Notes shall have the same Specified Denomination. Where Exchangeable Bearer Notes are issued, the Registered Notes for which they are exchangeable shall have the same Specified Denomination as the lowest denomination of Exchangeable Bearer Notes. Registered Notes will not be exchangeable for Bearer Notes.

A Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, an Index Linked Redemption Note, an Instalment Note, a Dual Currency Note or a Partly Paid Note, a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/Payment Basis specified hereon.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to default interest), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

The following legend will appear on all Bearer Notes that have a maturity of more than one year (including unilateral rollovers and extensions) and on all Receipts and Coupons (including Talons) relating to such Notes that are issued pursuant to rules in substantially the same form as U.S. Treasury Regulation §1.163-5(c)(2)(i)(D) (the "D Rules"):

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, Receipts or Coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of Notes, Receipts or Coupons.

Registered Notes are represented by Certificates. Registered Notes issued to a relevant Dealer and sold in the United States to qualified institutional buyers pursuant to Rule 144A under the Securities Act will initially be represented by a Rule 144A Global Certificate. Notes sold in the United States or to U.S. persons will be only in registered form.

Registered Notes which are sold in an "offshore transaction" within the meaning of Regulation S under the Securities Act will initially be represented by a Regulation S Global Certificate. Bearer Notes will be represented on issue by a Temporary Regulation S Global Note or a Permanent Regulation S Global Note which, if stated in the Pricing Supplement to be in NGN form, will be delivered on or prior to the original issue date of the Tranche to which they relate to a Common Safekeeper for Euroclear and Clearstream, Luxembourg.

Title to the Bearer Notes and the Receipts, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the Register that the Registrar will maintain in accordance with the provisions of the Agency Agreement. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, "Noteholder" means the bearer of any Bearer Note and any Receipts relating to it or the person in whose name a Registered Note is registered (as the case may be) and "holder" (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be).

2. Exchanges of Exchangeable Bearer Notes and Transfers of Registered Notes

(a) Exchange of Exchangeable Bearer Notes

Subject as provided in Condition 2(f), Exchangeable Bearer Notes may be exchanged for the same nominal amount of Regulation S Registered Notes at the request in writing of the relevant Noteholder and upon surrender of each Exchangeable Bearer Note to be exchanged, together with all unmatured Receipts, Coupons and Talons relating to it, at the specified office of any Paying and Transfer Agent; provided, however, that, where an Exchangeable Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 7(b)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes that are not Exchangeable Bearer Notes may not be exchanged for Registered Notes.

(b) Transfer of Registered Notes

One or more Registered Notes may be transferred, in whole or in part, upon the surrender (at the specified office of the Registrar or any Paying and Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate, (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by IFFIm), duly completed and executed and any other evidence as the Registrar or Paying and Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding to the Registrar or any Paying and Transfer Agent. All transfers of Notes and entries on the Registrar will be made in accordance with the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by IFFIm, with the prior written approval of, *inter alia*, the Registrar, the Principal Paying and Transfer Agent and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(c) Partial Redemption in respect of Registered Notes

In the case of a partial redemption of a holding of Registered Notes represented by a Certificate, a new Certificate, if required, shall be issued to the holder in respect of the balance of the holding not redeemed.

(d) Delivery of New Certificates

Each new Certificate to be issued pursuant to Conditions 2(a), (b) or (c) shall be available for delivery within three business days of receipt of a duly completed request for exchange or form of transfer or Exercise Notice (as defined in Condition 6(e)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Paying and Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Paying and Transfer Agent or the Registrar the costs of such other method of delivery and/ or such insurance as it may specify. In this Condition 2(d), "business day" means a day, other than a Saturday or Sunday, on which banks

are open for business in the place of the specified office of the relevant Paying and Transfer Agent or the Registrar (as the case may be).

(e) Exchange Free of Charge

Exchange and transfer of Notes and Certificates on registration, transfer or partial redemption shall be effected without charge by or on behalf of IFFIm, the Registrar or the Paying and Transfer Agents, but upon payment by IFFIm of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Paying and Transfer Agent may require).

(f) Closed Periods

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for one or more Registered Note(s) (i) during the period of 15 days ending on the due date for redemption of, or payment of any Instalment Amount in respect of, that Note, or (ii) during the period of seven days ending on (and including) any Record Date. An Exchangeable Bearer Note called for redemption may, however, be exchanged for one or more Registered Note(s) in respect of which the Certificate is simultaneously surrendered not later than the relevant Record Date.

3. Status of the Notes

- (a) The Notes (including any related Receipts, Coupons or Talons) are direct, unconditional, unsubordinated and (subject to the provisions of Condition 4) unsecured obligations of IFFIm, at all times ranking *pari passu* and without any preference among themselves.
- (b) The payment obligations of IFFIm under the Notes and the Receipts and Coupons shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4, at all times rank at least equally with its payment obligations in respect of all other unsecured and unsubordinated Indebtedness for Borrowed Money of IFFIm, present and future. IFFIm shall not be liable to make any payment in respect of the Notes other than as expressly provided herein and in the Note Trust Deed.

4. Negative Pledge

So long as any Note or Coupon remains outstanding (as defined in the Note Trust Deed), IFFIm will not create, or have outstanding, any mortgage, charge, lien, pledge or other security interest, upon the whole or any part of its present or future undertaking, assets or revenues (including any uncalled capital) to secure any Indebtedness for Borrowed Money which it is permitted to incur under the Transaction Documents, or any guarantee or indemnity in respect of any Indebtedness for Borrowed Money which it is permitted to incur under the Transaction Documents, unless at the same time or prior thereto (i) the Notes and the Coupons are secured equally and rateably therewith to the satisfaction of the Trustee or (ii) other arrangements are made which are approved by an Extraordinary Resolution (as defined in the Note Trust Deed) of the Noteholders.

5. Interest and other Calculations

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date.

If a Fixed Coupon Amount or a Broken Amount is specified hereon, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified hereon.

(b) Interest on Floating Rate Notes and Index Linked Interest Notes

- (i) *Interest Payment Dates:* Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either specified hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are specified hereon, Interest Payment Date shall mean each date which falls the number of months or other period specified hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.
- (iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate, subject as provided in Condition 5(g). For the purposes of this sub-paragraph (iii), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), "Floating Rate", "Calculation Agent", "Floating Rate Option", "Designated Maturity", "Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated hereon, the Minimum Rate of Interest shall be deemed to be zero.

(B) Screen Rate Determination for Floating Rate Notes

(x) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below and Condition 5(g), be either:

(1) the offered quotation; or

(2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided hereon;

(y) if the Relevant Screen Page is not available or if subparagraph (x)(1) above applies and no such offered quotation appears on the Relevant Screen Page, or if subparagraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

(z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified

Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and IFFIm suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (iv) *Rate of Interest for Index Linked Interest Notes:* The Rate of Interest in respect of Index Linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified hereon and interest will accrue by reference to an Index or Formula as specified hereon.

(c) Zero Coupon Notes

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)(i)).

(d) Dual Currency Notes

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating a Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified hereon.

(e) Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified hereon.

(f) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 5(l)).

(g) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified hereon, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "unit" means the lowest amount of such currency that is available as legal tender in the countries of such currency.

(h) Calculations

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(i) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Instalment Amounts

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, or at such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the Trustee, IFFIm, each of the Paying and Transfer Agents, the Registrar, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority

so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(j) Determination or Calculation by Trustee

If the Calculation Agent does not at any time for any reason determine or calculate the Rate of Interest for an Interest Period or any Interest Amount, Instalment Amount, Final Redemption Amount or Early Redemption Amount, the Trustee shall do so (or shall (at the expense of IFFIm) appoint an agent on its behalf to do so) and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee shall apply the foregoing provisions of this Condition, with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Calculation Agent.

(k) Notifications, etc. to be Final

(m) Calculation Agent

IFFIm shall procure that there shall at all times be one or more Calculation Agents if provision is made for them hereon and for so long as any Note is outstanding (as defined in the Note Trust Deed). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to determine the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount or Early Redemption Amount and the Trustee has made such calculation or determination under Condition 5(j), as the case may be, or the Calculation Agent fails to comply with any other requirement, IFFIm shall (with the prior approval of the Trustee) appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6. Redemption, Purchase and Options

(a) Redemption by Instalments and Final Redemption

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 6, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (ii) Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise specified hereon, is its nominal amount) or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

(b) Early Redemption

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note prior to the Maturity Date and the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10, shall be the "Amortised Face Amount" (calculated as provided below) of such Note unless otherwise specified hereon.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is specified hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified hereon.

- (ii) **Other Notes:** The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided

in Condition 10, shall be the Final Redemption Amount unless otherwise specified hereon.

(c) Redemption for Taxation and other Reasons

The Notes may be redeemed at the option of IFFIm in whole, but not in part, on any Interest Payment Date (if this Note is either a Floating Rate Note, an Index Linked Note or a Dual Currency Note) or at any time (if this Note is neither a Floating Rate Note, an Index Linked Note nor a Dual Currency Note), on giving not less than 30 nor more than 60 days' irrevocable notice in accordance with Condition 15, to the Noteholders at their Early Redemption Amount (as described in Condition 6(b) above) (together with interest accrued to the date fixed for redemption), if (i) IFFIm satisfies the Trustee immediately before the giving of such notice that it has or will become obliged to pay additional amounts as described under Condition 8 or that it has or will be obliged to account to any taxing authority for any amount (other than any tax withheld or deducted from interest payable on the Notes) calculated by reference to any amounts payable in respect of the Notes, as a result of any change in, or amendment to, the laws or regulations of the United Kingdom or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment is announced or becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Series comprising the Notes and (ii) such obligation cannot be avoided by IFFIm taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which IFFIm would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Before the publication of any notice of redemption pursuant to this paragraph, IFFIm shall deliver to the Trustee a certificate signed by two directors of IFFIm stating that the obligation referred to in (i) above cannot be avoided by IFFIm taking reasonable measures available to it, and an opinion of independent legal advisers of recognised standing to the effect that IFFIm has or will become obliged to pay such additional amounts as a result of such change or amendment and the Trustee shall be entitled to accept such certificate and opinion as sufficient evidence of the satisfaction of the conditions precedent set out in (i) and (ii) above in which event it shall be conclusive and binding on Noteholders and Couponholders.

In the event of the Notes becoming due for redemption, the Early Redemption Amount may be less than the principal amount of the Notes being redeemed.

(d) Redemption at the Option of IFFIm

If Call Option is specified hereon, IFFIm may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Trustee and, in accordance with Condition 15, to the Noteholders (or such other notice period as may be specified hereon) redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn by lot in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements. So long as the Notes are listed on the Luxembourg Stock Exchange or any other stock exchange and the rules of the relevant stock exchange so require,

IFFIm shall, once in each year in which there has been a partial redemption of the Notes, cause to be published either on the website of the Luxembourg Stock Exchange (*www.bourse.lu*) or in a leading newspaper of general circulation in Luxembourg or as specified by such other stock exchange, a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(e) Redemption at the Option of Noteholders

If Put Option is specified hereon, IFFIm shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' irrevocable notice to IFFIm (or such other notice period as may be specified hereon), redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying and Transfer Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Paying and Transfer Agent at its specified office, together with a duly completed option exercise notice ("Exercise Notice") in the form obtainable from any Paying and Transfer Agent or the Registrar (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in Clause 6.4 of the Agency Agreement) without the prior consent of IFFIm.

(f) Partly Paid Notes

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified hereon.

(g) Purchases

IFFIm may purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(h) Cancellation

All Notes purchased by or on behalf of IFFIm shall be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to or to the order of the Principal Paying and Transfer Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, shall, together with all Notes redeemed by IFFIm, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of IFFIm in respect of any such Notes shall be discharged.

7. Payments and Talons

(a) Bearer Notes

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying and Transfer Agent outside the United States and its possessions by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. "Bank" means a bank in the

principal financial centre for such currency (to the extent such bank is outside the United States) or in the case of euro in a city in which banks have access to the TARGET2 System.

(b) Registered Notes

- (i) Payments of principal (which for the purposes of this Condition 7(b) shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes shall be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Certificates at the specified office of any of the Paying and Transfer Agents or of the Registrar and in the manner provided in sub-paragraph (ii) below.
- (ii) Interest (which for the purpose of this Condition 7(b) shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof or in the case of Registered Notes to be cleared through DTC, on the fifteenth DTC business day before the due date for payment thereof (the "Record Date"). For the purpose of this Condition 7(b), "DTC business day" means any day on which DTC is open for business. Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Paying and Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

(c) Payments through DTC

Registered Notes, if specified in the applicable Pricing Supplement, will be issued in the form of one or more Rule 144A Global Certificates and may be registered in the name of, or in the name of a nominee for, DTC. Payments of principal and interest in respect of Registered Notes denominated in U.S. dollars will be made in accordance with Conditions 7(b)(i) and 7(b)(ii). Payments of principal and interest in respect of Registered Notes registered in the name of, or in the name of a nominee for, DTC and denominated in a Specified Currency other than U.S. dollars will be made or procured to be made by the Principal Paying and Transfer Agent in the Specified Currency in accordance with the following provisions. The amounts in such Specified Currency payable by the Principal Paying and Transfer Agent or its agent to DTC or DTC's nominee with respect to Registered Notes held by DTC or DTC's nominee will be received from IFFIm by the Principal Paying and Transfer Agent who will make payments in such Specified Currency by wire transfer of same day funds to, in the case of Notes registered in the name of DTC's nominee, such nominee, or otherwise the designated bank account in such Specified Currency of those DTC participants entitled to receive the relevant payment who have made an irrevocable election to DTC, in the case of interest payments, on or prior to the third DTC business day after the Record Date for the relevant payment of interest and, in the case of payments or principal, at least 12 DTC business days prior to the relevant payment date, to receive that payment in such Specified Currency. The Principal Paying and Transfer Agent, after the Exchange Agent has converted amounts in such Specified Currency into U.S. dollars, will cause the Exchange Agent to deliver such U.S. dollar amount in same day funds to DTC's nominee for payment through the DTC settlement system to those DTC participants entitled to receive the relevant payment who did not elect to receive such payment in such Specified Currency. The Agency Agreement sets out the manner in which such conversions are to be made.

(d) Payments in the United States

Notwithstanding Condition 7(a), if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying and Transfer Agent in New York City in the same manner as aforesaid if (i) IFFIm shall

have appointed Paying and Transfer Agents with specified offices outside the United States with the reasonable expectation that such Paying and Transfer Agents would be able to make payment of the amounts on the Notes outside the United States in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the sole opinion of IFFIm, any adverse tax consequence to IFFIm.

(e) Payments subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(f) Appointment of Agents

The Principal Paying and Transfer Agent, the Paying and Transfer Agents, the Registrar and the Calculation Agent initially appointed by IFFIm and their respective specified offices are listed below. The Principal Paying and Transfer Agent, the Paying and Transfer Agents, the Registrar and the Calculation Agent act solely as agents of IFFIm and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. IFFIm reserves the right at any time with the approval of the Trustee to vary or terminate the appointment of the Principal Paying and Transfer Agent, any other Paying and Transfer Agent, the Registrar or the Calculation Agent(s) and to appoint additional or other Paying and Transfer Agents or Calculation Agent(s), provided that IFFIm shall at all times maintain (i) a Principal Paying and Transfer Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Paying and Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where these Conditions so require, (v) a Paying and Transfer Agent in a jurisdiction (which shall be Luxembourg so long as the Notes are listed on the Luxembourg Stock Exchange) within continental Europe other than the jurisdiction in which IFFIm is incorporated, and (vi) such other agents as may be required by any other stock exchange on which the Notes may be listed in each case, as approved by the Trustee.

In addition, IFFIm shall forthwith appoint a Paying and Transfer Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 7(d) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(g) Unmatured Coupons and Receipts and unexchanged Talons

- (i) Upon the due date for redemption of Bearer Notes which are Fixed Rate Notes (other than Dual Currency Notes or Index Linked Notes), they should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount or Early Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) Upon the due date for redemption of any Bearer Note which is a Floating Rate Note, Dual Currency Note or Index Linked Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Bearer Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as IFFIm may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(h) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying and Transfer Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(i) Non-Business Days

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "business day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as "Financial Centres" hereon and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a TARGET2 Business Day.

(j) FATCA Withholding

If any payment in respect of the Notes or the Coupons by IFFIm or any Paying and Transfer Agent is subject to deduction or withholding imposed pursuant to or in connection with Sections 1471-1474 of the U.S. Internal Revenue Code (or Treasury regulations or guidance issued thereunder), including any deduction or withholding pursuant to any agreement with the U.S. Internal Revenue Service, any inter-governmental agreement or any legislation adopted by any non-U.S. jurisdiction in connection with those provisions ("FATCA"), the amount so deducted or withheld will be treated as paid under the Notes or the Coupons for all purposes, and no additional amounts will be paid on the Notes or the Coupons with respect to such deduction or withholding.

8. Taxation

All payments of principal and interest by or on behalf of IFFIm in respect of the Notes, the Receipts and the Coupons shall be made free and clear of, and without withholding or deduction for, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the United Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, IFFIm shall pay such additional amounts as shall result in receipt by the Noteholders and Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (a) to, or to a third party on behalf of, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the United Kingdom other than the mere holding of the Note, Receipt or Coupon or who would be able to avoid such withholding or deduction by making a declaration of non-residence or other similar claim for exemption but fails to do so; or
- (b) presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date (as defined in Condition 5(l)) except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day, assuming that day to have been a business day (as defined in Condition 7(i) above); or
- (c) presented (or in respect of which the Definitive Note or Certificate representing it is presented) for payment in the United Kingdom.

For the avoidance of doubt, no additional amounts will be paid on the Notes or the Coupons with respect to any amounts deducted or withheld from a payment on the Notes or the Coupons pursuant to or in connection with FATCA, as described in Condition 7(j).

9. Prescription

Claims against IFFIm for payment in respect of the Notes, Receipts and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them, subject to the provisions of Condition 7(g).

10. Events of Default

If any one or more of the following events (each an "Event of Default") occurs, and the Trustee gives written notice to IFFIm of such Event of Default, then, upon or at any time after the 30th calendar day following the date of such notice, and provided that such event is then continuing, the Trustee at its discretion may, and if so requested by holders of at least one-fifth in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution (as defined in the Note Trust Deed) shall (provided that the Trustee shall have been indemnified and/or secured to its satisfaction), give notice to IFFIm that the Notes are, and they shall immediately become, due and payable at their Early Redemption Amount together with accrued interest:

(a) Payment Default

If IFFIm defaults in the payment of any sum due in respect of the Notes, or any of them, and such default continues for 90 calendar days;

(b) Cross-Default

If (i) any Indebtedness for Borrowed Money of IFFIm becomes due and repayable prematurely by reason of an event of default (however described); (ii) IFFIm fails to make any payment in respect of any Indebtedness for Borrowed Money on the due date for payment as extended by any originally applicable grace period; or (iii) default is made by IFFIm in making any payment due under any guarantee and/or indemnity given by it in relation to any Indebtedness for Borrowed Money of any other person, on

the due date for payment as extended by any originally applicable grace period contained in the instrument pursuant to which such guarantee or indemnity is given; and

(c) IFFIm Gearing Ratio Default

If on any day the IFFIm Gearing Ratio exceeds 100 per cent. and remains above 100 per cent. on each of the 150 calendar days following such day. A certificate of any director as to the IFFIm Gearing Ratio at any point in time shall be conclusive and binding on all parties.

The liability of IFFIm to pay any amount due under the Notes, Coupons and Receipts shall be limited to the net proceeds of the realisation of all the assets of IFFIm and to the extent of the Noteholders', Couponholders' and Receiptholders' entitlements pursuant to the Note Trust Deed. If such amount is insufficient to pay all IFFIm's obligations under the Notes, Coupons and Receipts and under the Note Trust Deed in full for any reason, IFFIm shall have no obligation to make up the insufficiency. Any insufficiency shall be borne by Noteholders, Couponholders and Receiptholders *pro rata* and *pari passu*.

IFFIm has undertaken in the Note Trust Deed that, within 14 days of its annual audited financial statements being made available to its members and also within 14 days after any request by the Trustee, it will send to the Trustee a certificate of IFFIm signed by any director, to the effect that, to the best of the knowledge, information and belief of IFFIm (having made all reasonable enquiries), as at a date not more than five days prior to the date of the certificate no Event of Default or event or circumstance that could with the giving of notice, lapse of time and/or issue of a certificate become an Event of Default has occurred or, if such an event has occurred, giving details of it.

11. Enforcement

Only the Trustee may pursue the remedies available under the Note Trust Deed to enforce the rights of the Noteholders and Couponholders, but it shall not be bound to take any such proceedings or to take any other action in relation to the Note Trust Deed, the Notes, the Receipts or the Coupons unless (i) it shall have been so directed by an Extraordinary Resolution or so requested by the holders of at least one-fifth in nominal amount of the Notes then outstanding and (ii) it shall have been indemnified and/or secured to its satisfaction, and none of the Noteholders or Couponholders is entitled to proceed directly against IFFIm unless the Trustee, having become bound to proceed in accordance with the terms of the Note Trust Deed, fails to do so within a reasonable period and such failure is continuing.

12. Meetings of Noteholders, Modification, Waiver and Substitution

(a) Meetings of Noteholders

The Note Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of these Conditions or any provisions of the Note Trust Deed. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount is specified hereon to reduce any such Minimum and/or

Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount or the Early Redemption Amount including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, (viii) to modify the provisions of the Note Trust Deed concerning this exception, (ix) to sanction the exchange or substitution for the Notes of, or the conversion of the Notes into, shares, bonds or other obligations or securities of IFFIm or any other entity, (x) to approve the substitution of any entity for IFFIm (or any previous substitute) as principal debtor under this Note Trust Deed, or (xi) to modify Condition 4, in which case, subject to the Conditions and without prejudice to any powers conferred on other persons by the Note Trust Deed, the necessary quorum shall be two or more persons holding or representing not less than 75 per cent. or at any adjourned meeting not less than 25 per cent. in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

(b) Modification, Waiver, Authorisation or Determination

The Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Note Trust Deed or the Conditions, that is in its opinion of a formal, minor or technical nature or is made to correct a manifest error or an error which, in the opinion of the Trustee, is proven, and (ii) any other modification to the Note Trust Deed or the Conditions, or any waiver, authorisation or determination in respect of any such provision that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders (except as mentioned in the Note Trust Deed). Any such modification, authorisation, waiver or determination shall be binding on the Noteholders and the Couponholders and, if the Trustee so requires, shall be notified to the Noteholders as soon as practicable.

(c) Substitution

The Note Trust Deed contains provisions permitting the Trustee to agree, without the consent of the Noteholders or the Couponholders, to the substitution of any other person in place of IFFIm, or of any previous substituted company, as principal debtor under the Note Trust Deed and the Notes, Receipts and Coupons, subject to the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution, and certain other conditions set out in the Note Trust Deed being complied with (including that such substitutions shall not result in or downgrading of the rating formally assigned to the Notes).

(d) Entitlement of the Trustee

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from IFFIm any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

13. Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority requirements, at the specified office of the Principal Paying and Transfer Agent (in the case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying and Transfer Agent, as the case may be, as may from time to time be designated by IFFIm for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence and indemnity (which may provide,

inter alia, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to IFFIm on demand the amount payable by IFFIm in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as IFFIm may reasonably require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14. Further Issues

IFFIm may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the Notes, in the case of Bearer Notes initially represented by interests in a Temporary Bearer Global Note exchangeable for interests in a Permanent Bearer Global Note or definitive Bearer Notes upon certification of non-U.S. beneficial ownership, following exchange of interests in the Temporary Bearer Global Note into interests in the Permanent Bearer Global Note or definitive Bearer Notes. References in these Conditions to “Notes” shall be construed accordingly. The Note Trust Deed contains provisions for convening a single meeting of the holders of the Notes and the holders of notes of other specified series in certain circumstances where the Trustee so decides.

15. Notices

Notices to the holders of Registered Notes shall be mailed by first class post to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing and so long as the Notes are listed on the Luxembourg Stock Exchange, published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a daily newspaper with general circulation in Luxembourg (which is expected to be *Luxemburger Wort*). Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the Financial Times) and so long as the Notes are listed on the Luxembourg Stock Exchange, published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a daily newspaper with general circulation in Luxembourg (which is expected to be *Luxemburger Wort*). If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe approved by the Trustee. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

16. Indemnification and Obligations of the Trustee

The Note Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is not obliged or required to take any action under the Note Trust Deed which may involve it in incurring any personal liability or expense unless indemnified and/or secured to its satisfaction. The Trustee and any affiliate are entitled to enter into business transactions with IFFIm without accounting to the Noteholders for profit resulting therefrom.

The Trustee is not responsible for supervising the performance by any other person duly appointed under the Note Trust Deed of its obligations to IFFIm.

The Note Trust Deed provides that in acting as Trustee under the Note Trust Deed the Trustee shall not assume any duty or responsibility to any person other than the Noteholders and shall have regard solely to the interests of the Noteholders.

17. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

18. Governing Law and Jurisdiction

(a) Governing Law

The Note Trust Deed, the Notes, the Receipts, the Coupons and the Talons are governed by, and shall be construed in accordance with, English law, unless (in relation to the Notes, Receipts, Coupons and Talons) as otherwise set out in the Pricing Supplement applicable to any Notes.

(b) Jurisdiction

The courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons may be brought in such courts. IFFIm has in the Note Trust Deed irrevocably submitted to the jurisdiction of such courts.

CLEARING AND SETTLEMENT

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the "Clearing Systems") currently in effect. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of IFFIm, the Arranger nor any Dealer will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. The relevant Pricing Supplement will specify the Clearing System(s) applicable for each Series.

Book-Entry Ownership

Bearer Notes

Bearer Notes have been accepted for clearance through the Euroclear and/or Clearstream, Luxembourg book-entry systems. In respect of Bearer Notes, a Temporary Regulation S Global Note and/or a Permanent Regulation S Global Note in bearer form without coupons may be deposited with a common depository for Euroclear and/or Clearstream, Luxembourg or an Alternative Clearing System (as defined herein) as agreed between IFFIm and the relevant dealer. Transfers of interests in such Temporary Regulation S Global Notes or Permanent Regulation S Global Notes will be made in accordance with the normal euomarket debt securities operating procedures of Euroclear and Clearstream, Luxembourg or, if appropriate, the Alternative Clearing System. Each Global Note deposited with a common depository on behalf of Euroclear and Clearstream, Luxembourg will have an ISIN and a Common Code.

Registered Notes

Registered Notes have been accepted for clearance through the Euroclear and/or Clearstream, Luxembourg book-entry systems, with such Notes to be represented by a Regulation S Global Certificate or (in the case of Rule 144A Registered Notes) a Rule 144A Global Certificate. Each Regulation S Global Certificate or (in the case of Rule 144A Registered Notes) Rule 144A Global Certificate deposited with a nominee for Euroclear and/or Clearstream, Luxembourg will have an ISIN and a Common Code.

IFFIm and a relevant U.S. agent appointed for such purpose that is an eligible DTC participant may make an application to DTC for acceptance in its book-entry settlement system of the Registered Notes represented by a Rule 144A Global Certificate. Each such Rule 144A Global Certificate will have a CUSIP number. Each Rule 144A Global Certificate and Regulation S Global Certificate will be subject to restrictions on transfer contained in a legend appearing on the front of such Global Certificate, as set out in "*Transfer Restrictions*". In certain circumstances, as described below in "*Transfers of Registered Notes*", transfers of interests in a Rule 144A Global Certificate may be made as a result of which such legend may no longer be required.

In the case of a Tranche of Registered Notes to be cleared through the facilities of DTC, the custodian with whom the Rule 144A Global Certificates are deposited, and DTC, will electronically record the nominal amount of the Rule 144A Registered Notes held within the DTC system. Investors in Notes of such Tranche may hold their beneficial interests in a Regulation S Global Certificate only through Euroclear or Clearstream, Luxembourg. Investors may hold their beneficial interests in a Rule 144A Global Certificate directly through DTC if they are participants in the DTC system or indirectly through organisations which are participants in such system. Rule 144A Registered Notes issued by IFFIm will be cleared through DTC.

Payments of the principal of and interest on each Rule 144A Global Certificate registered in the name of DTC's nominee will be made, if denominated in U.S. dollars in accordance with Conditions 7(b)(i) and 7(b)(ii), and if denominated in a Specified Currency other than U.S. dollars, will be made or procured to be made to or to the order of its nominee as the registered owner of such Rule 144A Global Certificate. IFFIm expects that the nominee, upon receipt of any such payment, will immediately credit DTC participants' accounts with payments in amounts proportionate to their respective beneficial interests in the nominal amount of the relevant Rule 144A Global Certificate as shown on the records of DTC or the nominee. IFFIm also expects that payments by DTC participants to owners of beneficial interests in such Rule 144A Global Certificate held through such DTC

participants to be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such DTC participants. None of IFFIm nor any Paying and Transfer Agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of ownership interests in the Rule 144A Global Certificates or for maintaining, supervising or reviewing any records relating to such ownership interests.

All Registered Notes will initially be in the form of a Regulation S Global Certificate and/or (in the case of Rule 144 Registered Notes) a Rule 144A Global Certificate. Individual Certificates will only be available, in the case of Notes initially represented by a Regulation S Global Certificate, in amounts specified in the applicable Pricing Supplement, and, in the case of Notes initially represented by a Rule 144A Global Certificate, in a minimum aggregate holding per investor of U.S.\$100,000 (or its equivalent rounded upwards as agreed between IFFIm and the relevant Dealer(s)), or such other amount as may be agreed between IFFIm and the relevant Dealer(s).

Transfers of Registered Notes

Transfers of interests in Global Certificates within Euroclear, Clearstream, Luxembourg and DTC will be in accordance with the usual rules and operating procedures of the relevant clearing system. The laws of some states in the United States require that certain persons take physical delivery in definitive form of securities. Consequently, the ability to transfer interests in a Global Certificate to such persons may be limited. Because DTC can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Rule 144A Global Certificate to pledge such interest to persons or entities that do not participate in DTC, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest.

Beneficial interests in a Regulation S Global Certificate may only be held through Euroclear or Clearstream, Luxembourg. In the case of Registered Notes to be cleared through Euroclear, Clearstream, Luxembourg and/or DTC, transfers may be made at any time by a holder of an interest in a Regulation S Global Certificate to a transferee who wishes to take delivery of such interest through the Rule 144A Global Certificate for the same Series of Notes provided that any such transfer made on or prior to the expiration of the Distribution Compliance Period (as used in "*Subscription and Sale*") relating to the Notes represented by such Regulation S Global Certificate will only be made upon receipt by the Registrar or any Paying and Transfer Agent of a written certificate from Euroclear or Clearstream, Luxembourg, as the case may be (based on a written certificate from the transferor of such interest), to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities law of any state of the United States or any other jurisdiction. Any such transfer made thereafter of the Notes represented by such Regulation S Global Certificate will only be made upon request through Euroclear or Clearstream, Luxembourg by the holder of an interest in the Regulation S Global Certificate to the Principal Paying and Transfer Agent of details of that account at either Euroclear or Clearstream, Luxembourg or DTC to be credited with the relevant interest in the Rule 144A Global Certificate. Transfers at any time by a holder of any interest in the Rule 144A Global Certificate to a transferee who takes delivery of such interest through a Regulation S Global Certificate will only be made upon delivery to the Registrar or any Paying and Transfer Agent of a certificate setting forth compliance with the provisions of Regulation S or Rule 144 under the Securities Act, as applicable, and giving details of the account at Euroclear or Clearstream, Luxembourg, as the case may be, and/or DTC to be credited and debited, respectively, with an interest in the relevant Global Certificates.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described above and in "*Transfer Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream, Luxembourg accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the custodian, the Registrar and the Principal Paying and Transfer Agent.

Cross-market transfers between accountholders in Euroclear or Clearstream, Luxembourg and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Euroclear and Clearstream, Luxembourg, on the other, transfers of interests in the relevant Global Certificates will be

effected through the Principal Paying and Transfer Agent, the Custodian and the Registrar receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. Transfers are expected to be effected on the later of (i) three business days after the trade date for the disposal of the interest in the relevant Global Certificate resulting in such transfer and (ii) two business days after receipt by the Principal Paying and Transfer Agent or the Registrar, as the case may be, of the necessary certification or information to effect such transfer. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free of delivery basis and arrangements for payment must be made separately.

For a further description of restrictions on transfer of Registered Notes, see “*Transfer Restrictions*”.

IFFIm understands that DTC will take any action permitted to be taken by a holder of Registered Notes (including, without limitation, the presentation of Rule 144A Global Certificates for exchange as described above) only at the direction of one or more participants in whose account with DTC interests in Rule 144A Global Certificates are credited and only in respect of such portion of the aggregate nominal amount of the relevant Rule 144A Global Certificates as to which such participant or participants has or have given such direction. However, in the circumstances described in “*Summary of Provisions Relating to the Notes while in Global Form*”, DTC will surrender the relevant Rule 144A Global Certificates for exchange for Individual Certificates (which will, in the case of Rule 144A Registered Notes, bear the legend applicable to transfers pursuant to Rule 144A).

IFFIm understands that DTC is a limited purpose trust company organised under the laws of the State of New York, a “banking organisation” under the laws of the State of New York, a member of the U.S. Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic computerised book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. Indirect access to DTC is available to others, such as banks, securities brokers, dealers and trust companies, that clear through or maintain a custodial relationship with a DTC direct participant, either directly or indirectly.

Although Euroclear, Clearstream, Luxembourg and DTC have agreed to the foregoing procedures in order to facilitate transfers of beneficial interests in the Global Certificates among participants and accountholders of Euroclear, Clearstream, Luxembourg and DTC, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of IFFIm, nor any Paying and Transfer Agent will have any responsibility for the performance by Euroclear, Clearstream, Luxembourg or DTC or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

While a Rule 144A Global Certificate is lodged with DTC or its custodian, Rule 144A Registered Notes represented by Individual Certificates will not be eligible for clearing or settlement through Euroclear, Clearstream, Luxembourg or DTC.

Individual Certificates

Registration of title to Registered Notes in a name other than a depository or its nominee for Euroclear and Clearstream, Luxembourg or for DTC will be permitted only (i) in the case of Rule 144A Global Certificates in the circumstances set forth in “*Summary of Provisions Relating to the Notes while in Global Form — Exchange — Rule 144A Global Certificates*” or (ii) in the case of Regulation S Global Certificates in the circumstances set forth in “*Summary of Provisions Relating to the Notes while in Global Form — Exchange — Regulation S Global Certificates*”. In such circumstances, IFFIm will cause sufficient Individual Certificates to be executed and delivered to the Registrar for completion, authentication and despatch to the relevant Noteholder(s). A person having an interest in a Global Certificate must provide the Registrar with:

- (i) a written order containing instructions and such other information as IFFIm and the Registrar may require to complete, execute and deliver such Individual Certificates; and
- (ii) in the case of a Rule 144A Global Certificate only, a fully completed, signed certification substantially to the effect that the exchanging holder is not transferring its interest at the time of such exchange, or in the case of a simultaneous resale pursuant to Rule 144A, a certification that the transfer is being made to a qualified institutional buyer in compliance with the provisions of Rule 144A. Individual Certificates issued pursuant to this paragraph (ii) shall bear the legends applicable to transfers pursuant to Rule 144A.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Terms capitalised but not defined in this section bear the meanings given to them in the Note Trust Deed.

1 Initial Issue of Notes

If the Global Notes are stated in the relevant Pricing Supplement to be issued in NGN form, they will be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper. Depositing the Global Notes with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form and Certificates may be delivered on or prior to the original issue date of the Tranche to the Common Depository.

For Bearer Notes, if the Global Note is a CGN, upon the initial deposit of a Global Note with the Common Depository for Euroclear and Clearstream, Luxembourg, or (for Registered Notes) upon registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

Where the D Rules are applicable, Bearer Notes will be issued initially in the form of a Temporary Regulation S Global Note, exchangeable upon U.S. tax certification for a Permanent Regulation S Global Note or Definitive Notes.

For Rule 144A Registered Notes, upon the initial deposit of a Rule 144A Global Certificate in respect of and registration of Rule 144A Registered Notes in the name of a nominee for DTC and delivery of the relevant Global Certificate to the custodian for DTC, DTC will credit each participant with a nominal amount of Rule 144A Registered Notes equal to the nominal amount thereof for which it has subscribed and paid.

If (for Bearer Notes) the Global Note is an NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of such clearing system at that time.

Notes that are initially deposited with the Common Depository or the Common Safekeeper, as the case may be, may also be credited to the accounts of subscribers with (if indicated in the relevant Pricing Supplement) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

2 Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, DTC, or any other permitted clearing system (each an "Alternative Clearing System") as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg, DTC, or any such Alternative Clearing System (as the case may be) for his share of each payment made by IFFIm to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, DTC, or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against IFFIm in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of IFFIm will be

discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

3 Exchange

3.1 Temporary Regulation S Global Notes

Each Temporary Regulation S Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Pricing Supplement indicates that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “*Overview of the Programme — Selling Restrictions*”), in whole, but not in part, for the Definitive Bearer Notes defined and described below; and
- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership for interests in a Permanent Regulation S Global Note or, if so provided in the relevant Pricing Supplement, for Definitive Bearer Notes.

Each Temporary Regulation S Global Note that is also an Exchangeable Bearer Note will be exchangeable for Regulation S Registered Notes in accordance with the Conditions in addition to any Permanent Regulation S Global Note or Definitive Bearer Notes for which it may be exchangeable and, before its Exchange Date, will also be exchangeable in whole or in part for Regulation S Registered Notes only.

3.2 Permanent Regulation S Global Notes

Each Permanent Regulation S Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as discussed under “*Partial Exchange of Permanent Regulation S Global Notes*” below, in part, for Definitive Bearer Notes or, if the Permanent Regulation S Global Note is also an Exchangeable Bearer Note, Regulation S Registered Notes:

- (i) if the Permanent Regulation S Global Note is an Exchangeable Bearer Note, by the holder giving notice to the Principal Paying and Transfer Agent of its election to exchange the whole or part of the Permanent Regulation S Global Note for Regulation S Registered Notes; or
- (ii) if the Permanent Regulation S Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so; or
- (iii) if IFFIm has or will become subject to adverse tax consequences as a result of change in the domicile of IFFIm that would not occur were the exchange to be effected.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination may need to purchase or sell, on or before the relevant Exchange Date, a principal amount of Notes such that their holding is an integral multiple of a Specified Denomination.

3.3 Regulation S Global Certificates

If the Pricing Supplement states that the Notes are to be represented by a Regulation S Global Certificate on issue, the following will apply in respect of exchanges of Notes held in Euroclear or Clearstream, Luxembourg or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Exchanges of the holding of Notes represented by any Regulation S Global Certificate into Individual Certificates may only be made in part:

- (i) if the relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (ii) if IFFIm has or will become subject to adverse tax consequences as a result of change in the domicile of IFFIm that would not occur were the exchange to be effected,

provided that, in the case of the first transfer of part of a holding pursuant to (i) above, the holder has given the Registrar not less than 30 days' notice at its specified office of the holder intention to effect such transfer. Individual Certificates issued in exchange for a beneficial interest in a Regulation S Global Certificate prior to the expiration of the Distribution Compliance Period (as used in "*Subscription and Sale*") shall bear the legend applicable to such Notes as set out in "*Transfer Restrictions*".

3.4 Rule 144A Global Certificates

If the Pricing Supplement states that the Rule 144A Registered Notes are to be represented by a Rule 144A Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear, Clearstream, Luxembourg, DTC or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Exchanges of the holding of Notes represented by any Rule 144A Global Certificate into Individual Certificates may only be made in part:

- (i) if such Notes are held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System (except for DTC), and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so;
- (ii) if such Notes are held on behalf of a custodian for DTC and if DTC notifies IFFIm that it is no longer willing or able to discharge properly its responsibilities as depository with respect to that Rule 144A Global Certificate or DTC ceases to be a "clearing agency" registered under the Exchange Act or is at any time no longer eligible to act as such, and IFFIm is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of DTC; or
- (iii) if IFFIm has or will become subject to adverse tax consequences as a result of change in the domicile of IFFIm that would not occur were the exchange to be effected,

provided that, in the case of the first transfer of part of a holding pursuant to (i) and (ii) above, the holder has given the Registrar not less than 30 days' notice at its specified office of the holder's intention to effect such transfer. Individual Certificates issued in exchange for a beneficial interest in a Rule 144A Global Certificate shall bear the legend applicable to such Notes as set out in "*Transfer Restrictions*".

3.5 Partial Exchange of Permanent Regulation S Global Notes

For so long as a Permanent Regulation S Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such Permanent Regulation S Global Note will be exchangeable in part on one or more occasions (1) for Regulation S Registered Notes if the Permanent Regulation S Global Note is an Exchangeable Bearer Note and the part submitted for exchange is to be exchanged for Regulation S Registered Notes, or (2) for Definitive Bearer Notes if so provided in, and in

accordance with, the Conditions (which will be set out in the relevant Pricing Supplement) relating to Partly Paid Notes.

3.6 Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Principal Paying and Transfer Agent. In exchange for any Global Note, or the part thereof to be exchanged, IFFIm will (i) in the case of a Temporary Regulation S Global Note exchangeable for a Permanent Regulation S Global Note, deliver, or procure the delivery of, a Permanent Regulation S Global Note in an aggregate nominal amount equal to that of the whole or that part of a Temporary Regulation S Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Regulation S Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Bearer Notes or Regulation S Registered Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Bearer Notes and/or Regulation S Certificates, as the case may be or (iii) if the Global Note is an NGN, procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. Definitive Bearer Notes will be security printed and Regulation S Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the schedules to the Note Trust Deed. On exchange in full of each Permanent Regulation S Global Note, IFFIm will, if the holder so requests, procure that it is cancelled and returned to the holder, and that the relevant Definitive Bearer Notes and/or Regulation S Certificates are sent to the holders thereof.

3.7 Exchange Date

“Exchange Date” means, in relation to a Temporary Regulation S Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a Permanent Regulation S Global Note, a day falling not less than 60 days, or in the case of an exchange for Regulation S Registered Notes five days, after (a) (in respect of an exchange pursuant to (i) or (iii) (as the case may be) under paragraph 3.2 above) that on which the notice requiring exchange is given or (b) the 15th consecutive day on which a clearing system is closed for business as described in (ii) under paragraph 3.2 above, and in each case, on which banks are open for business in the city in which the specified office of the Principal Paying and Transfer Agent is located and, except in the case of exchange pursuant to (b) above, in the cities in which Euroclear and Clearstream, Luxembourg or, if relevant, the Alternative Clearing System, are located.

4 Amendment to Conditions

The Temporary Regulation S Global Notes, Permanent Regulation S Global Notes and Global Certificates will contain provisions that apply to the Notes that they represent, some of which modify the effect of the Conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

4.1 Payments

No payment falling due after the Exchange Date will be made on any Temporary Regulation S Global Note unless, upon due presentation of the Temporary Regulation S Global Note for exchange for an interest in a Permanent Regulation S Global Note or for Definitive Bearer Notes or Regulation S Registered Notes, payment is improperly withheld or refused. Payments on any Temporary Regulation S Global Note issued in compliance with the D Rules before the Exchange Date will only be made to the extent that there has been certification as to non-U.S. beneficial ownership dated no earlier than the due date for such payment. All payments in respect of CGNs represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Principal Paying and Transfer Agent or such other Paying

and Transfer Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes. If the Global Note is a NGN, IFFIm shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Each payment so made will discharge IFFIm's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

4.2 Prescription

Claims against IFFIm in respect of Notes that are represented by a Permanent Regulation S Global Note or Global Certificate will become void unless it is presented for payment within a period of 10 years (in the case of principal) and 5 years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 5(c)).

4.3 Meetings

At any meeting of Noteholders, the holder of a Permanent Regulation S Global Note or of the Notes represented by a Global Certificate shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. All holders of Registered Notes are entitled to one vote in respect of each Note comprising such Noteholder's holding, whether or not represented by a Global Certificate.

4.4 Cancellation

Cancellation of any Note represented by a Permanent Regulation S Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant Permanent Regulation S Global Note.

4.5 Purchase

Notes represented by a Permanent Regulation S Global Note may only be purchased by IFFIm if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

4.6 NGN nominal amount

Where the Global Note is an NGN, IFFIm shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, shall be entered in the records of the relevant clearing systems and, upon any such entry being made, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

4.7 Issuer's Option

Any option of IFFIm provided for in the Conditions of any Notes while such Notes are represented by a Permanent Regulation S Global Note shall be exercised by IFFIm giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the certificate numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of IFFIm is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg, DTC or any other applicable clearing system (to be reflected in the records of Euroclear and Clearstream, Luxembourg, DTC or any other applicable clearing system as either a pool factor or a reduction in nominal amount, at their discretion) or the relevant clearing system (as the case may be).

4.8 Noteholders' Option

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a Permanent Regulation S Global Note may be exercised by the holder of the Permanent Regulation S Global Note giving notice to the Principal Paying and Transfer Agent within the time limits relating to the deposit of Notes with a Paying and Transfer Agent, substantially in the form of notice available from any Paying and Transfer Agent, except that the notice shall not be required to contain the certificate numbers of the Notes in respect of which the option has been exercised and shall state the principal amount of Notes in respect of which the option is exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Principal Paying and Transfer Agent, or to a Paying and Transfer Agent acting on behalf of the Principal Paying and Transfer Agent, for notation. Where the Global Note is a NGN, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

4.9 Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Registered Notes and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or the relevant Global Certificate.

4.10 Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note, except that, so long as the Notes are listed on the Luxembourg Stock Exchange's regulated market and the rules of that exchange so require, notices shall also be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper having general circulation in Luxembourg (which is expected to be *Luxemburger Wort*).

4.11 Record Date

Each payment in respect of the Global Certificates will be made to the person shown as the holder of the Registered Note at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**"), where the "**Clearing System Business Day**" means a day on which each clearing system for which the Global Certificate is being held is open for business.

5 Partly Paid Notes

The provisions relating to Partly Paid Notes are not set out in this Prospectus, but will be contained in the relevant Pricing Supplement and thereby in the Global Notes. While any instalments of the subscription moneys due from the holder of Partly Paid Notes are overdue, no interest in a Global Note representing such Notes may be exchanged for an interest in a Permanent Regulation S Global Note or for Definitive Bearer Notes or Certificates (as the case may be). If any Noteholder fails to pay any instalment due on any Partly Paid Notes within the time specified, IFFIm may forfeit such Notes and shall have no further obligation to their holder in respect of them.

USE OF PROCEEDS

The net proceeds from the issue of each Tranche of Notes will be used by IFFIm to fund its general operations and will primarily, and subject to the provisions of, *inter alia*, the Finance Framework Agreement, be transferred by IFFIm from time to time to Gavi following receipt by IFFIm of a duly completed Disbursement Request. Funds transferred to Gavi will be applied to fund Approved Programmes.

The following sections provide summaries of the immunisation and vaccine procurement programmes approved by IFFIm.

Country Specific Programmes:

Governments of Eligible Countries apply for vaccine procurement, immunisation and HSS support by submitting applications to Gavi. Once it has reviewed and approved the applications, Gavi requests funding from the IFFIm structure. IFFIm funds have supported the following Gavi Alliance Country Specific programmes:

New and Underused Vaccine Support (“NVS”) programmes: Gavi supports developing countries in introducing vaccines and associated vaccine technology. Gavi’s support is aimed at accelerating the countries’ vaccine uptake and improving their vaccine supply security. NVS programmes funded by IFFIm related primarily to the following diseases:

Diphtheria: This is a bacterial infection transmitted from person to person through close physical and respiratory contact. The disease can be fatal. Between 5 per cent. and 10 per cent. of diphtheria patients die, even if properly treated. If left untreated, the disease claims even more lives.

Haemophilus Influenzae Type B (“Hib”): This is a bacterial infection estimated to be responsible for some three million serious illnesses and an estimated 200,000 child deaths per

year, mainly through meningitis and pneumonia. Almost all victims are children under the age of five.

Hepatitis B: This is a viral infection that attacks the liver and can cause both acute and chronic disease. An estimated 250 million people worldwide are chronically infected. More than 880,000 people die each year due to the acute or chronic consequences of hepatitis B. About 25 per cent. of adults who become chronically infected during childhood later die from liver cancer or cirrhosis (scarring of the liver) caused by the chronic infection.

Human Papillomavirus (“HPV”): This is the leading cause of cervical cancer and the second most common cancer in women worldwide. Of the estimated 266,000 women who die each year from cervical cancer, more than 85 per cent. are from developing countries, where women often lack access to cervical cancer screening and treatment. In Gavi-supported countries, cervical cancer is the leading cause of cancer deaths among women. Without changes in prevention and control, cervical cancer deaths are expected to increase to 416,000 each year by 2035, virtually all in developing countries. HPV vaccines can protect against the strains that cause up to 90 per cent. of cervical cancer cases, and together with screening and treatment could rapidly reduce the burden of cervical cancer. However, in developing countries where women often lack access to those services, vaccines before exposure to HPV are critical to prevention.

Measles: This is a highly contagious virus, whose symptoms include a high fever, severe skin rash, and a cough. Measles still kills almost 350,000 people each year, mostly children under five years of age. Because it is so contagious, measles remains a significant threat to child health even in those areas where the rates of measles are reduced. By weakening the immune system, measles can also lead to other health problems such as pneumonia, blindness, diarrhoea, and encephalitis.

Meningitis A: This disease causes epidemics which threaten the lives of 450 million people living in the meningitis belt, which stretches through 25 African countries from Gambia in the west to Eritrea in the east. The disease causes a painful inflammation of the lining around the brain and the spine that can kill people within 24 to 48 hours. Those who survive often face severe learning difficulties, deafness, or amputated limbs. Children and young adults are most at risk.

Pertussis: Also known as whooping cough, pertussis is a disease of the respiratory tract caused by bacteria that live in the mouth, nose, and throat. Many children who contract pertussis have coughing spells that last four to eight weeks. The disease is most dangerous in infants. The WHO estimated that pertussis caused 195,000 deaths in 2008.

Pneumococcal Disease: This is a bacterial infection and is the leading cause of pneumonia. Each year, pneumococcal disease takes the lives of approximately 500,000 children under five years of age, making it the leading vaccine-preventable cause of death among young children. The most effective way to prevent these deaths is to ensure access to effective, safe and affordable vaccines. In addition to pneumonia, pneumococcal disease is responsible for meningitis, which can leave survivors with permanent disabilities.

Rotavirus: This virus is the leading cause of severe and fatal diarrhoea in children under five years of age. More than 500,000 children under five die from diarrhoeal disease each year. Nearly every child in the world will suffer a rotavirus infection by their third birthday. While rotavirus infects children in every country, more than 95 per cent. of rotavirus deaths occur in low-income countries in Africa and Asia, where access to treatment for severe rotavirus-related diarrhoea is limited or unavailable.

Rubella: This is also known as “German measles”. While very contagious it causes relatively mild disease in children. More than 100,000 children are born with the birth defects (blindness, deafness and heart defects), known as Congenital Rubella Syndrome (“CRS”), each year – of

which 80 per cent. live in Gavi's eligible countries. The vaccine has been available since the 1970s and no longer poses a threat in many countries, but it remains underused in some regions, particularly Africa and South Asia. Working with the Measles & Rubella Initiative, Gavi has helped to introduce the rubella vaccine in combination with measles, including supporting second dose and follow-up vaccination campaigns.

Tetanus: Also known as lockjaw, tetanus is a bacterial infection. Tetanus affects newborn babies and their mothers, usually as a result of unsafe delivery in unhygienic conditions, often without skilled birth attendants. WHO estimated that tetanus caused 49,000 deaths of newborn children in 2013.

Yellow Fever: This is a viral disease that has caused large epidemics in Africa and the Americas. Infection causes a wide spectrum of disease, from mild symptoms to severe illness and death. Although an effective vaccine has been available for over 60 years, the number of people infected over the last two decades has increased and yellow fever is again a serious public health issue.

Injection Safety Support ("INS") programmes: Gavi Alliance contributes to the provision of auto-disable syringes, reconstitution syringes and safety boxes. These syringes and safety boxes facilitate the administering of vaccines in developing countries.

Immunisation Services Support ("ISS") programmes: Gavi Alliance provides developing countries with flexible reward payments for strengthening their immunisation systems. These payments are subject to strict performance requirements and the Gavi Alliance works with governments and inter-agency coordinating committees to set goals and monitor progress.

Health System Strengthening ("HSS") programmes: The objective of HSS programmes is to achieve and sustain increased immunisation coverage, through strengthening the capacity of countries' systems to provide immunisation and other health services. Countries are encouraged to use HSS funding to target the "bottlenecks" or barriers in their health systems.

Vaccine Introduction Grant: Recognising that introduction of a new vaccine can imply additional costs for a country's health system, Gavi provides additional support to bridge this resource gap. This support takes the form of an upfront cash grant and is used by implementing countries to pay for costs such as training, social mobilisation, programme management surveillance and monitoring.

Investment Cases

From time to time, IFFIm funds one-time tactical investments in disease prevention and control. These investments are made through Gavi partners such as the United Nations Children's Fund ("UNICEF") and WHO. Each investment targets a disease that constrains progress towards the United Nations Millennium Development Goals for improved child and maternal health. To date, IFFIm has helped to fund the following investment cases:

Yellow Fever Stockpiles: Gavi supported the creation and maintenance of yellow fever vaccine stockpiles to ensure that vaccines are ready for deployment as soon as an outbreak is identified. The stockpiles also help to secure supply for routine programmes. IFFIm funds were used for both outbreak response and preventative campaigns.

Polio Eradication: Gavi supported intensified eradication activities that were implemented to interrupt wild and vaccine-derived poliovirus transmission. These activities included sustaining polio surveillance and laboratory activities, improving social mobilisation and enhancing technical assistance.

Measles Mortality Reduction: Gavi supported efforts to reduce the level of mortality from measles. Each year, measles kills almost 350,000 children globally, mostly those under the age of five. The measles mortality reduction campaign is a partnership among several global health and development agencies to address this major childhood disease. Measles vaccination campaigns have become a channel for the delivery of other life-saving interventions, such as bed nets, de-worming medicine and vitamin supplements.

Maternal and Neonatal Tetanus: Gavi supported a campaign to eliminate maternal and neonatal tetanus. Maternal and neonatal tetanus continues to burden the most poorly served populations in the poorest countries in the world. The campaign was implemented to build on existing efforts to improve clean delivery practices and immunisation services in these populations.

Pentavalent Payment Guarantee: In 2007, Gavi provided a prepayment of funds to guarantee the purchase of pentavalent vaccine over a 3-year period in order to stimulate increased supply from manufacturers and to encourage new manufacturers to enter the market. A single shot of pentavalent vaccine immunises against five infectious diseases: diphtheria, tetanus, pertussis, Hib and hepatitis B. The easy-to-administer liquid formulation pentavalent vaccine has played a significant part in the increase in uptake of the Hib and hepatitis B vaccines. Availability of IFFIm funding secures and stabilises Gavi's capacity to supply pentavalent vaccine. As a result, new manufacturers have been incentivised to enter the market, including in emerging markets, which has increased supply security and reduced the price of the vaccine.

Yellow Fever Continuation: In March 2009, Gavi, IFFIm and GFA boards approved funding for an extension and expansion of Gavi's original yellow fever investment case described above. The additional funds allowed for increased and extended yellow fever vaccine coverage and also helped offset higher than expected vaccine prices.

Meningitis Eradication: Gavi supported efforts to eliminate meningococcal A meningitis epidemics in 25 African countries that were estimated to be home to approximately 95 per cent. of the world's meningococcal meningitis burden. Meningococcal meningitis is a bacterial disease that mainly affects children and can result in death or permanent disability.

From its inception to 30 June 2018, IFFIm approved the following amounts to help fund Gavi's investment cases:

Investment Cases	U.S.\$ (Millions)
Yellow fever stockpile	101
Polio eradication	191
Measles mortality reduction	139
Maternal and neonatal tetanus	62
Pentavalent payment guarantee*	181
Meningitis eradication	68
Total Investment Case approvals	561

* Pentavalent payment guarantee funds are accounted for under country specific programmes as these funds have been used to support purchase of pentavalent vaccines in Gavi Eligible countries.

SUMMARY OF GRANT AGREEMENTS

The following is a summary of the terms of the Grant Agreements entered into as of the date of this Prospectus between the Grantors and IFFIm. This summary is qualified in its entirety by the specific terms of each Grant Agreement, which are available as described in the section entitled "General Information" on pages 115-116, and should be read and construed in accordance therewith.

Parties

- (1) The relevant Grantor; and
- (2) IFFIm.

Grant Payments

Subject to the Grant Payment Condition, the relevant Grantor irrevocably and unconditionally undertakes to pay to IFFIm the Grant Payments, in the amounts and on the dates set out in a schedule to the relevant Grant Agreement.

If a Grantor does not make a Grant Payment on a due date, then IFFIm shall be entitled to pursue all rights available to it.

Grant Payment Condition

Each Grant Payment is subject to the condition that if, based on publicly available information released by the IMF as of the Relevant Date for that Grant Payment, any one or more Specified Countries forming part of the Reference Portfolio is in Protracted Arrears in meeting any of its IMF Financial Obligations, the Grant Payment will automatically be reduced by an amount equal to the aggregate of the Reduction Amounts, as determined by the Treasury Manager, for each such Specified Country.

No Reduction Amount will apply to any Grant Payment to be paid by a Grantor on any Grant Payment Date in respect of any Specified Country forming part of the Reference Portfolio unless the Specified Country is in Protracted Arrears in meeting any of its IMF Financial Obligations based on publicly available information released by the IMF as of the Relevant Date for that Grant Payment (notwithstanding the fact that any such Specified Country may previously have been in Protracted Arrears).

Termination of Obligations

In the event that the relevant Grantor receives notification under the Finance Framework Agreement from the Treasury Manager that all of IFFIm's obligations to its creditors (including all Noteholders) have been fully discharged or provided for, then that Grantor's payment obligations under the relevant Grant Agreement shall be terminated.

Tax Gross-up

Each Grant Agreement contains gross-up provisions providing that, should any tax be deductible from any Grant Payment due to a change in applicable law of the jurisdiction of the Grantor following the date of the relevant Grant Agreement, then the relevant Grantor is required to pay such additional amounts as may be required to ensure that the Grant Payment is made in full.

An indemnity is also provided on terms that a Grantor shall (within 40 days of demand) pay an amount equal to the loss, liability or cost which IFFIm will or has (directly or indirectly) suffered for or on account of tax due to a change in applicable law in respect of the relevant Grant Agreement, subject to certain exceptions.

Indemnity

Each Grant Agreement also provides for the relevant Grantor to indemnify IFFIm against any reasonable cost, loss or liability incurred by IFFIm as a result of failure, or delay, to pay any sum due from that Grantor pursuant to the relevant Grant Agreement.

Undertakings

The relevant Grantor undertakes to obtain and maintain all authorisations required to enable it to perform its obligations under the relevant Grant Agreement or to ensure the legality, validity, enforceability or admissibility in evidence of the relevant Grant Agreement in the relevant jurisdiction of

the Grantor, and to notify IFFIm of any breach of its representations and warranties under the Finance Framework Agreement.

Governing Law

Each Grant Agreement is governed by English law (save for the Grant Agreements entered into by the Republic of Italy, the Kingdom of Spain and the State of the Netherlands, which are governed by Italian law, Spanish law and Dutch law, respectively).

Each Grantor which enjoys immunity from jurisdiction or service of process has given a waiver of such immunity. However, each Grantor enjoys a form of immunity from execution, attachment or similar enforcement proceedings against its assets, and none of the Grantors has waived any such immunity.

Assignment

Each Grant Agreement entered into prior to 8 February 2013 was originally entered into between the relevant Grantor and The GAVI Fund Affiliate. Pursuant to the Deeds of Assignment, The GAVI Fund Affiliate then immediately and absolutely assigned and transferred to IFFIm all of its rights, title, benefit, interest and obligations under the relevant Grant Agreement, including with respect to the relevant Grant Payments. The GAVI Fund Affiliate gave notice, in or substantially in the form set out in the Grant Agreement, to the relevant Grantor of such assignment or transfer and the relevant Grantor acknowledged such notice in writing. The rights, title, benefit, interest and obligations under each Grant Agreement (including with respect to the Grant Payments thereunder) assigned or transferred to IFFIm shall not be capable of being further assigned, transferred or otherwise disposed of in any manner whatsoever (whether absolutely or by way of security) without the prior written consent of the Grantor.

Pursuant to the Second Deed of Novation, on 8 February 2013 The GAVI Fund Affiliate transferred by novation all of its remaining duties, liabilities, covenants, undertakings and obligations under each Grant Agreement to Gavi and thereby ceased for all purposes to be involved with IFFIm in the arrangements described above. After 8 February 2013, any further Grantors will enter into Grant Agreements from time to time directly with Gavi, which will then assign to IFFIm the right to receive Grant Payments under those Grant Agreements pursuant to Deeds of Assignment in the same form as those described above.

The Grantor may transfer any of its rights, title, interest and obligations to any appropriate ministry or government agency of the relevant Grantor of the same or higher credit standing provided that such transfer is notified to IFFIm.

TAXATION

United Kingdom Taxation

The comments below are of a general nature, are based on current United Kingdom law and published HM Revenue & Customs ("HMRC") practice relating only to United Kingdom withholding tax treatment of payments of interest (as that term is understood for United Kingdom tax purposes) in respect of Notes and are not intended to be exhaustive. They apply only to persons who are absolute beneficial owners of Notes, and do not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. Some aspects may not apply to certain classes of person (such as persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders may be subject to tax in a jurisdiction other than the United Kingdom. If you are in any doubt as to your own tax position you should consult an independent professional adviser immediately.

Interest on the Notes

The Notes issued will constitute "quoted Eurobonds" within the meaning of section 987 of the Income Tax Act 2007 ("ITA") provided they carry a right to interest and are and continue to be listed on a recognised stock exchange, within the meaning of section 1005 ITA. On the basis of HMRC's published interpretation of the relevant legislation, securities which are officially listed by a competent authority in a country which is a Member State for the time being of the European Union or which is part of the European Economic Area and which are admitted to trading on a recognised stock exchange in that country will satisfy this requirement.

In Luxembourg, the Commission de Surveillance du Secteur Financier is a competent authority and the Luxembourg Stock Exchange is a recognised stock exchange. Assuming this remains the case, securities will be treated as listed on the official list of the Luxembourg Stock Exchange, and will therefore constitute quoted Eurobonds, so long as they are admitted to trading on the regulated market of the Luxembourg Stock Exchange and carry a right to interest.

Whilst the Notes are and continue to be quoted Eurobonds, payments of interest on the Notes may be made without withholding or deduction for or on account of United Kingdom tax.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases it may be necessary to make a withholding on account of United Kingdom income tax at the basic rate (currently 20 per cent.) from payments of interest on the Notes. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty); and other exemptions are potentially available.

Where Notes are issued at an issue price of less than 100 per cent. of their principal amount (i.e. at a discount), any payments in respect of the accrued discount element on any such Notes will not generally be made subject to any withholding or deduction for or on account of United Kingdom income tax as long as they do not constitute payments in respect of interest.

United States Taxation

The following is a summary of certain U.S. federal income tax consequences of the ownership and disposition of Registered Notes by a U.S. Holder (as defined below). This summary does not address the U.S. federal income tax consequences of every type of Note which may be issued under the Programme (such as Index-Linked Notes and certain contingent payment debt instruments), and the relevant Pricing Supplement may contain additional or modified disclosure concerning the U.S. federal income tax consequences relevant to such type of Note as appropriate. This summary deals only with purchasers of Notes that are U.S. Holders and that will hold the Notes as capital assets. The discussion does not cover all aspects of U.S. federal income taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on, the acquisition, ownership or disposition of Notes by particular investors, and does not address state, local, non-U.S. or tax laws

other than U.S. federal income tax law. This summary also does not address any alternative minimum tax or Medicare contribution tax considerations or the special tax accounting rules under Section 451(b) of the Internal Revenue Code of 1986, as amended (the "Code"), which may require U.S. investors to conform the timing of their income accruals to their financial statements. Further, this summary does not discuss all of the tax considerations that may be relevant to certain types of investors subject to special treatment under the U.S. federal income tax laws (such as financial institutions, insurance companies, individual retirement accounts and other tax-deferred accounts, tax-exempt organisations, dealers in securities, investors that will hold the Notes as part of straddles or integrated transactions for U.S. federal income tax purposes, investors whose functional currency is not the U.S. dollar or persons holding Notes in connection with a trade or business conducted outside the United States). This summary addresses only Notes that are treated as debt for U.S. federal income tax purposes. This summary does not apply to holders of Bearer Notes. A U.S. Holder who owns a Bearer Note will generally be subject to certain penalties under U.S. federal income tax law.

As used herein, the term "U.S. Holder" means a beneficial owner of Notes that is, for U.S. federal income tax purposes, (i) a citizen or individual resident of the United States, (ii) a corporation created or organised in or under the laws of the United States or any state therein or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or the trust has elected to be treated as a domestic trust for U.S. federal income tax purposes.

The U.S. federal income tax treatment of a partner in a partnership that holds Notes will depend on the status of the partner and the activities of the partnership. Prospective purchasers that are partnerships and their partners should consult their tax advisers concerning the U.S. federal income tax consequences to them of the acquisition, ownership and disposition of Notes.

The summary is based on the tax laws of the United States including the Code, its legislative history, existing and proposed Treasury regulations thereunder, published rulings and court decisions, all as at the date hereof and all subject to change at any time, possibly with retroactive effect.

THE SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF ACQUIRING, OWNING AND DISPOSING OF THE NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF STATE, LOCAL, NON-U.S. AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

Stated Interest

Interest on a Note, whether payable in U.S. dollars or a currency, composite currency or basket of currencies other than U.S. dollars (a "foreign currency"), other than interest on a "Discount Note" that is not "qualified stated interest" (each as defined below under "Original Issue Discount — General"), will be taxable to a U.S. Holder as ordinary income at the time it is received or accrued, depending on the U.S. Holder's method of accounting for U.S. federal income tax purposes. Interest paid by IFFIm on the Notes and OID (as defined below), if any, accrued with respect to the Notes (as described below under "Original Issue Discount") generally will constitute income from sources outside the United States for purposes of the foreign tax credit limitation.

Original Issue Discount

General

A Note, other than a Note with a term of one year or less (taking into account the last possible date that the Note could be outstanding under its terms and hereafter, a "Short-Term Note"), will be treated as issued with an original issue discount for U.S. federal income tax purposes ("OID") if the excess of the Note's "stated redemption price at maturity" over its issue price is equal to or more than a *de minimis* amount (0.25 per cent. of the Note's stated redemption price at maturity multiplied by the number of complete years to its maturity). Such Notes are referred to herein as "Discount Notes". An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an "instalment obligation") will be treated as a Discount Note if the excess of the Note's stated redemption price at maturity over its issue price is equal to or greater than 0.25 per cent. of the Note's stated redemption price at maturity multiplied by the weighted average maturity of the Note. A Note's

weighted average maturity is the sum of the following amounts determined for each payment on a Note (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the Note's stated redemption price at maturity. Generally, the issue price of a Note will be the first price at which a substantial amount of Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Note is the total of all payments provided by the Note that are not payments of "qualified stated interest". A qualified stated interest payment is generally any one of a series of stated interest payments on a Note that are unconditionally payable at least annually at a single fixed rate (with certain exceptions for lower rates paid during some periods), or a variable rate (in the circumstances described below under "Variable Interest Rate Notes"), applied to the outstanding principal amount of the Note. Solely for the purpose of determining whether a Note has OID, IFFIm will be deemed to exercise any unconditional call option that has the effect of decreasing the yield on the Note, and the U.S. Holder will be deemed to exercise any unconditional put option that has the effect of increasing the yield on the Note. If a Note has *de minimis* OID, a U.S. Holder must include the *de minimis* amount in income (generally as capital gain) as stated principal payments are made on the Note, unless it makes the election described below under "Original Issue Discount — Election to Treat All Interest as Original Issue Discount". A U.S. Holder can determine the includible amount with respect to each such payment by multiplying the total amount of the Note's *de minimis* OID by a fraction equal to the amount of the principal payment made, divided by the stated principal amount of the Note.

U.S. Holders of Discount Notes must include OID in income as it accrues (regardless of their method of accounting), calculated on a constant-yield basis, before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Notes. The amount of OID includible in income by a U.S. Holder of a Discount Note is the sum of the daily portions of OID with respect to the Discount Note for each day during the taxable year or portion of the taxable year on which the U.S. Holder holds the Discount Note ("accrued OID"). The daily portion is determined by allocating to each day in any "accrual period" a *pro rata* portion of the OID allocable to that accrual period. Accrual periods with respect to a Note may be of any length selected by the U.S. Holder and may vary in length over the term of the Note as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Note occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period equals the excess of (a) the product of the Discount Note's adjusted issue price at the beginning of the accrual period and the Discount Note's yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Note allocable to the accrual period. The "adjusted issue price" of a Discount Note at the beginning of any accrual period is the issue price of the Note increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Note that were not qualified stated interest payments.

Acquisition Premium

A U.S. Holder that purchases a Discount Note for an amount less than or equal to the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price (any such excess being "acquisition premium") and that does not make the election described below under "Election to Treat All Interest as Original Issue Discount", is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the U.S. Holder's tax basis in the Note immediately after its purchase over the Note's adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, over the Note's adjusted issue price.

Fungible Issue

IFFIm may, without the consent of the Holders of outstanding Notes, issue additional Notes with identical terms. These additional Notes, even if they are treated for non-tax purposes as part of the same series as the original Notes, in some cases may be treated as a separate series for U.S. federal income tax purposes. In such a case, the additional Notes may be considered to have been

issued with OID even if the original Notes had no OID, or the additional Notes may have a greater amount of OID than the original Notes. These differences may affect the market value of the original Notes if the additional Notes are not otherwise distinguishable from the original Notes.

Market Discount

A Note, other than a Short-Term Note, generally will be treated as purchased at a market discount (a “Market Discount Note”) if the Note’s stated redemption price at maturity or, in the case of a Discount Note, the Note’s “revised issue price”, exceeds the amount for which the U.S. Holder purchased the Note by at least 0.25 per cent. of the Note’s stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Note’s maturity (or, in the case of a Note that is an instalment obligation, the Note’s weighted average maturity). If this excess is not sufficient to cause the Note to be a Market Discount Note, then the excess constitutes “*de minimis* market discount”. For this purpose, the “revised issue price” of a Note generally equals its issue price, increased by the amount of any OID that has accrued on the Note and decreased by the amount of any payments previously made on the Note that were not qualified stated interest payments.

Any gain recognised on the maturity or disposition of a Market Discount Note (including any payment on a Note that is not qualified stated interest) will be treated as ordinary income to the extent of the accrued market discount on the Note. Alternatively, a U.S. Holder of a Market Discount Note may elect to include market discount in income as it accrues over the life of the Note. This election will apply to all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year to which the election applies. This election may not be revoked without the consent of the Internal Revenue Service (the “IRS”). A U.S. Holder of a Market Discount Note that does not elect to include market discount in income as it accrues will generally be required to defer deductions for interest on borrowings incurred to purchase or carry a Market Discount Note that is in excess of the interest and OID on the Note includible in the U.S. Holder’s income, to the extent that this excess interest expense does not exceed the portion of the market discount allocable to the days on which the Market Discount Note was held by the U.S. Holder.

Market discount will accrue on a straight-line basis unless the U.S. Holder elects to accrue the market discount on a constant-yield method. This election applies only to the Market Discount Note with respect to which it is made and is irrevocable without the consent of the Secretary of the U.S. Treasury.

Election to Treat All Interest as Original Issue Discount

A U.S. Holder may elect to include in gross income all interest that accrues on a Note using the constant-yield method described above under “Original Issue Discount — General”, with certain modifications. For purposes of this election, interest includes stated interest, OID, *de minimis* OID, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium (described below under “Notes Purchased at a Premium”) or acquisition premium. If a U.S. Holder makes this election for the Note, no payments on the Note will be treated as payments of qualified stated interest. This election will generally apply only to the Note with respect to which it is made and may not be revoked without the consent of the IRS. However, if the Note has amortisable bond premium (as described in “Notes Purchased at a Premium” below), the U.S. Holder will be deemed to have made an election to apply amortisable bond premium against interest for all debt instruments with amortisable bond premium, other than debt instruments the interest on which is excludible from gross income, held as of the beginning of the taxable year to which the election applies, or any taxable year thereafter. If the election to apply the constant-yield method to all interest on a Note is made with respect to a Market Discount Note, the electing U.S. Holder will be treated as having made the election discussed above under “Market Discount” to include market discount in income currently over the life of all debt instruments with market discount held or thereafter acquired by the U.S. Holder. U.S. Holders should consult their tax advisers concerning the propriety and consequences of this election.

Variable Interest Rate Notes

Notes that provide for interest at variable rates (“Variable Interest Rate Notes”) are expected to bear interest at a “qualified floating rate” and thus may be treated as “variable rate debt instruments” under Treasury regulations governing accrual of OID. A Variable Interest Rate Note will qualify as a

“variable rate debt instrument” if (a) its issue price does not exceed the total noncontingent principal payments due under the Variable Interest Rate Note by more than a specified *de minimis* amount, (b) it provides for stated interest, paid or compounded at least annually, at (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate, and (c) it does not provide for any principal payments that are contingent (other than as described in (a) above).

A “qualified floating rate” is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Note is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35. A variable rate equal to the product of a qualified floating rate and a fixed multiple that is greater than 0.65 but not more than 1.35, increased or decreased by a fixed rate, will also constitute a qualified floating rate. In addition, two or more qualified floating rates that can reasonably be expected to have approximately the same values throughout the term of the Variable Interest Rate Note (e.g., two or more qualified floating rates with values within 25 basis points of each other as determined on the Variable Interest Rate Note’s issue date) will be treated as a single qualified floating rate. Notwithstanding the foregoing, a variable rate that would otherwise constitute a qualified floating rate but which is subject to one or more restrictions such as restrictions on the amount of increase or decrease in the stated interest rate (i.e., a governor), a maximum numerical limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor) may, under certain circumstances, fail to be treated as a qualified floating rate unless the governor, cap or floor is fixed throughout the term of the Note or if certain other conditions are met.

An “objective rate” is a rate that is not itself a qualified floating rate but that is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of IFFIm (or a related party) or that is unique to the circumstances of IFFIm (or a related party) (although a rate does not fail to be an objective rate merely because it is based on the credit quality of IFFIm). Other variable interest rates may be treated as objective rates if so designated by the IRS in the future. Despite the foregoing, a variable rate of interest on a Variable Interest Rate Note will not constitute an objective rate if it is reasonably expected that the average value of the rate during the first half of the Variable Interest Rate Note’s term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Variable Interest Rate Note’s term. A “qualified inverse floating rate” is any objective rate equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate. If a Variable Interest Rate Note provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period and if the variable rate on the Variable Interest Rate Note’s issue date is intended to approximate the fixed rate (e.g., the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 25 basis points), then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a “current value” of that rate. A “current value” of a rate is the value of the rate on any day that is no earlier than three months prior to the first day on which that value is in effect and no later than one year following that first day.

If a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof qualifies as a “variable rate debt instrument”, then any stated interest on the Variable Interest Rate Note that is unconditionally payable in cash or property (other than debt instruments of IFFIm) at least annually will constitute qualified stated interest and will be taxed accordingly. Thus, a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a “variable rate debt instrument” will generally not be treated as having been issued with OID unless the Variable Interest Rate Note is issued at a “true” discount (i.e., at a price below the Note’s stated principal amount) equals to or greater than a specified *de minimis* amount as described above in “Original Issue Discount – General”. OID on a Variable Interest Rate Note arising from “true” discount is allocated to an accrual period using the constant-yield method

described above under “Original Issue Discount” by assuming that the variable rate is a fixed rate equal to (i) in the case of a qualified floating rate or qualified inverse floating rate, the value, as of the issue date, of the qualified floating rate or qualified inverse floating rate, or (ii) in the case of an objective rate (other than a qualified inverse floating rate), a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note.

In general, any other Variable Interest Rate Note that qualifies as a “variable rate debt instrument” will be converted into an “equivalent” fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Note. Such a Variable Interest Rate Note must be converted into an “equivalent” fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Note with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Note’s issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Note is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note. In the case of a Variable Interest Rate Note that qualifies as a “variable rate debt instrument” and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate (other than an initial fixed rate and a subsequent variable rate that are treated as a single rate, as described above), the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Note provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable Interest Rate Note as of the Variable Interest Rate Note’s issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating rate, the Variable Interest Rate Note is converted into an “equivalent” fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Note is converted into an “equivalent” fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the “equivalent” fixed rate debt instrument by applying the general OID rules to the “equivalent” fixed rate debt instrument and a U.S. Holder of the Variable Interest Rate Note will account for the OID and qualified stated interest as if the U.S. Holder held the “equivalent” fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the “equivalent” fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Note during the accrual period.

If a Variable Interest Rate Note, such as certain Notes the payments on which are determined by reference to an index, does not qualify as a “variable rate debt instrument”, then the Variable Interest Rate Note will be treated as a contingent payment debt obligation. The U.S. federal income tax treatment of Variable Interest Rate Notes that are treated as contingent payment debt obligations may be more fully described in the applicable Pricing Supplement.

Short-Term Notes

A Short-Term Note will be treated as issued with OID. For purposes of determining the amount a Short-Term Note’s OID, the sum of any stated interest and redemption premium payable on the Short-Term Note will be included in its stated redemption price at maturity. In general, an individual or other cash-basis U.S. Holder of a Short-Term Note is not required to accrue OID unless it elects to do so (but should include any stated interest in income as the interest is received). Accrual-basis U.S. Holders and certain other U.S. Holders are required to accrue OID on Short-Term Notes on a straight-line basis or, if the U.S. Holder so elects, under the constant-yield method (based on daily compounding). In the case of a U.S. Holder not required and not electing to include OID in income currently, any gain realized on the sale or retirement of the Short-Term Note will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. U.S. Holders who are not required and do not elect to accrue OID on Short-Term Notes will be required to defer deductions for interest on borrowings allocable to Short-Term Notes in an amount not exceeding the deferred income until the deferred income is realized.

A U.S. Holder may elect to determine OID on a Short-Term Note as if the Short-Term Note had been originally issued to the U.S. Holder at the U.S. Holder's purchase price for the Short-Term Note. This election shall apply to all obligations with a maturity of one year or less acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

Notes Purchased at a Premium

A U.S. Holder that purchases a Note for an amount in excess of its principal amount, or, for a Discount Note, its stated redemption price at maturity, may elect to treat the excess as "amortisable bond premium", in which case the amount required to be included in the U.S. Holder's income each year with respect to interest on the Note will be reduced by the amount of amortisable bond premium allocable (based on the Note's yield to maturity) to that year. Special rules may limit the amount of bond premium that can be amortised during certain accrual periods in the case of Notes that are subject to optional redemption. Any election to amortise bond premium will apply to all bonds with amortisable bond premium (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and is irrevocable without the consent of the IRS. See also "Original Issue Discount — Election to Treat All Interest as Original Issue Discount". A U.S. Holder that does not elect to take bond premium (other than acquisition premium) into account currently generally will recognise capital loss when the Note matures.

Substitution of IFFIm as Issuer

The terms of the Notes provide that, in certain circumstances, the obligations of IFFIm under the Notes may be assumed by another entity. Any such assumption might be treated for U.S. federal income tax purposes as a deemed disposition of Notes by a U.S. Holder in exchange for new notes issued by the new obligor. As a result of this deemed disposition, a U.S. Holder could be required to recognise capital gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the issue price of the new notes (as determined for U.S. federal income tax purposes), and the U.S. Holder's tax basis in the Notes. U.S. Holders should consult their tax advisers concerning the U.S. federal income tax consequences to them of a change in obligor with respect to the Notes (including the possibility that the Notes deemed to be issued by the new obligor may have OID).

Purchase, Sale or Retirement of Notes

A U.S. Holder's adjusted tax basis in a Note will generally be its cost, increased by the amount of any OID or market discount included in the U.S. Holder's income with respect to the Note (including the amount, if any, of income attributable to *de minimis* OID and *de minimis* market discount that the U.S. Holder elected to include in income with respect to the Note), and reduced by (i) the amount of any payments that are not qualified stated interest payments, and (ii) the amount of any amortisable bond premium previously applied to reduce interest on the Note.

A U.S. Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and the adjusted tax basis of the Note. The amount realised does not include the amount attributable to accrued but unpaid interest, which will be taxable as interest income to the extent not previously included in income. Except to the extent described above under "Original Issue Discount — Market Discount" or "Original Issue Discount — Short Term Notes" or attributable to changes in exchange rates (as discussed below), gain or loss recognised on the sale or retirement of a Note will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder's holding period in the Notes exceeds one year.

Gain or loss realised by a U.S. Holder on the sale or retirement of a Note generally will be U.S.-source for purposes of the U.S. foreign tax credit limitation. The deductibility of capital losses is subject to limitations.

Foreign Currency Notes

Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash-basis U.S. Holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual-basis U.S. Holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. Holder, the part of the period within the taxable year).

Under the second method, the U.S. Holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual-basis U.S. Holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Note) denominated in, or determined by reference to, a foreign currency, an accrual-basis U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

OID

OID for each accrual period on a Discount Note that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest accrued by an accrual-basis U.S. Holder, as described above. Upon receipt of an amount attributable to OID (whether in connection with a payment on the Note or a sale of the Note), a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Market Discount

Market Discount on a Note that is denominated in, or determined by reference to, a foreign currency, will be accrued in the foreign currency. If the U.S. Holder elects to include market discount in income currently, the accrued market discount will be translated into U.S. dollars at the average exchange rate for the accrual period (or portion thereof within the U.S. Holder's taxable year). Upon the receipt of an amount attributable to accrued market discount, the U.S. Holder may recognise U.S.-source exchange gain or loss (which will be taxable as ordinary income or loss) determined in the same manner as for accrued interest or OID. A U.S. Holder that does not elect to include market discount in income currently will recognise, upon the disposition or maturity of the Note, the U.S. dollar value of the amount accrued, calculated at the spot rate on that date, and no part of this accrued market discount will be treated as exchange gain or loss.

Bond Premium

Bond premium (including acquisition premium) on a Note that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency. On the date bond premium offsets interest income, a U.S. Holder may recognise U.S.-source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date, and on the date the Notes were acquired by the U.S. Holder. A U.S. Holder that does not elect to take bond premium (other than acquisition premium) into account currently will generally recognise a capital loss when the Note matures.

Sale or Retirement

As discussed above under "Purchase, Sale or Retirement of Notes", a U.S. Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and its tax basis in the Note. A U.S. Holder's tax basis in

a Note that is denominated in a foreign currency will be determined by reference to the U.S. dollar cost of the Note. The U.S. dollar cost of a Note purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase, or the settlement date for the purchase, in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, that are purchased by a cash-basis U.S. Holder (or an accrual-basis U.S. Holder that so elects).

The amount realised on a sale or retirement of a Note for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or retirement, or the settlement date for the sale, in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, sold by a cash-basis U.S. Holder (or an accrual-basis U.S. Holder that so elects). Such an election by an accrual-basis U.S. Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. Holder will recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or retirement of a Note equal to the difference, if any, between the U.S. dollar values of the U.S. Holder's purchase price for the Note (or, if less, the principal amount of the Note) (i) on the date of sale or retirement and (ii) the date on which the U.S. Holder acquired the Note. Any such exchange rate gain or loss (including any exchange gain or loss with respect to the receipt of accrued but unpaid interest) will be realised only to the extent of total gain or loss realised on the sale or retirement.

Disposition of Foreign Currency

Foreign currency received as interest on a Note or on the sale or retirement of a Note will have a tax basis equal to its U.S. dollar value at the time the foreign currency is received. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S. dollars) will be U.S.-source ordinary income or loss.

Backup Withholding and Information Reporting

Payment of interest and sales proceeds that are made within the United States or through certain U.S.-related financial intermediaries generally are subject to information reporting and backup withholding unless (i) the U.S. Holder is an exempt recipient or (ii) in the case of backup withholding, the U.S. Holder provides a correct taxpayer identification number and certifies that it is not subject to backup withholding.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against its U.S. federal income tax liability and may entitle it to a refund, provided that the required information is furnished in a timely fashion to the IRS.

Reportable Transactions

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. A U.S. Holder may be required to treat a foreign currency exchange loss from the Notes as a reportable transaction in certain circumstances if the loss exceeds U.S.\$50,000 in a single taxable year, if the U.S. Holder is an individual or trust, or higher amounts for other non-individual U.S. Holders. In the event the acquisition, holding or disposition of Notes constitutes participation in a reportable transaction for purposes of these rules, a U.S. Holder will be required to file Form 8886 with the IRS. Accordingly, if a U.S. Holder realises a loss on any foreign currency Note satisfying the monetary thresholds discussed above, the U.S. Holder could in certain circumstances be required to file an information return with the IRS, and failure to do so may subject the U.S. Holder to penalties. Prospective purchasers are urged to consult their tax advisers regarding the application of these rules to the acquisition, holding or disposition of Notes.

Financial Assets Reporting

Certain U.S. Holders may be required to report information relating to their ownership of certain foreign financial assets, including securities of non-U.S. persons, subject to certain exceptions (including an exception for securities held through an account maintained with a financial institution, in which case the account itself may be reportable if maintained with a non-U.S. financial institution).

U.S. Holders should consult their tax advisers regarding their reporting obligations with respect to the Notes.

CERTAIN ERISA RESTRICTIONS

The U.S. Employee Retirement Income Security Act of 1974, as amended (“ERISA”) imposes fiduciary standards and certain other requirements on employee benefit plans subject thereto, including collective investment funds, separate accounts, and other entities or accounts whose underlying assets are treated as assets of such plans pursuant to the U.S. Department of Labor “plan assets” regulation, 29 CFR Section 2510.3-101, as modified by Section 3(42) of ERISA (collectively, “ERISA Plans”), and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA’s general fiduciary requirements, including the requirement of investment prudence and diversification and the requirement that an ERISA Plan’s investments be made in accordance with the documents governing the Plan. The prudence of a particular investment will be determined by the responsible fiduciary of an ERISA Plan by taking into account the ERISA Plan’s particular circumstances and all of the facts and circumstances of the investment including, but not limited to, the matters discussed in “Risk Factors” and the fact that in the future there may be no market in which the fiduciary will be able to sell or otherwise dispose of the Notes.

In addition, Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans, accounts or other arrangements that are not subject to ERISA but which are subject to Section 4975 of the Code (together with ERISA Plans, “Plans”)) and certain persons (referred to as “parties in interest” or “disqualified persons”) having certain relationships to such Plans, unless a statutory or administrative exemption applies to the transaction. In particular, a sale or exchange of property or an extension of credit between a Plan and a “party in interest” or “disqualified person” may constitute a prohibited transaction. A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes or other liabilities under ERISA and the Code.

The Issuer, the Arranger or one of the Dealers directly or through their affiliates, may be considered a party in interest or disqualified person with respect to many Plans. Prohibited transactions within the meaning of Section 406 of ERISA or Section 4975 of the Code may arise if the Notes are acquired by a Plan with respect to which the Issuer or an affiliate is a party in interest or a disqualified person, unless the Notes are acquired pursuant to and in accordance with an applicable exemption. Certain exemptions from the prohibited transaction provisions of Section 406 of ERISA and Section 4975 of the Code may apply depending in part on the type of Plan fiduciary making the decision to acquire a Note and the circumstances under which that decision is made. Included among these exemptions are Prohibited Transaction Class Exemption (“PTCE”) 91-38 (relating to investments by bank collective investment funds), PTCE 84-14 (relating to transactions effected by a “qualified professional asset manager”), PTCE 90-1 (relating to investments by insurance company pooled separate accounts), PTCE 95-60 (relating to investments by insurance company general accounts) and PTCE 96-23 (relating to transactions determined by an in-house asset manager). In addition, ERISA Section 408(b)(17) and Section 4975(d)(20) of the Code provide a limited exemption for the purchase and sale of securities and related lending transactions, provided that neither the issuer of the securities nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction, and provided further that the Plan pays no more, and receives no less, than “adequate consideration” (within the meaning of ERISA Section 408(b)(17) and Section 4975(f)(10) of the Code) in connection with the transaction (the “service provider exemption”). There can be no assurance that any of these exemptions or any other exemption will be available with respect to any particular transaction involving the Notes.

Governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA), non-U.S. plans (as described in Section 4(b)(4) of ERISA), and other plans, while not subject to the fiduciary responsibility or prohibited transaction provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to federal, state, local, non-U.S. or other laws that are substantially similar to the fiduciary responsibility and/or the prohibited

transaction provisions of ERISA and Section 4975 the Code. Fiduciaries of any such plans should consult with their counsel before purchasing Notes.

BY ITS PURCHASE AND HOLDING OF A NOTE, EACH PURCHASER AND HOLDER AND EACH TRANSFEREE WILL BE DEEMED TO HAVE REPRESENTED AND WARRANTED AT THE TIME OF ITS PURCHASE AND THROUGHOUT THE PERIOD THAT IT HOLDS SUCH NOTE OR INTEREST THEREIN, THAT (A) EITHER (i) IT IS NOT, AND IS NOT ACTING ON BEHALF OF (AND FOR SO LONG AS IT HOLDS SUCH NOTE (OR ANY INTEREST THEREIN) WILL NOT BE, OR BE ACTING ON BEHALF OF), AN EMPLOYEE BENEFIT PLAN (AS DEFINED IN SECTION 3(3) OF ERISA) SUBJECT TO THE PROVISIONS OF PART 4 OF SUBTITLE B OF TITLE I OF ERISA, A PLAN AS DEFINED IN SECTION 4975 OF THE CODE, INCLUDING AN INDIVIDUAL RETIREMENT ACCOUNT OR OTHER ARRANGEMENT THAT IS SUBJECT TO SECTION 4975 OF THE CODE, OR ANY ENTITY WHOSE UNDERLYING ASSETS INCLUDE "PLAN ASSETS" BY REASON OF INVESTMENT BY SUCH AN EMPLOYEE BENEFIT PLAN OR PLAN PURSUANT TO THE U.S. DEPARTMENT OF LABOR REGULATION SECTION 2510.3-101, AS MODIFIED BY SECTION 3(42) OF ERISA (EACH, A "BENEFIT PLAN INVESTOR") OR A GOVERNMENTAL, CHURCH, NON-U.S. OR OTHER PLAN WHICH IS SUBJECT TO ANY FEDERAL, STATE, LOCAL, NON-U.S. OR OTHER LAWS OR REGULATIONS THAT ARE SUBSTANTIALLY SIMILAR TO THE FIDUCIARY RESPONSIBILITY AND/OR THE PROHIBITED TRANSACTION PROVISIONS OF ERISA AND/OR SECTION 4975 OF THE CODE ("SIMILAR LAWS") AND/OR LAWS OR REGULATIONS THAT PROVIDE THAT THE ASSETS OF THE ISSUER COULD BE DEEMED TO INCLUDE "PLAN ASSETS" OF SUCH PLAN (EACH, AN "OTHER PLAN INVESTOR"), AND NO PART OF THE ASSETS USED BY IT TO PURCHASE OR HOLD A NOTE OR ANY INTEREST THEREIN CONSTITUTES THE ASSETS OF ANY BENEFIT PLAN INVESTOR OR OTHER PLAN INVESTOR OR (ii) ITS ACQUISITION, HOLDING AND DISPOSITION OF A NOTE (OR INTEREST THEREIN) WILL NOT CONSTITUTE OR RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE, OR, IN THE CASE OF OTHER PLAN INVESTORS, WILL NOT CONSTITUTE OR RESULT IN A VIOLATION OF ANY SIMILAR LAWS AND WILL NOT SUBJECT THE ISSUER TO ANY LAWS, RULES OR REGULATIONS APPLICABLE TO SUCH OTHER PLAN INVESTOR SOLELY AS A RESULT OF THE INVESTMENT IN THE ISSUER BY SUCH OTHER PLAN INVESTOR, (B) NEITHER THE ISSUER NOR ANY OF ITS AFFILIATES INTENDS TO BE A "FIDUCIARY" (WITHIN THE MEANING OF ERISA SECTION 3(21) OR, WITH RESPECT TO AN OTHER PLAN INVESTOR, ANY SIMILAR LAWS) WITH RESPECT TO THE PURCHASER OR HOLDER IN CONNECTION WITH SUCH PERSON'S PURCHASE OR HOLDING OF THE NOTES, OR AS A RESULT OF ANY EXERCISE BY THE ISSUER OR ANY OF ITS AFFILIATES OF ANY RIGHTS IN CONNECTION WITH THE NOTES, AND (C) IT WILL NOT SELL OR OTHERWISE TRANSFER ANY SUCH NOTE OR INTEREST THEREIN TO ANY PERSON WITHOUT FIRST OBTAINING THESE SAME FOREGOING DEEMED REPRESENTATIONS, WARRANTIES AND COVENANTS FROM THAT PERSON.

Any fiduciary of a Plan or Other Plan Investor that proposes to cause a Plan or Other Plan Investor to purchase Notes should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA, Section 4975 of the Code and Similar Laws to such an investment, and to confirm that such investment will not constitute or result in a non-exempt prohibited transaction or any other violation of an applicable requirement of ERISA, the Code or Similar Laws.

EACH PURCHASER OF A NOTE WILL HAVE THE EXCLUSIVE RESPONSIBILITY FOR ENSURING THAT ITS PURCHASE, HOLDING AND SUBSEQUENT DISPOSITION OF THE NOTE DOES NOT VIOLATE THE FIDUCIARY OR PROHIBITED TRANSACTION RULES OF ERISA, THE CODE OR ANY SIMILAR LAW. THE SALE OF NOTES TO A PLAN IS IN NO RESPECT A REPRESENTATION BY THE ISSUER THAT SUCH AN INVESTMENT MEETS ALL RELEVANT LEGAL REQUIREMENTS WITH RESPECT TO INVESTMENTS BY PLANS GENERALLY OR ANY PARTICULAR PLAN, OR THAT SUCH AN INVESTMENT IS APPROPRIATE FOR PLANS GENERALLY OR ANY PARTICULAR PLAN.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in a Dealer Agreement dated 3 November 2006 (as amended on 17 December 2007, 12 August 2009 and 31 August 2018, and as further amended or supplemented from time to time) (the "Dealer Agreement") between IFFIm and the Arranger, the Notes will be offered from time to time to one or more Dealers appointed by IFFIm for that purpose. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by IFFIm through the Dealers, acting as agents of IFFIm. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

IFFIm will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. IFFIm has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the establishment of, and any continuing responsibilities relating to, the Programme.

The Dealer Agreement provides that IFFIm will indemnify the Dealers and the Arranger against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to IFFIm.

Selling Restrictions

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S, to qualified institutional buyers (as defined in Rule 144A, each a "QIB") in reliance on Rule 144A, or in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

Notes in bearer form will be issued in accordance with the provisions of the D Rules, or in accordance with the C Rules, as specified in the applicable Pricing Supplement.

In respect of Notes issued in accordance with the D Rules, each Dealer has represented and agreed that:

- (i) except to the extent permitted under the D Rules, (x) it has not offered or sold, and during the restricted period will not offer or sell, Notes to a person who is within the United States or its possessions or to a U.S. person, and (y) such Dealer has not delivered and will not deliver within the United States or its possessions definitive Notes that are sold during the restricted period;
- (ii) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a U.S. person, except as permitted by the D Rules;
- (iii) if such Dealer is a U.S. person, it has represented that it is acquiring the Notes for purposes of resale in connection with their original issuance and if such Dealer retains Notes for its own account, it will only do so in accordance with the requirements of United States Treasury Regulations Section 1.163-5(c)(2)(i)(D)(6) or any successor rule in substantially the same form;
- (iv) with respect to each affiliate that acquires from such Dealer Notes in bearer form for the purposes of offering or selling such Notes during the restricted period, such Dealer either (x) repeats and confirms the agreements contained in sub-clauses (i), (ii) and (iii) on such affiliate's behalf or (y) agrees that it will obtain from such affiliate for the benefit of the Issuer the agreements contained in sub-clauses (i), (ii) and (iii) and
- (v) Such Dealer will obtain for the benefit of IFFIm the representations and agreements contained in sub-clauses (i), (ii), (iii) and (iv) from any person other than its affiliate

with whom it enters into a written contract, as defined in United States Treasury Regulations Section 1.163-5(c)(2)(i)(D)(4) or any successor rule in substantially the same form, for the offer and sale during the restricted period of Notes.

Terms used in the above paragraph have the meanings given to them by the Code and regulations thereunder, including the D Rules.

Notes issued pursuant to the D Rules and any receipts or coupons appertaining thereto will bear the following legend:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

In respect of Notes issued in accordance with the C Rules, Notes must be issued and delivered outside the United States and its possessions in connection with their original issuance. Each Dealer has represented and agreed that, in connection with the original issuance of Notes, it has not offered, sold or delivered and will not offer, sell or deliver, directly or indirectly, Notes issued in accordance with the C Rules within the United States or its possessions and it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such purchaser is within the United States or its possessions and will not otherwise involve its U.S. office in the offer or sale of Notes. Terms used in this paragraph have the meaning given to them by the Code and regulations thereunder, including the C Rules.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will not offer or sell Notes in bearer form in the United States or for the account or benefit of U.S. persons (as defined in Regulation S).

In connection with sales of any Notes which are offered or sold outside the United States in reliance on the exemption from the registration requirements of the Securities Act provided by Regulation S, each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that, except as provided below, it will not offer, sell or, in the case of bearer Notes, deliver Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of an identifiable tranche of which such Notes are a part, as determined and certified to the Principal Paying and Transfer Agent by such Dealer (or, in the case of an identifiable tranche of Notes sold to or through more than one Dealer, by each of such Dealers with respect to Notes of an identifiable tranche purchased by or through it, in which case the Lead Manager (as defined in the Dealer Agreement) shall notify such Dealer when all such Dealers have so certified) (such period, the “Distribution Compliance Period”), within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will send to each Dealer to which it sells Notes during the Distribution Compliance Period (other than resales pursuant to Rule 144A) a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. In addition, the Dealer Agreement provides that the Dealers may directly or through their respective U.S. broker-dealer affiliates arrange for the offer and resale of Registered Notes within the United States only to QIBs in reliance on Rule 144A. The minimum aggregate principal amount of Notes which may be purchased by a QIB pursuant to Rule 144A is U.S.\$100,000 (or the approximate equivalent thereof in any other currency). Purchasers of Notes in the United States offered or sold in reliance on Rule 144A are hereby notified that the Dealer may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A.

In addition, until 40 days after the commencement of the offering of any identifiable tranche of Notes, any offer or sale of Notes of such Tranche within the United States by any dealer (whether or not participating in the offering of such tranche of Notes) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an applicable exemption from registration under the Securities Act.

Any issuance of Index Linked Notes, Dual Currency Notes or Commodity Linked Notes shall be subject to such additional U.S. selling restrictions as IFFIm and the relevant Dealer or Dealers may

agree as a term of the issuance and purchase of such Notes, such additional selling restrictions to be set forth in the applicable Pricing Supplement.

United Kingdom

Each Dealer has represented, warranted and agreed that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the "FSMA") by IFFIm;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to IFFIm; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the "FIEA"). Accordingly, each Dealer represents and agrees that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the FIEA and any other applicable laws, regulation and ministerial guidelines of Japan.

General

These selling restrictions may be modified in relation to a specific Tranche by the agreement of IFFIm and the Relevant Dealer or, if more than one, the Lead Manager on behalf of the Relevant Dealers. In addition, IFFIm may, with the prior agreement of the Arranger, from time to time amend these selling restrictions (other than those relating to the United States of America) in relation to the Programme as a whole by giving notice to the Arranger. Any such amendment shall take effect 30 days after notice of such amendment is given to the Arranger or, if earlier, the date by which the Arranger has confirmed its agreement to such amendment. Any such amendment in relation to a specific Tranche shall be set out in the Subscription Agreement in relation to such Tranche, in the case of a Syndicated Issue, or in the Purchase Information, in the case of a non-Syndicated Issue.

No representation is made that any action has been or will be taken in any jurisdiction that would permit a public offering of any of the Notes outside Luxembourg, or possession or distribution of the Prospectus or any other offering material or any Pricing Supplement, in any other country or jurisdiction where action for that purpose is required.

Each Dealer has agreed that it will, to the best of its knowledge and belief, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Prospectus, any other offering material or any Pricing Supplement at its own expense and neither IFFIm nor any other Dealer shall have responsibility therefor.
